

Sigma_E as a function of altitude

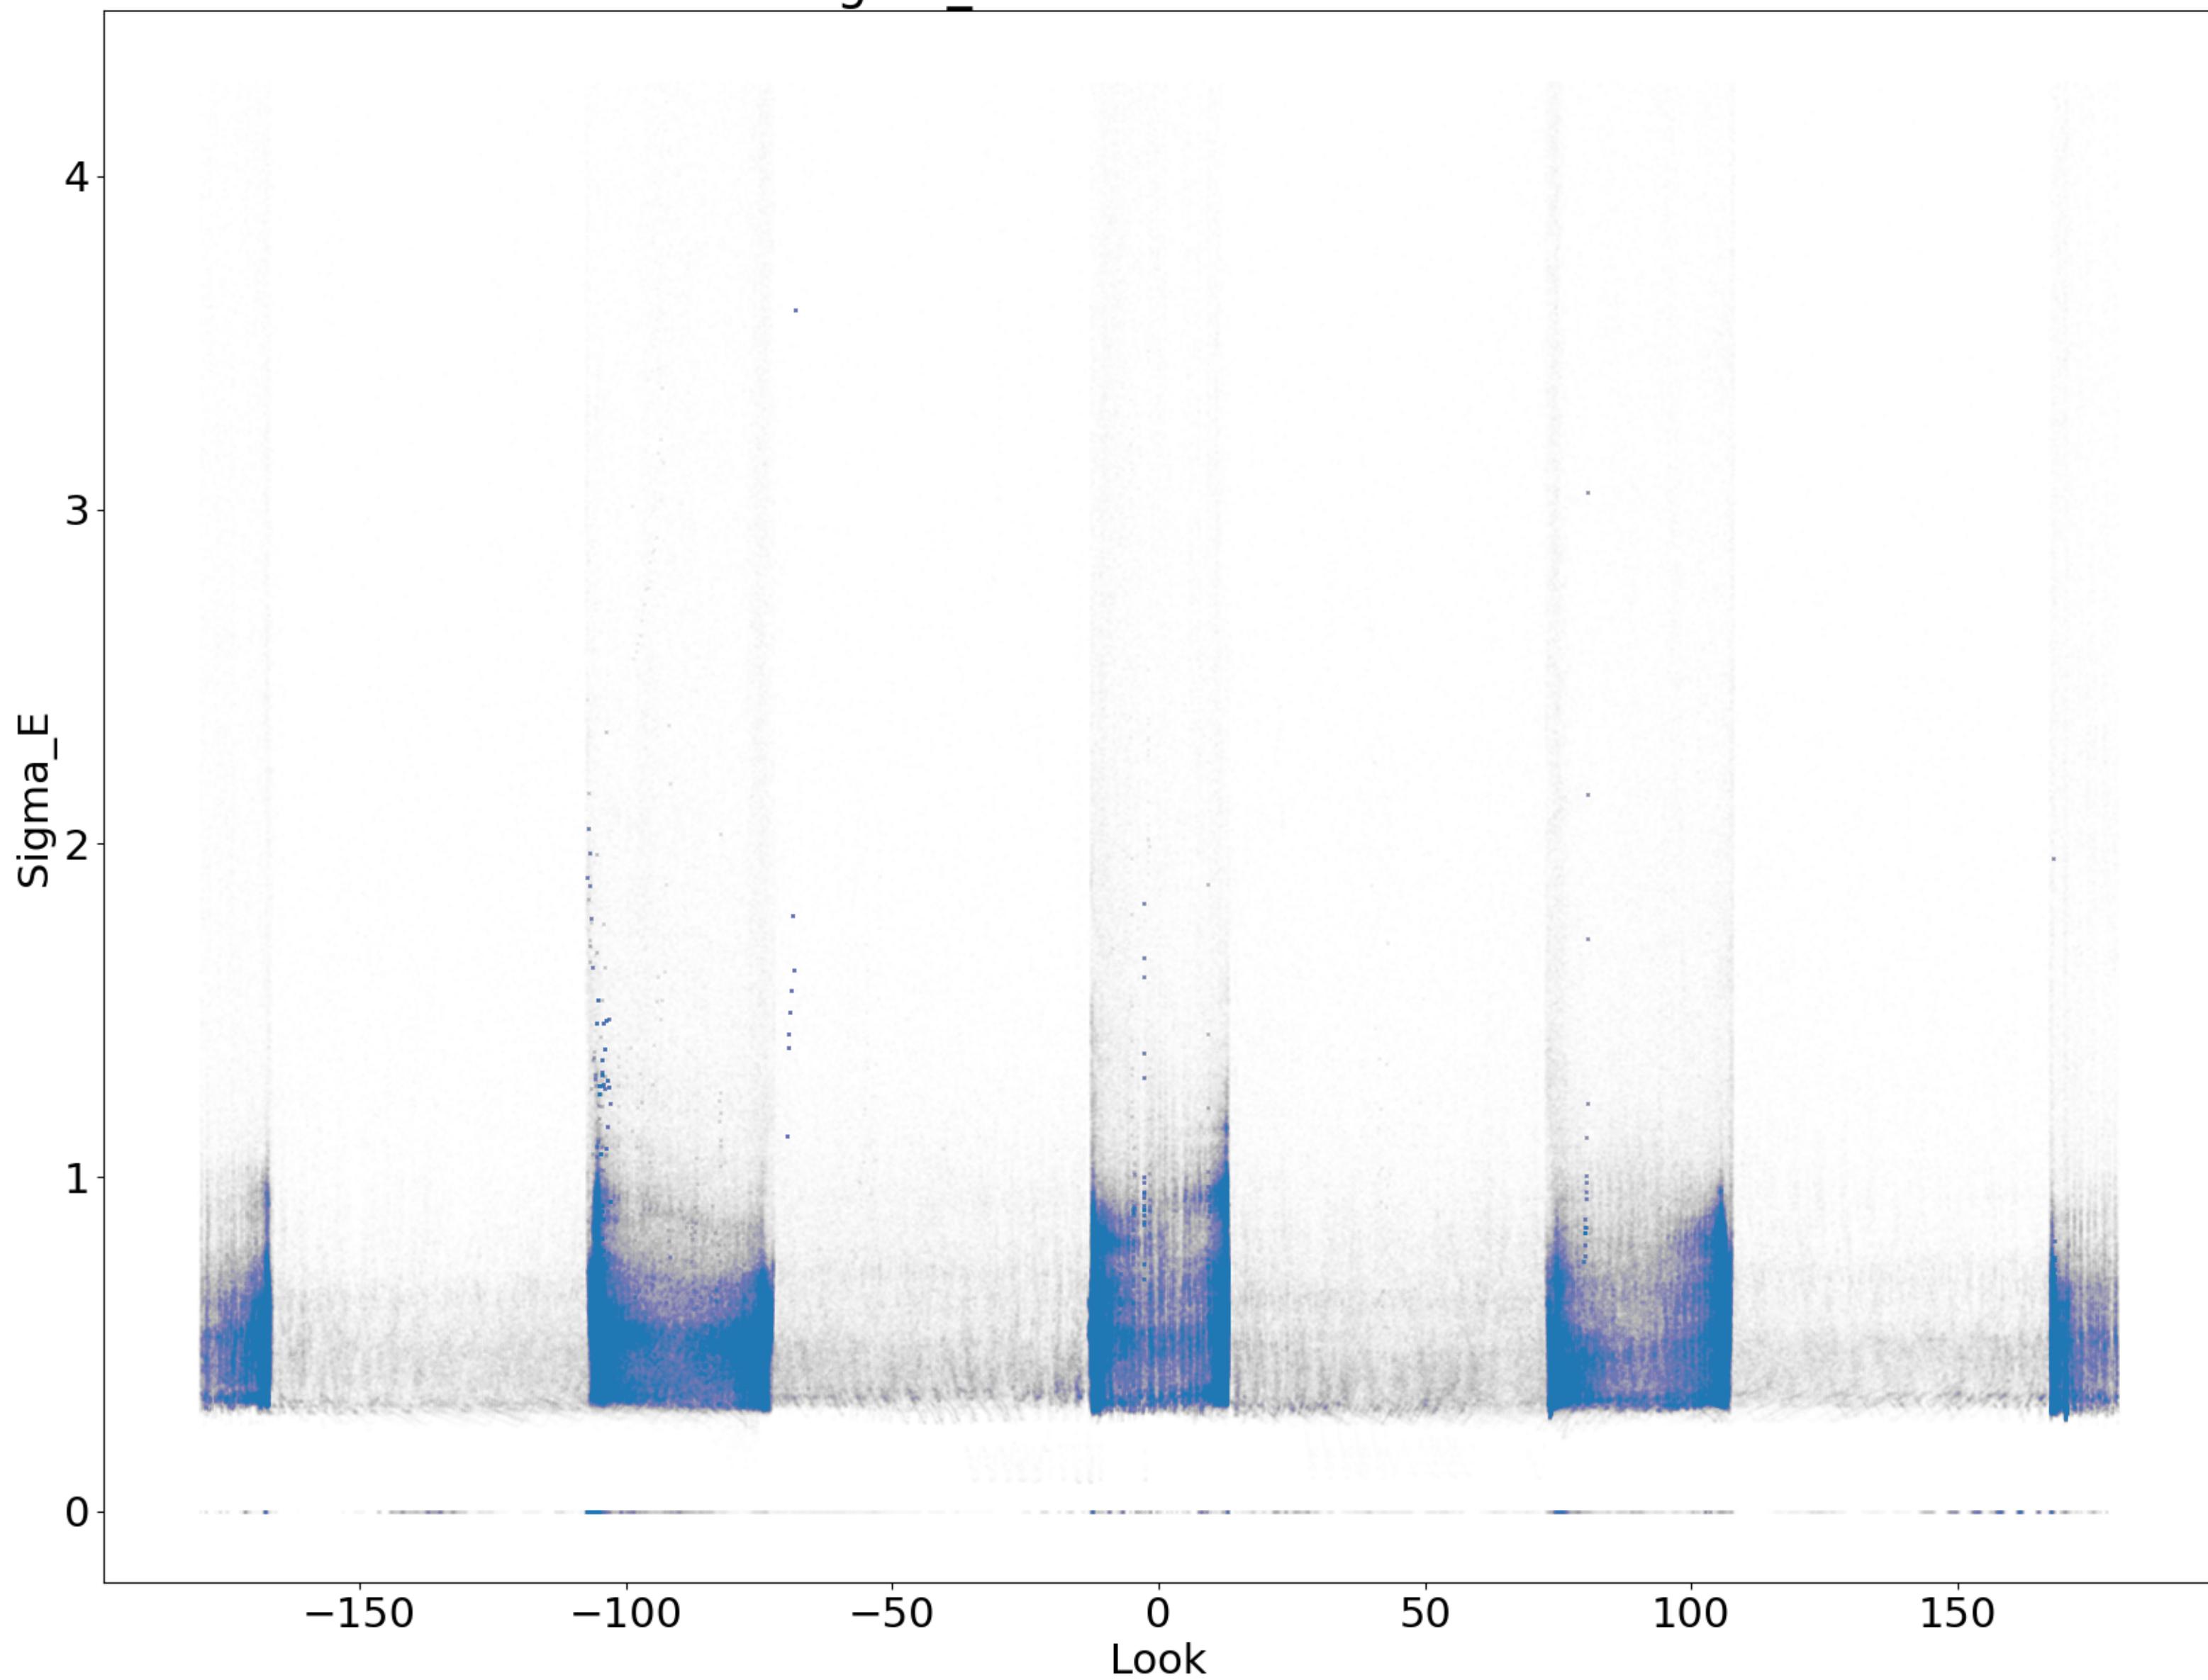

Sigma_E as a function of latitude

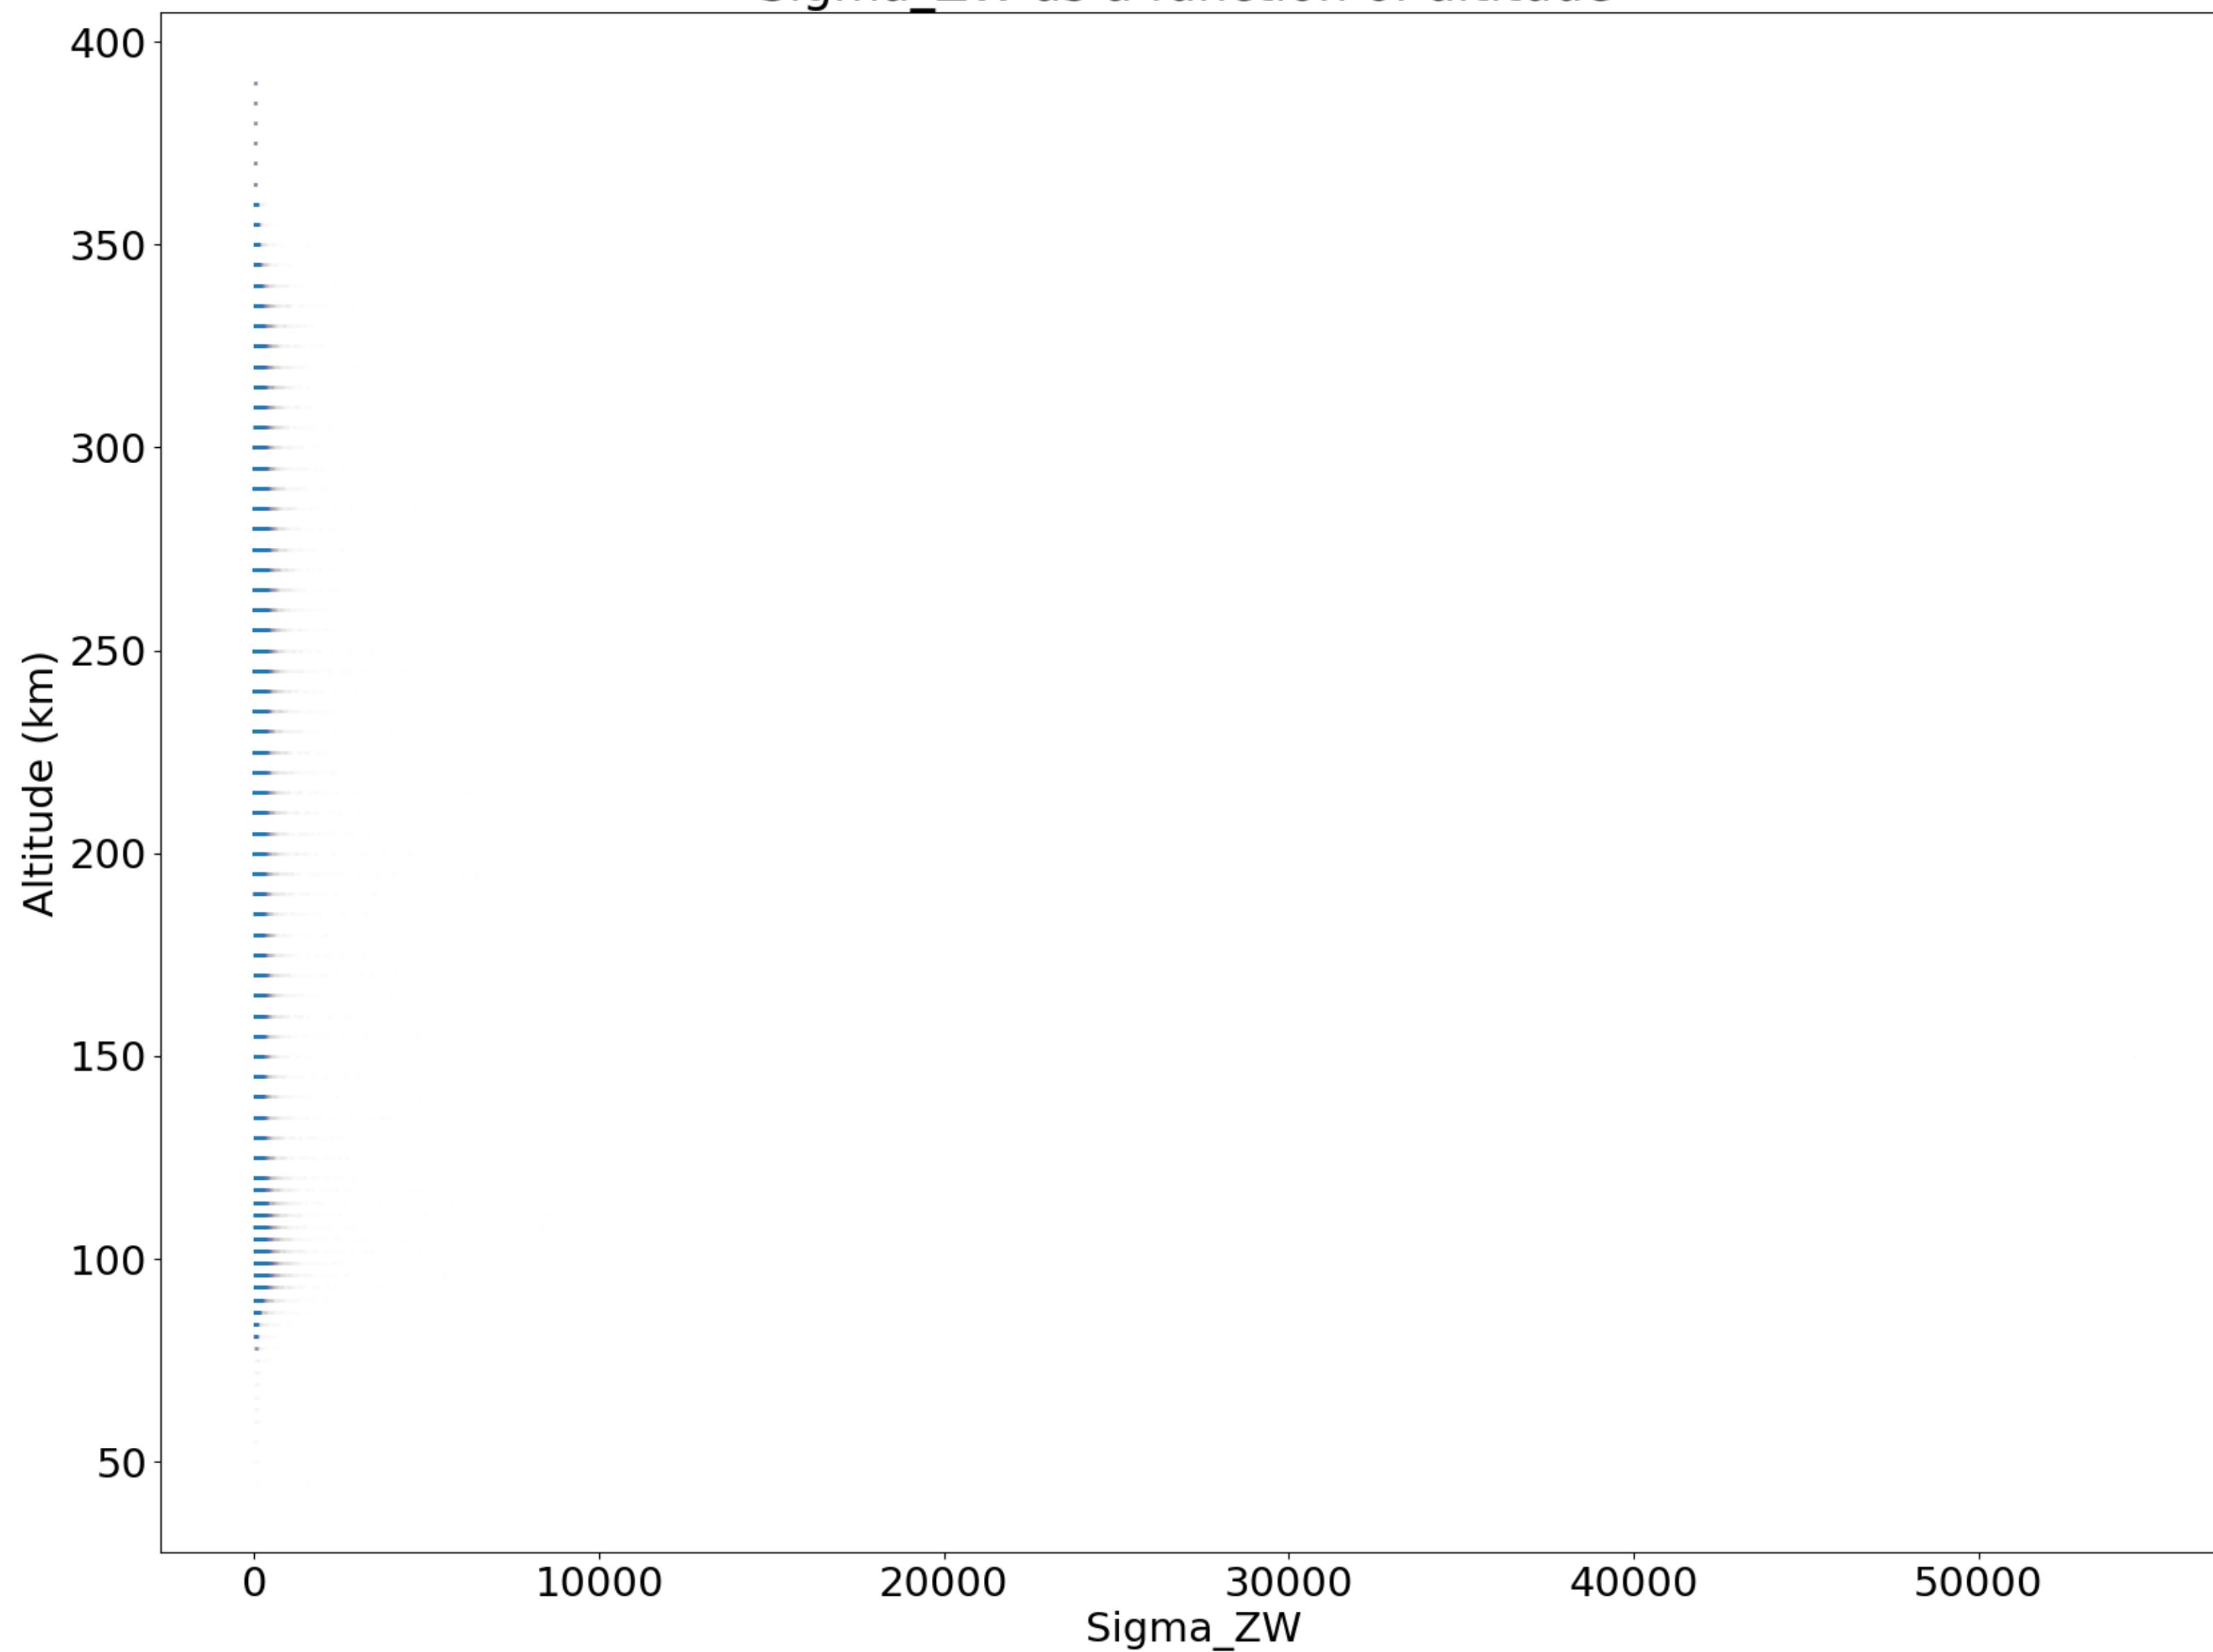

Sigma_E as a function of longitude

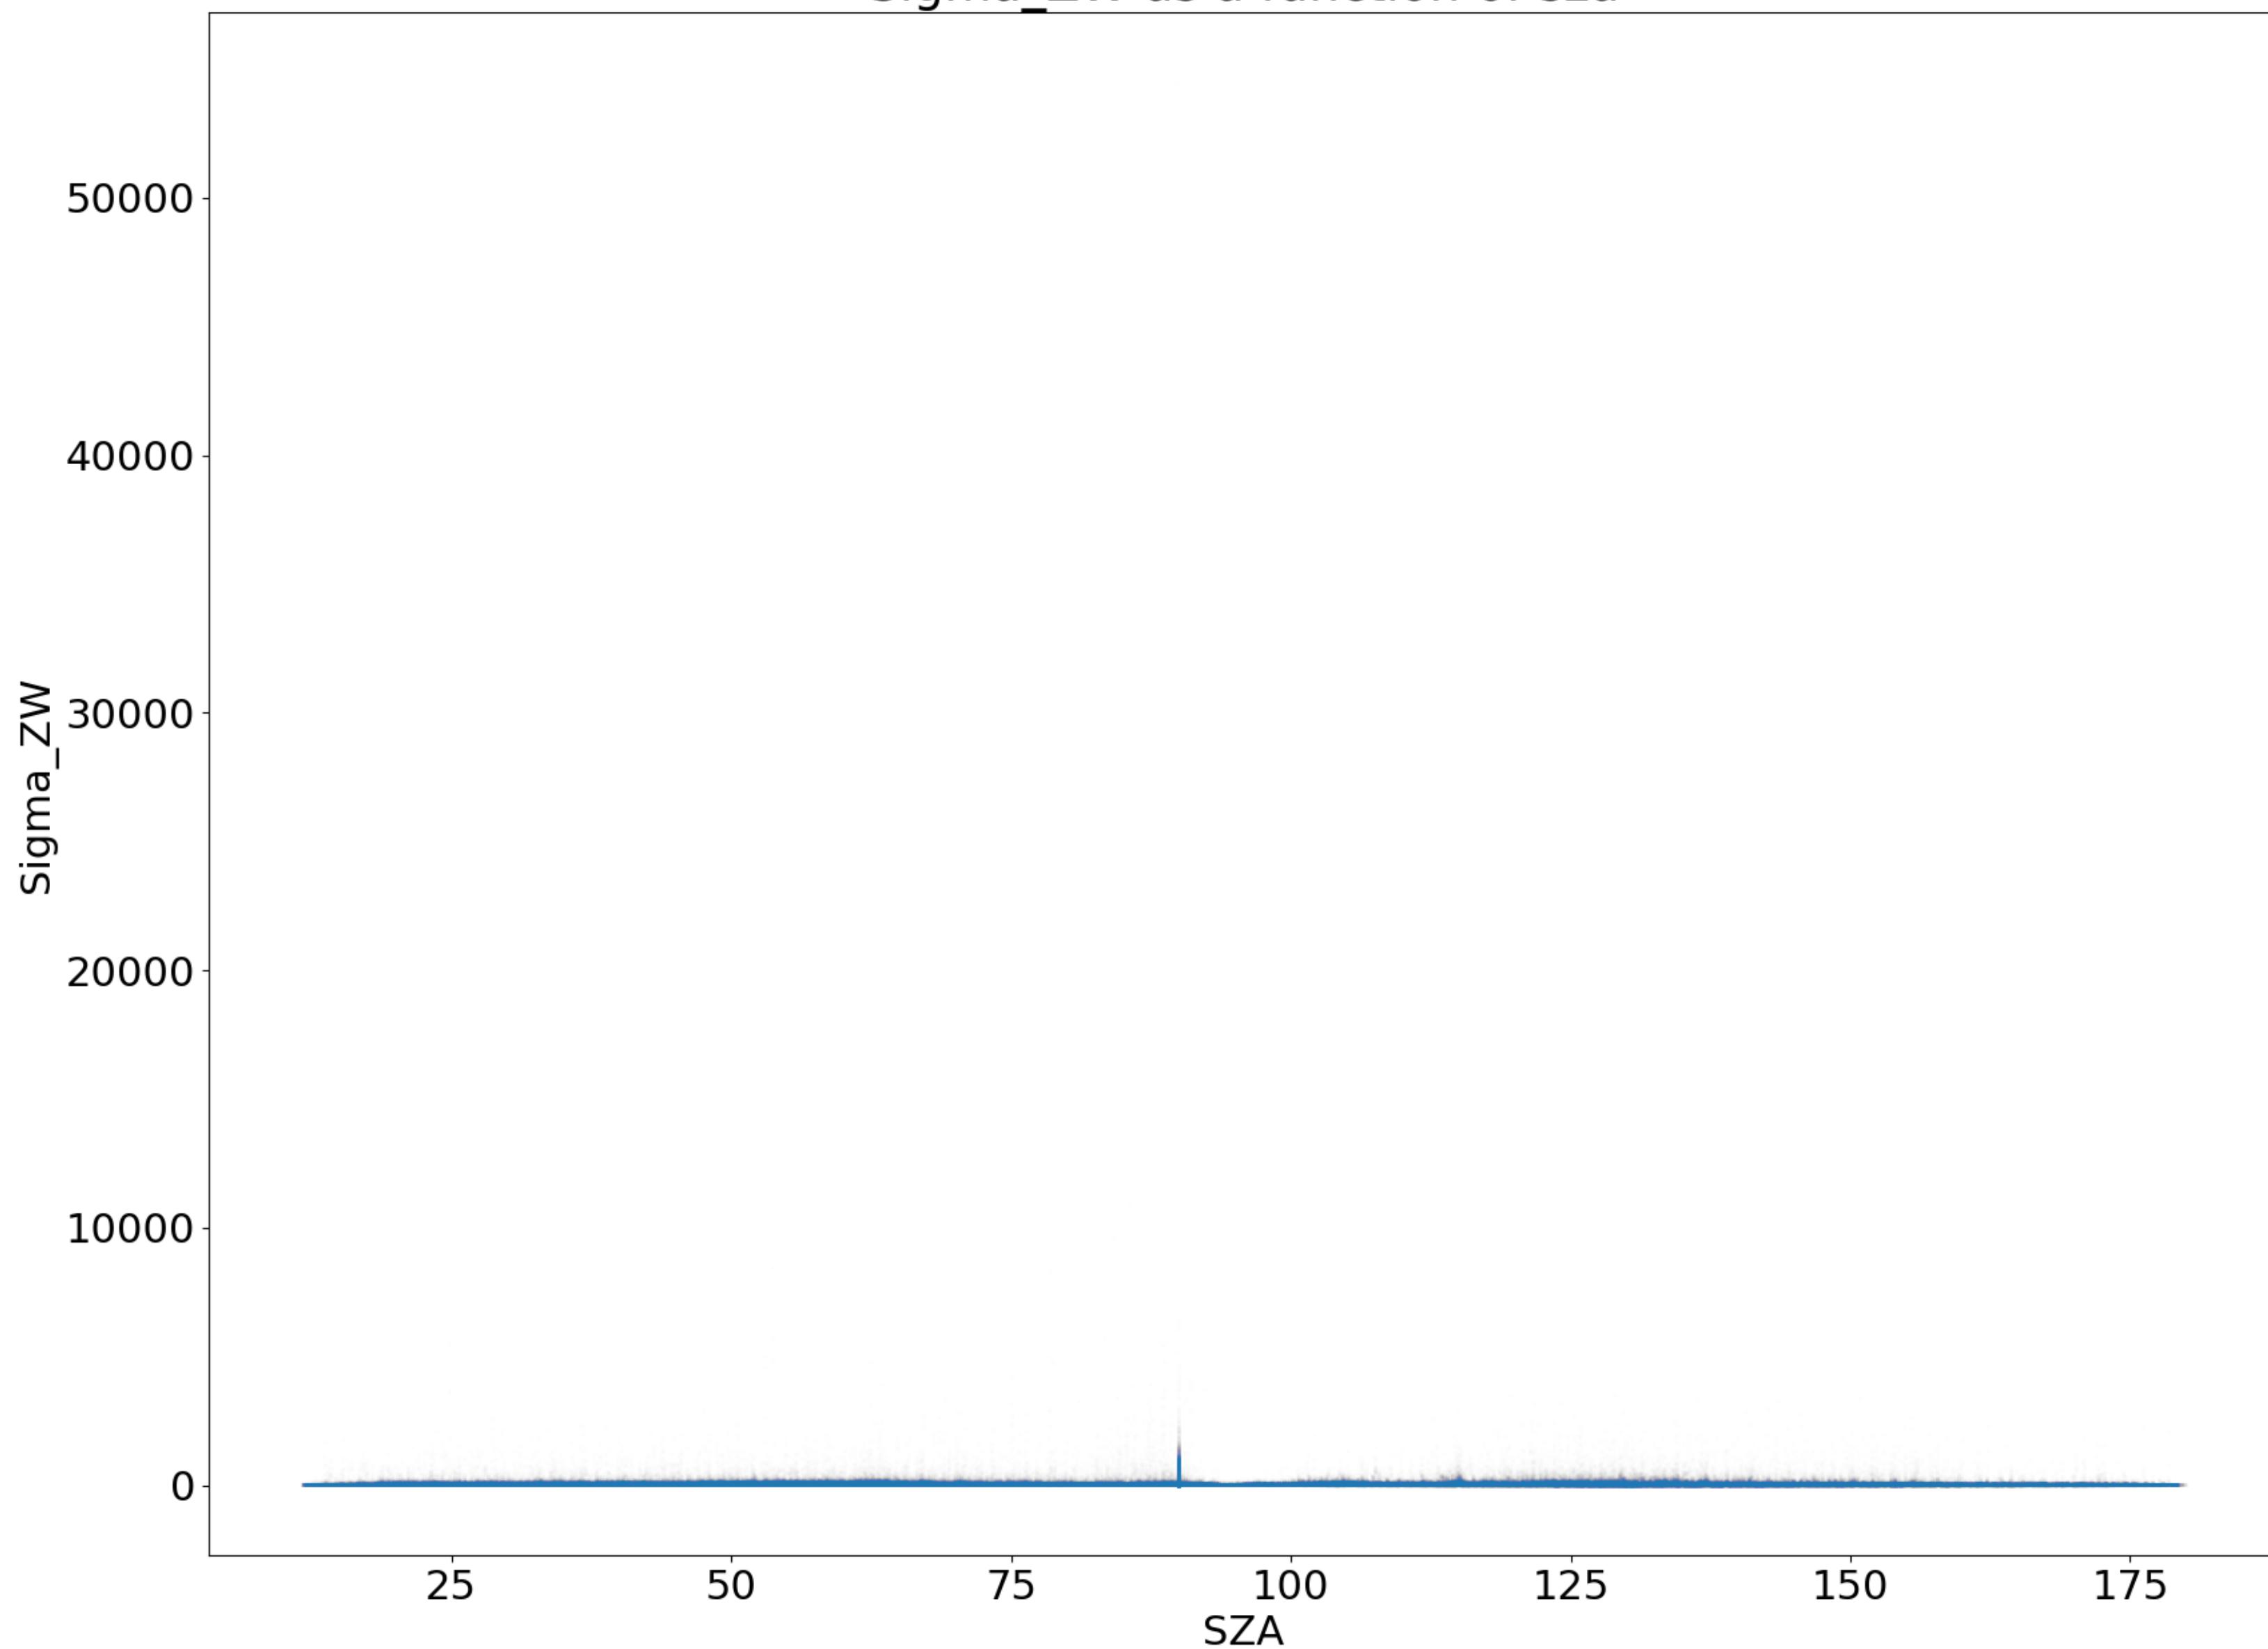

Sigma_E as a function of look

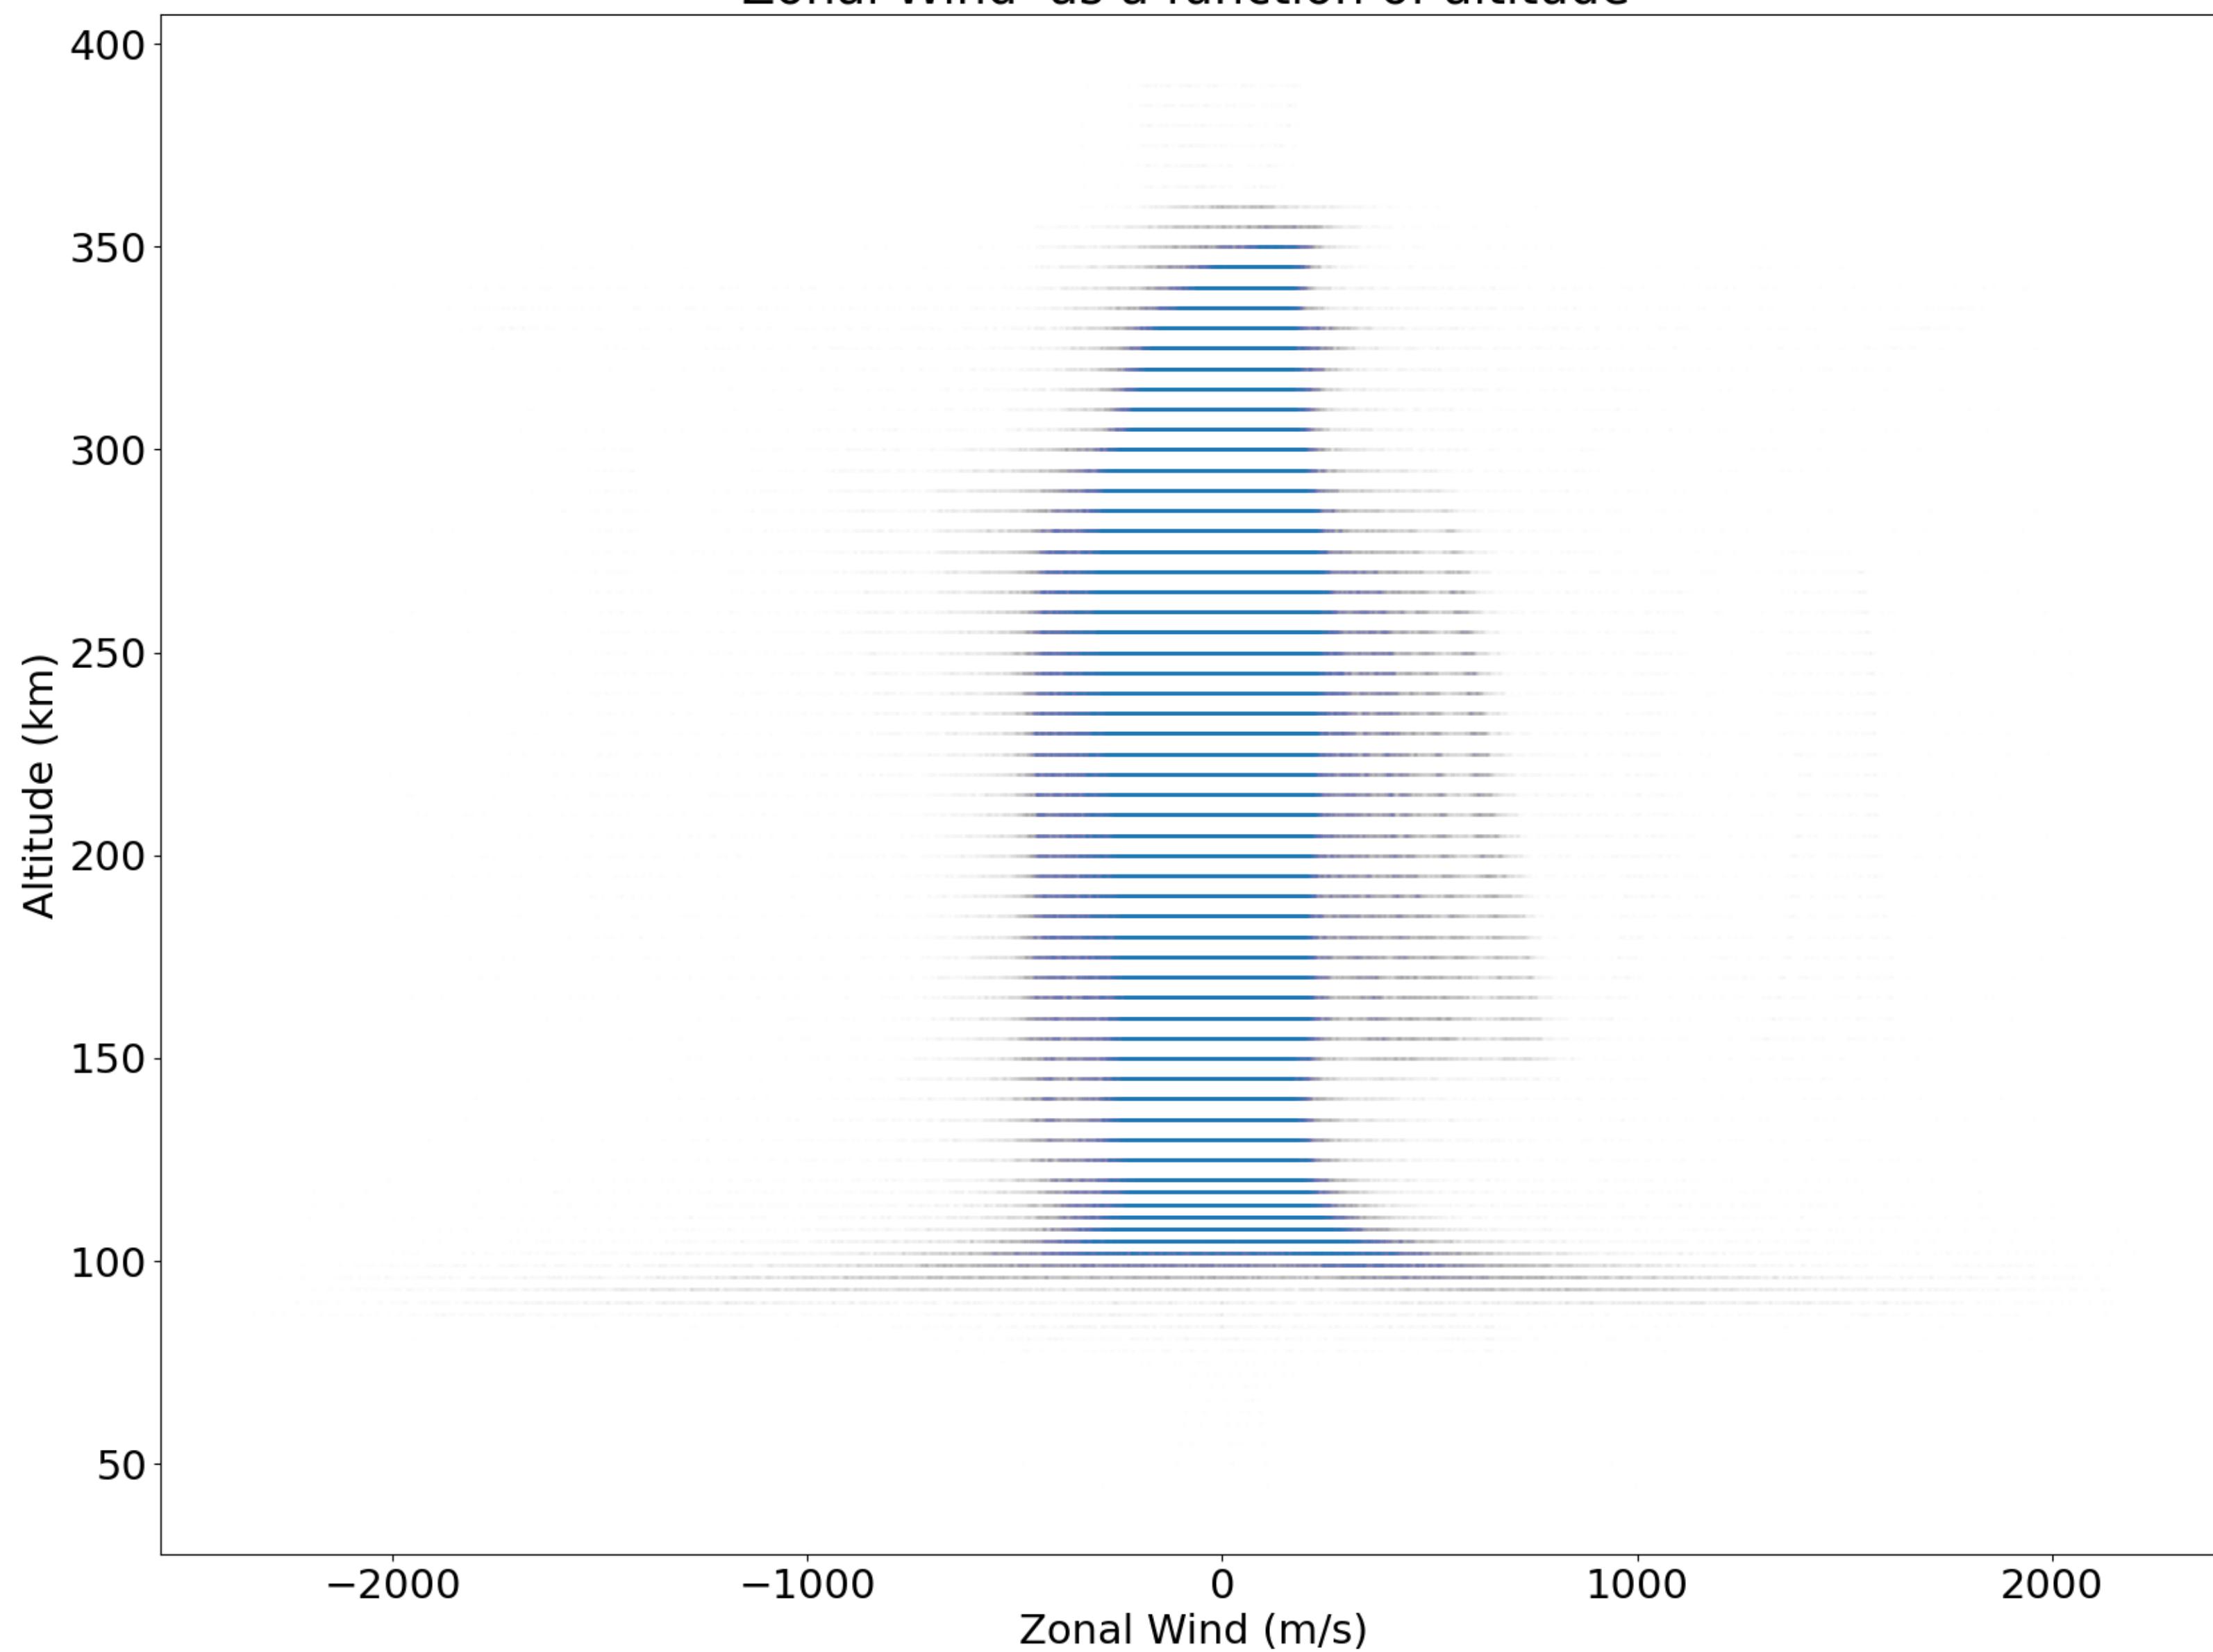

Sigma_ZW as a function of altitude

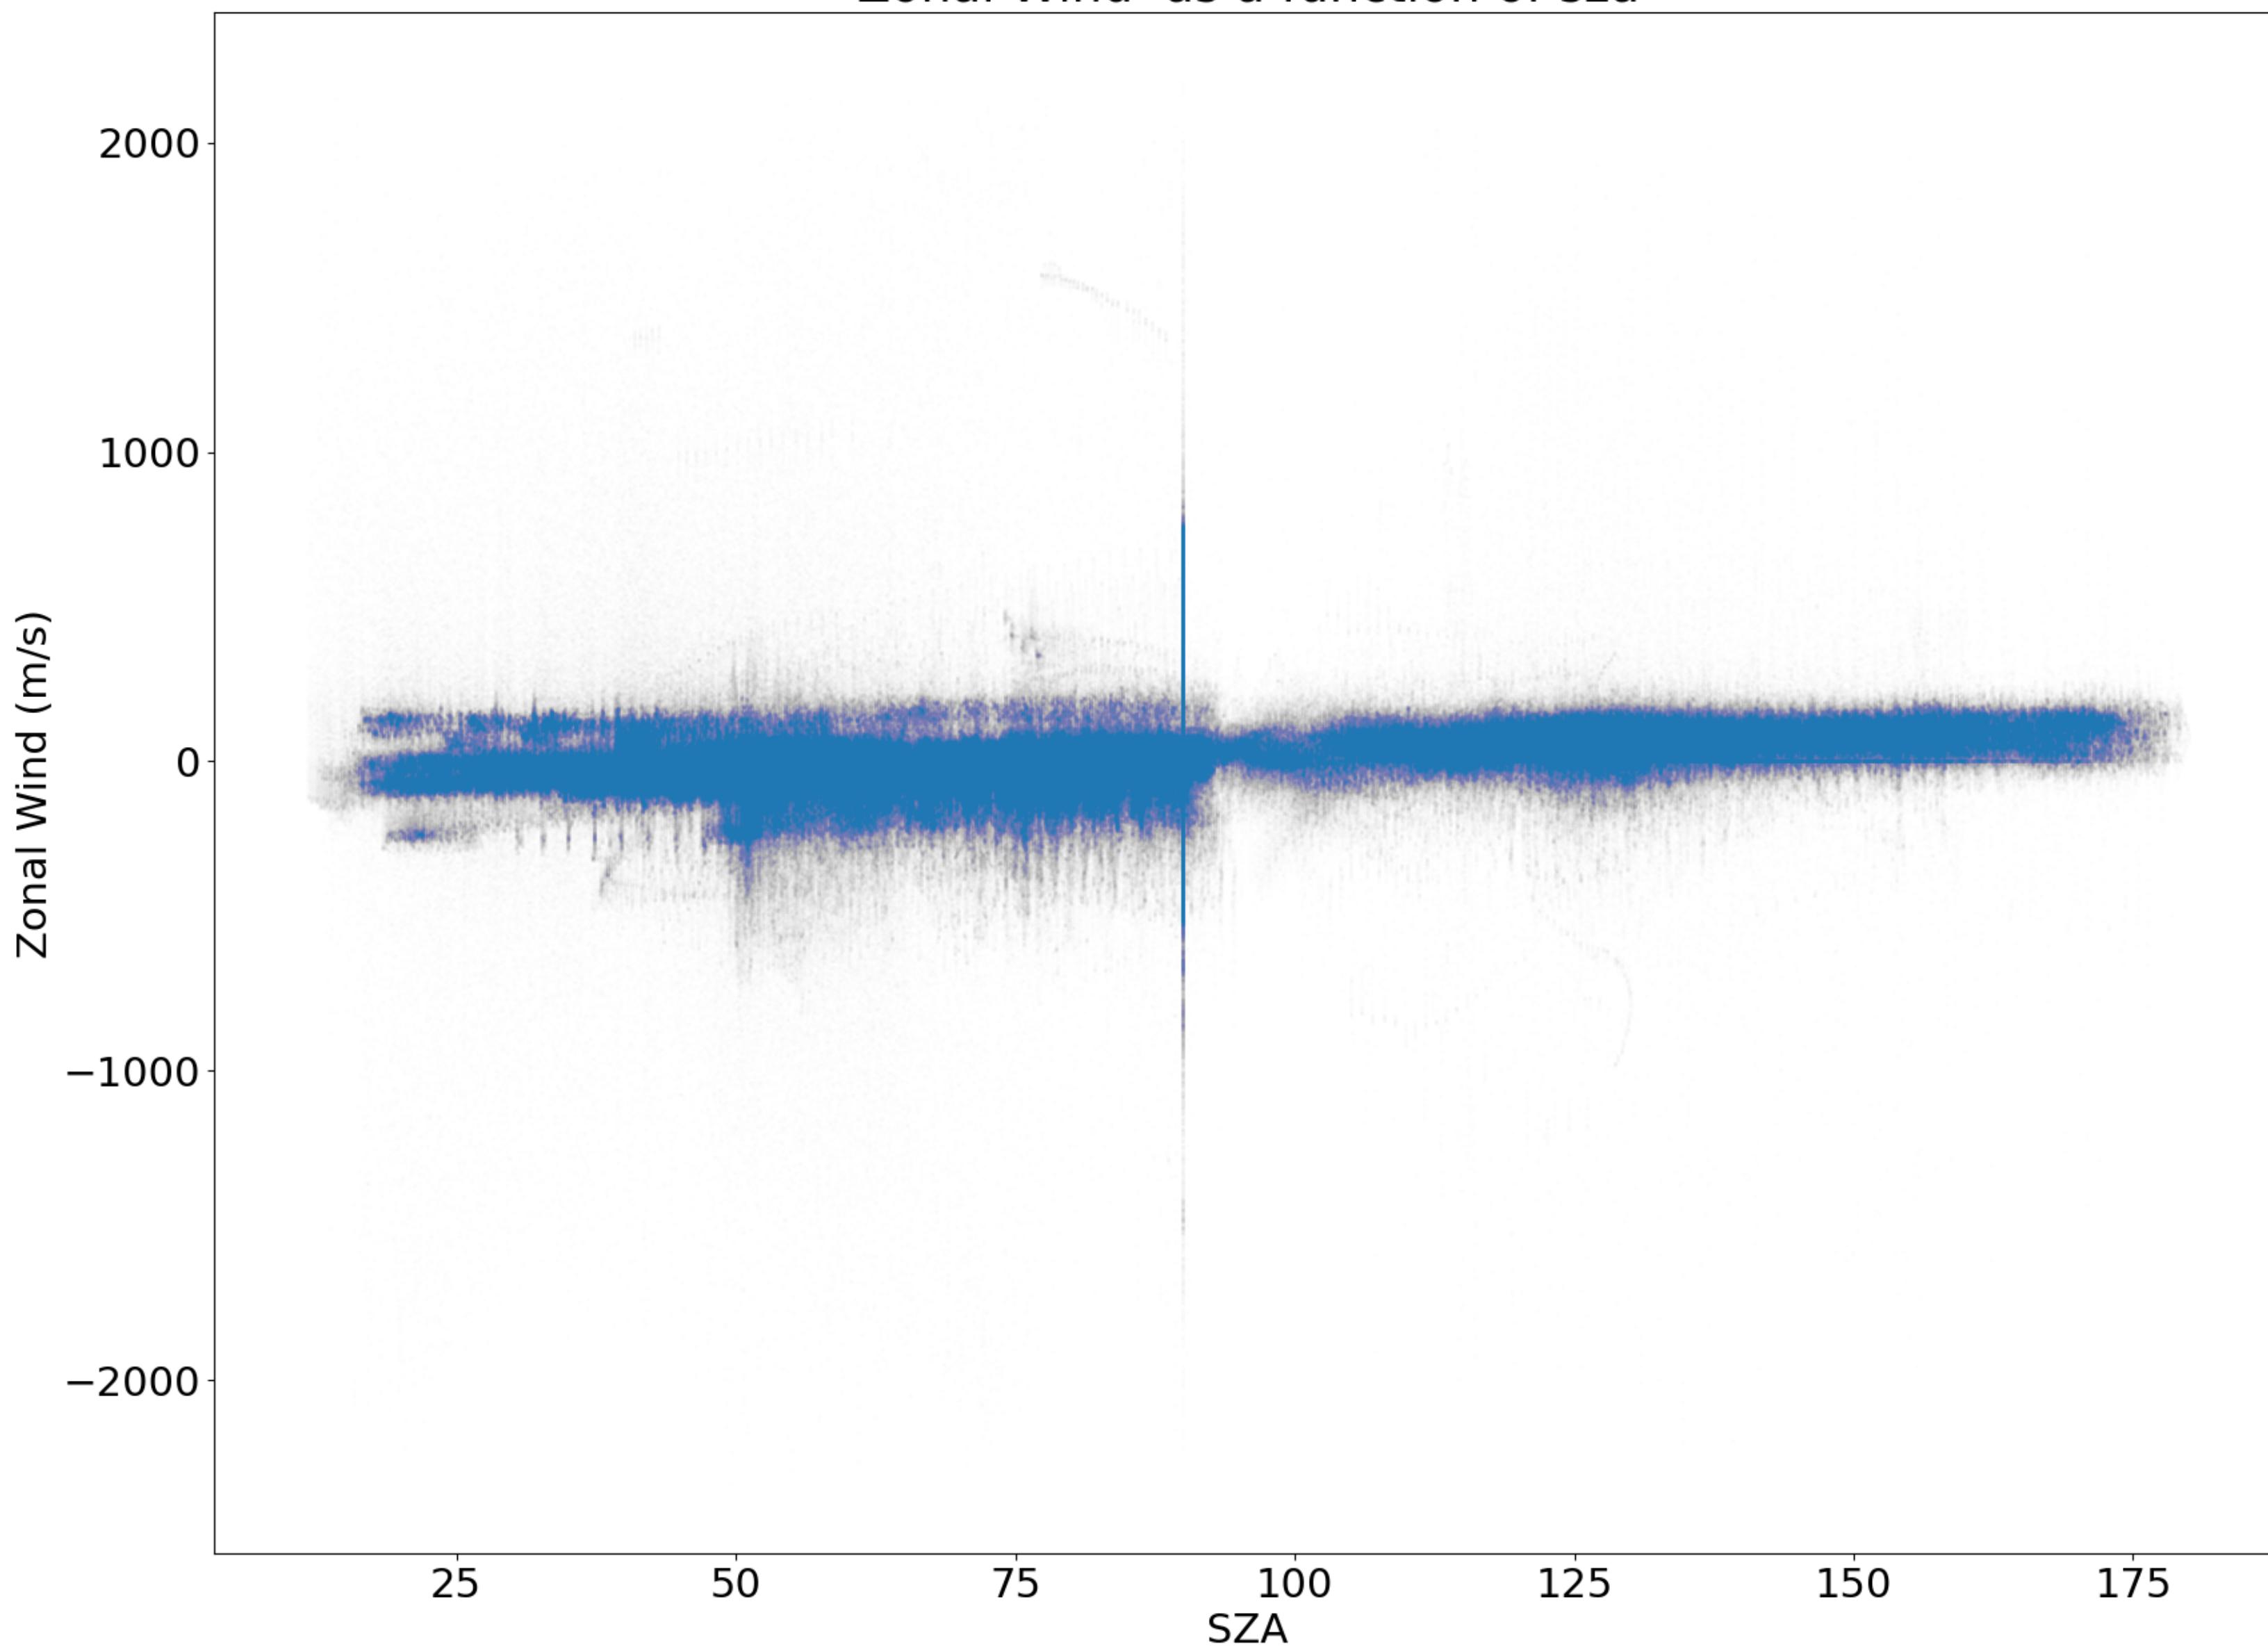

Sigma_ZW as a function of sza

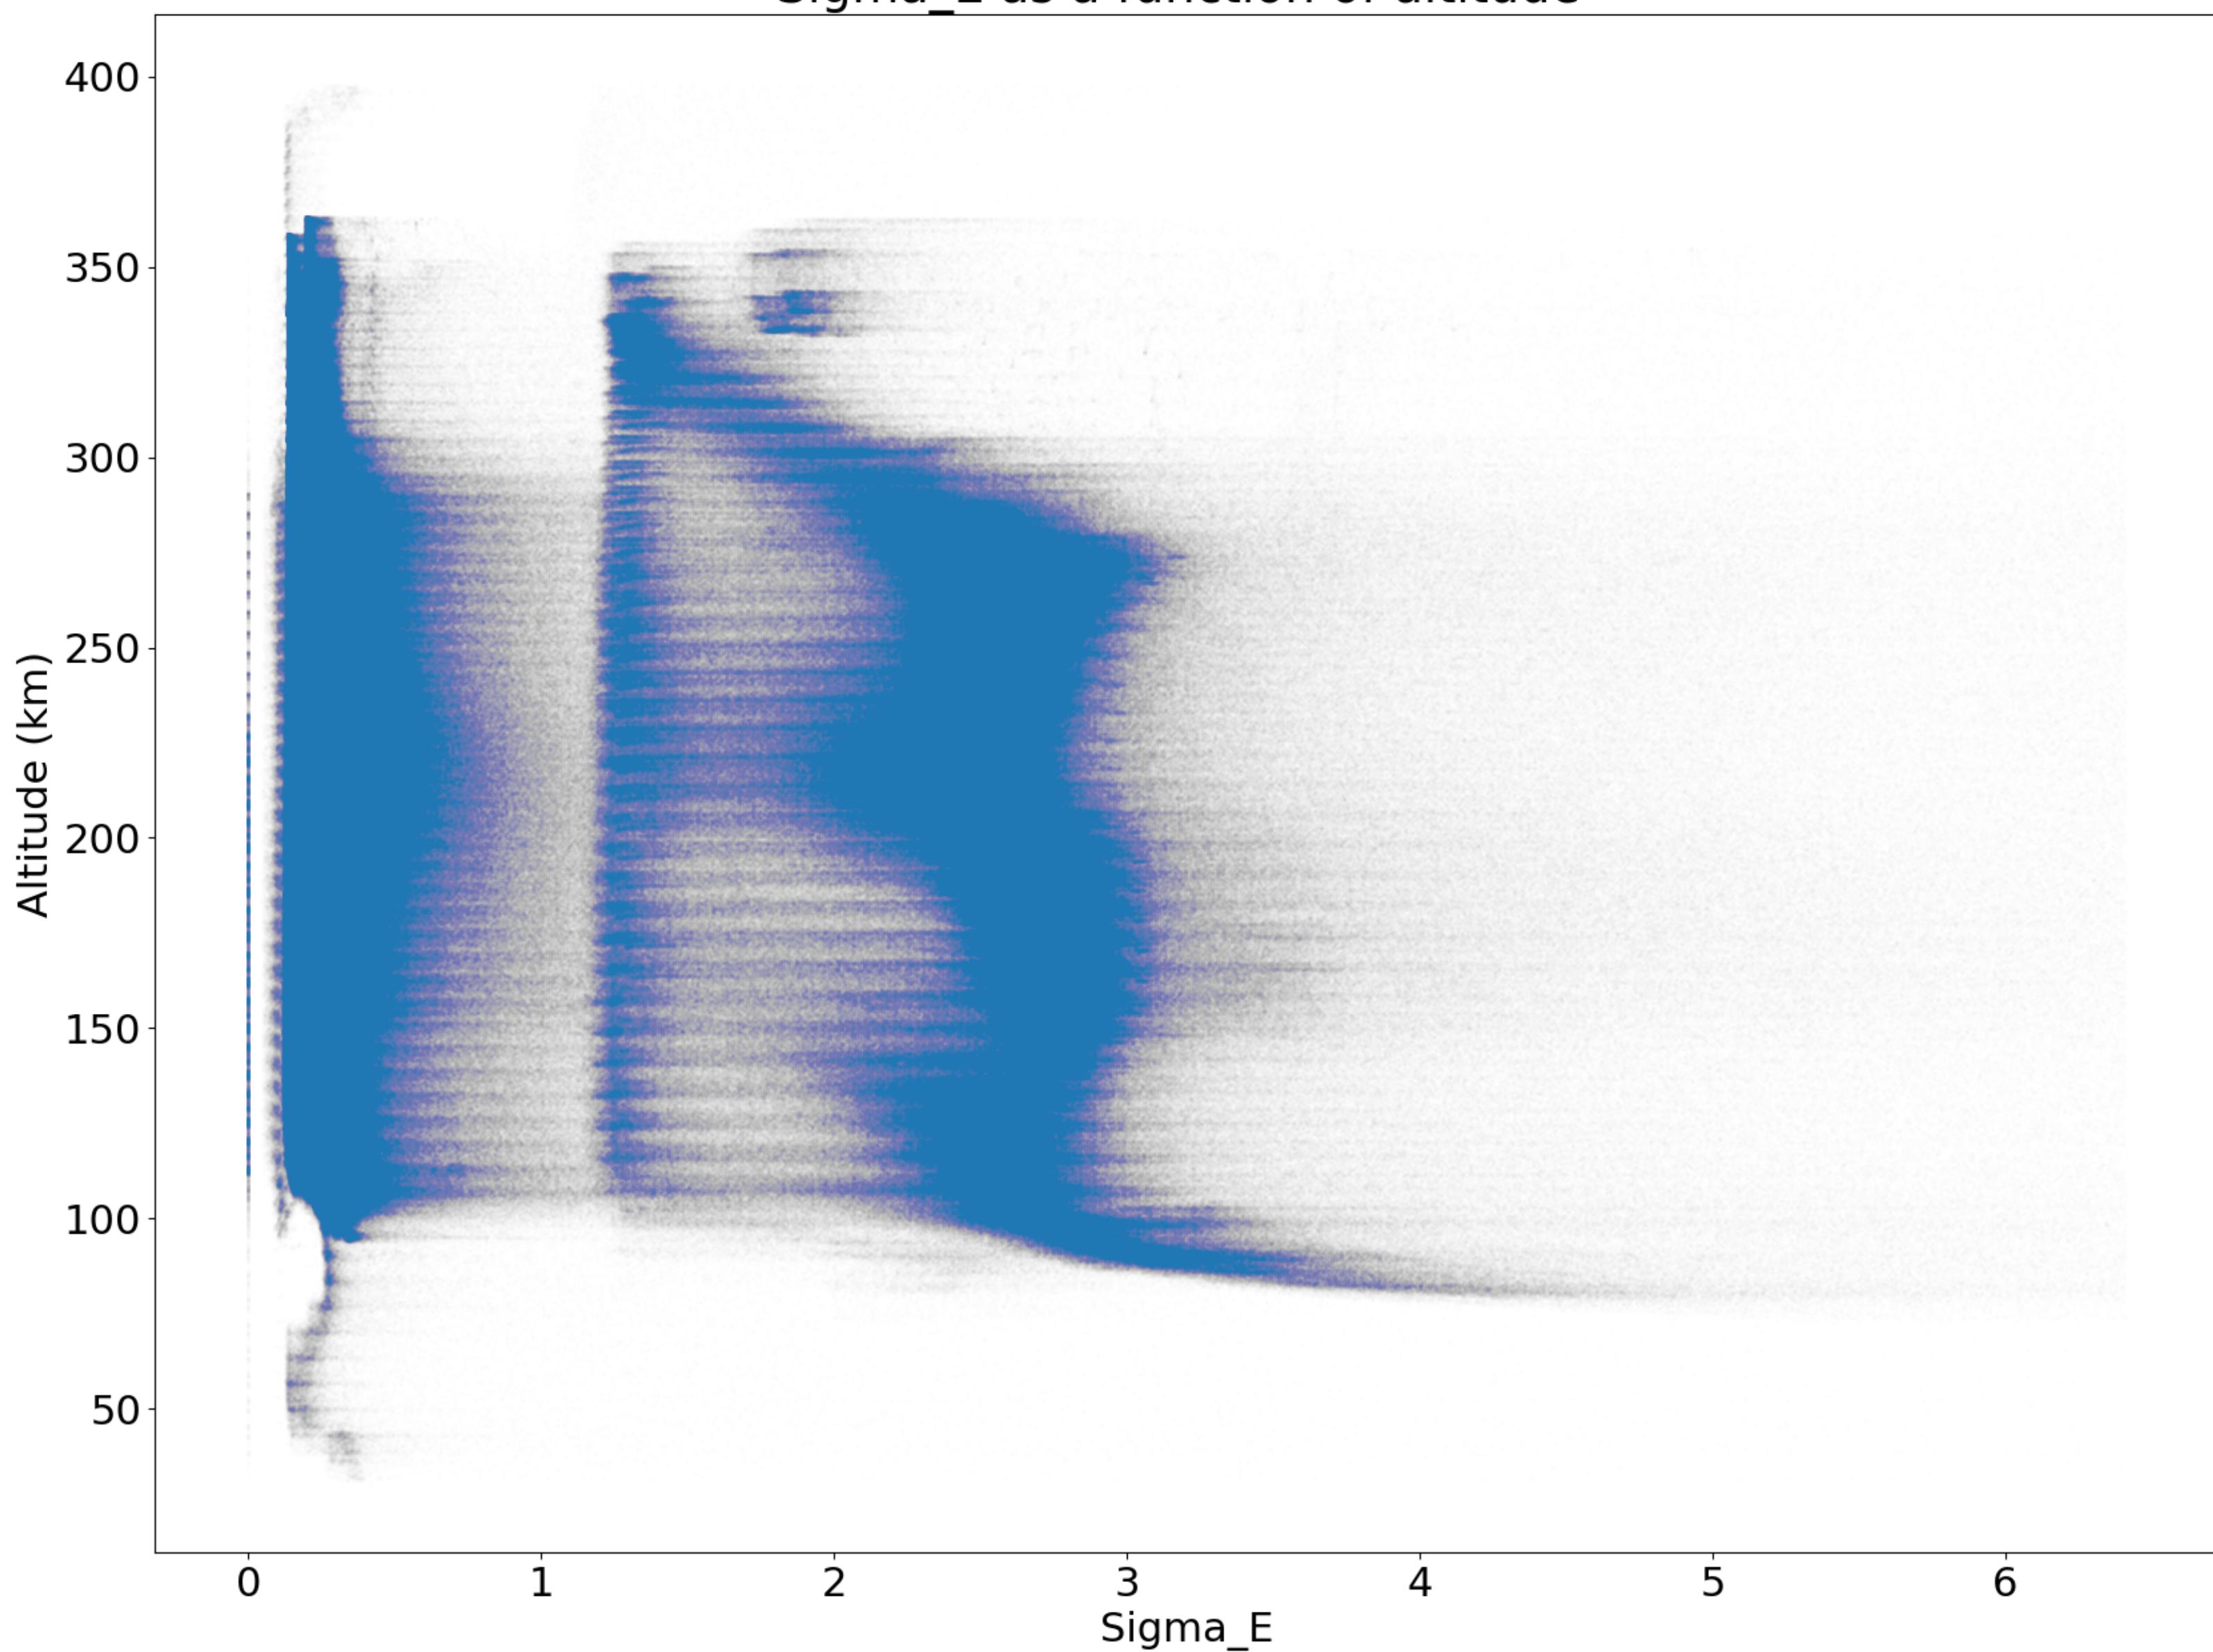

Zonal Wind as a function of altitude

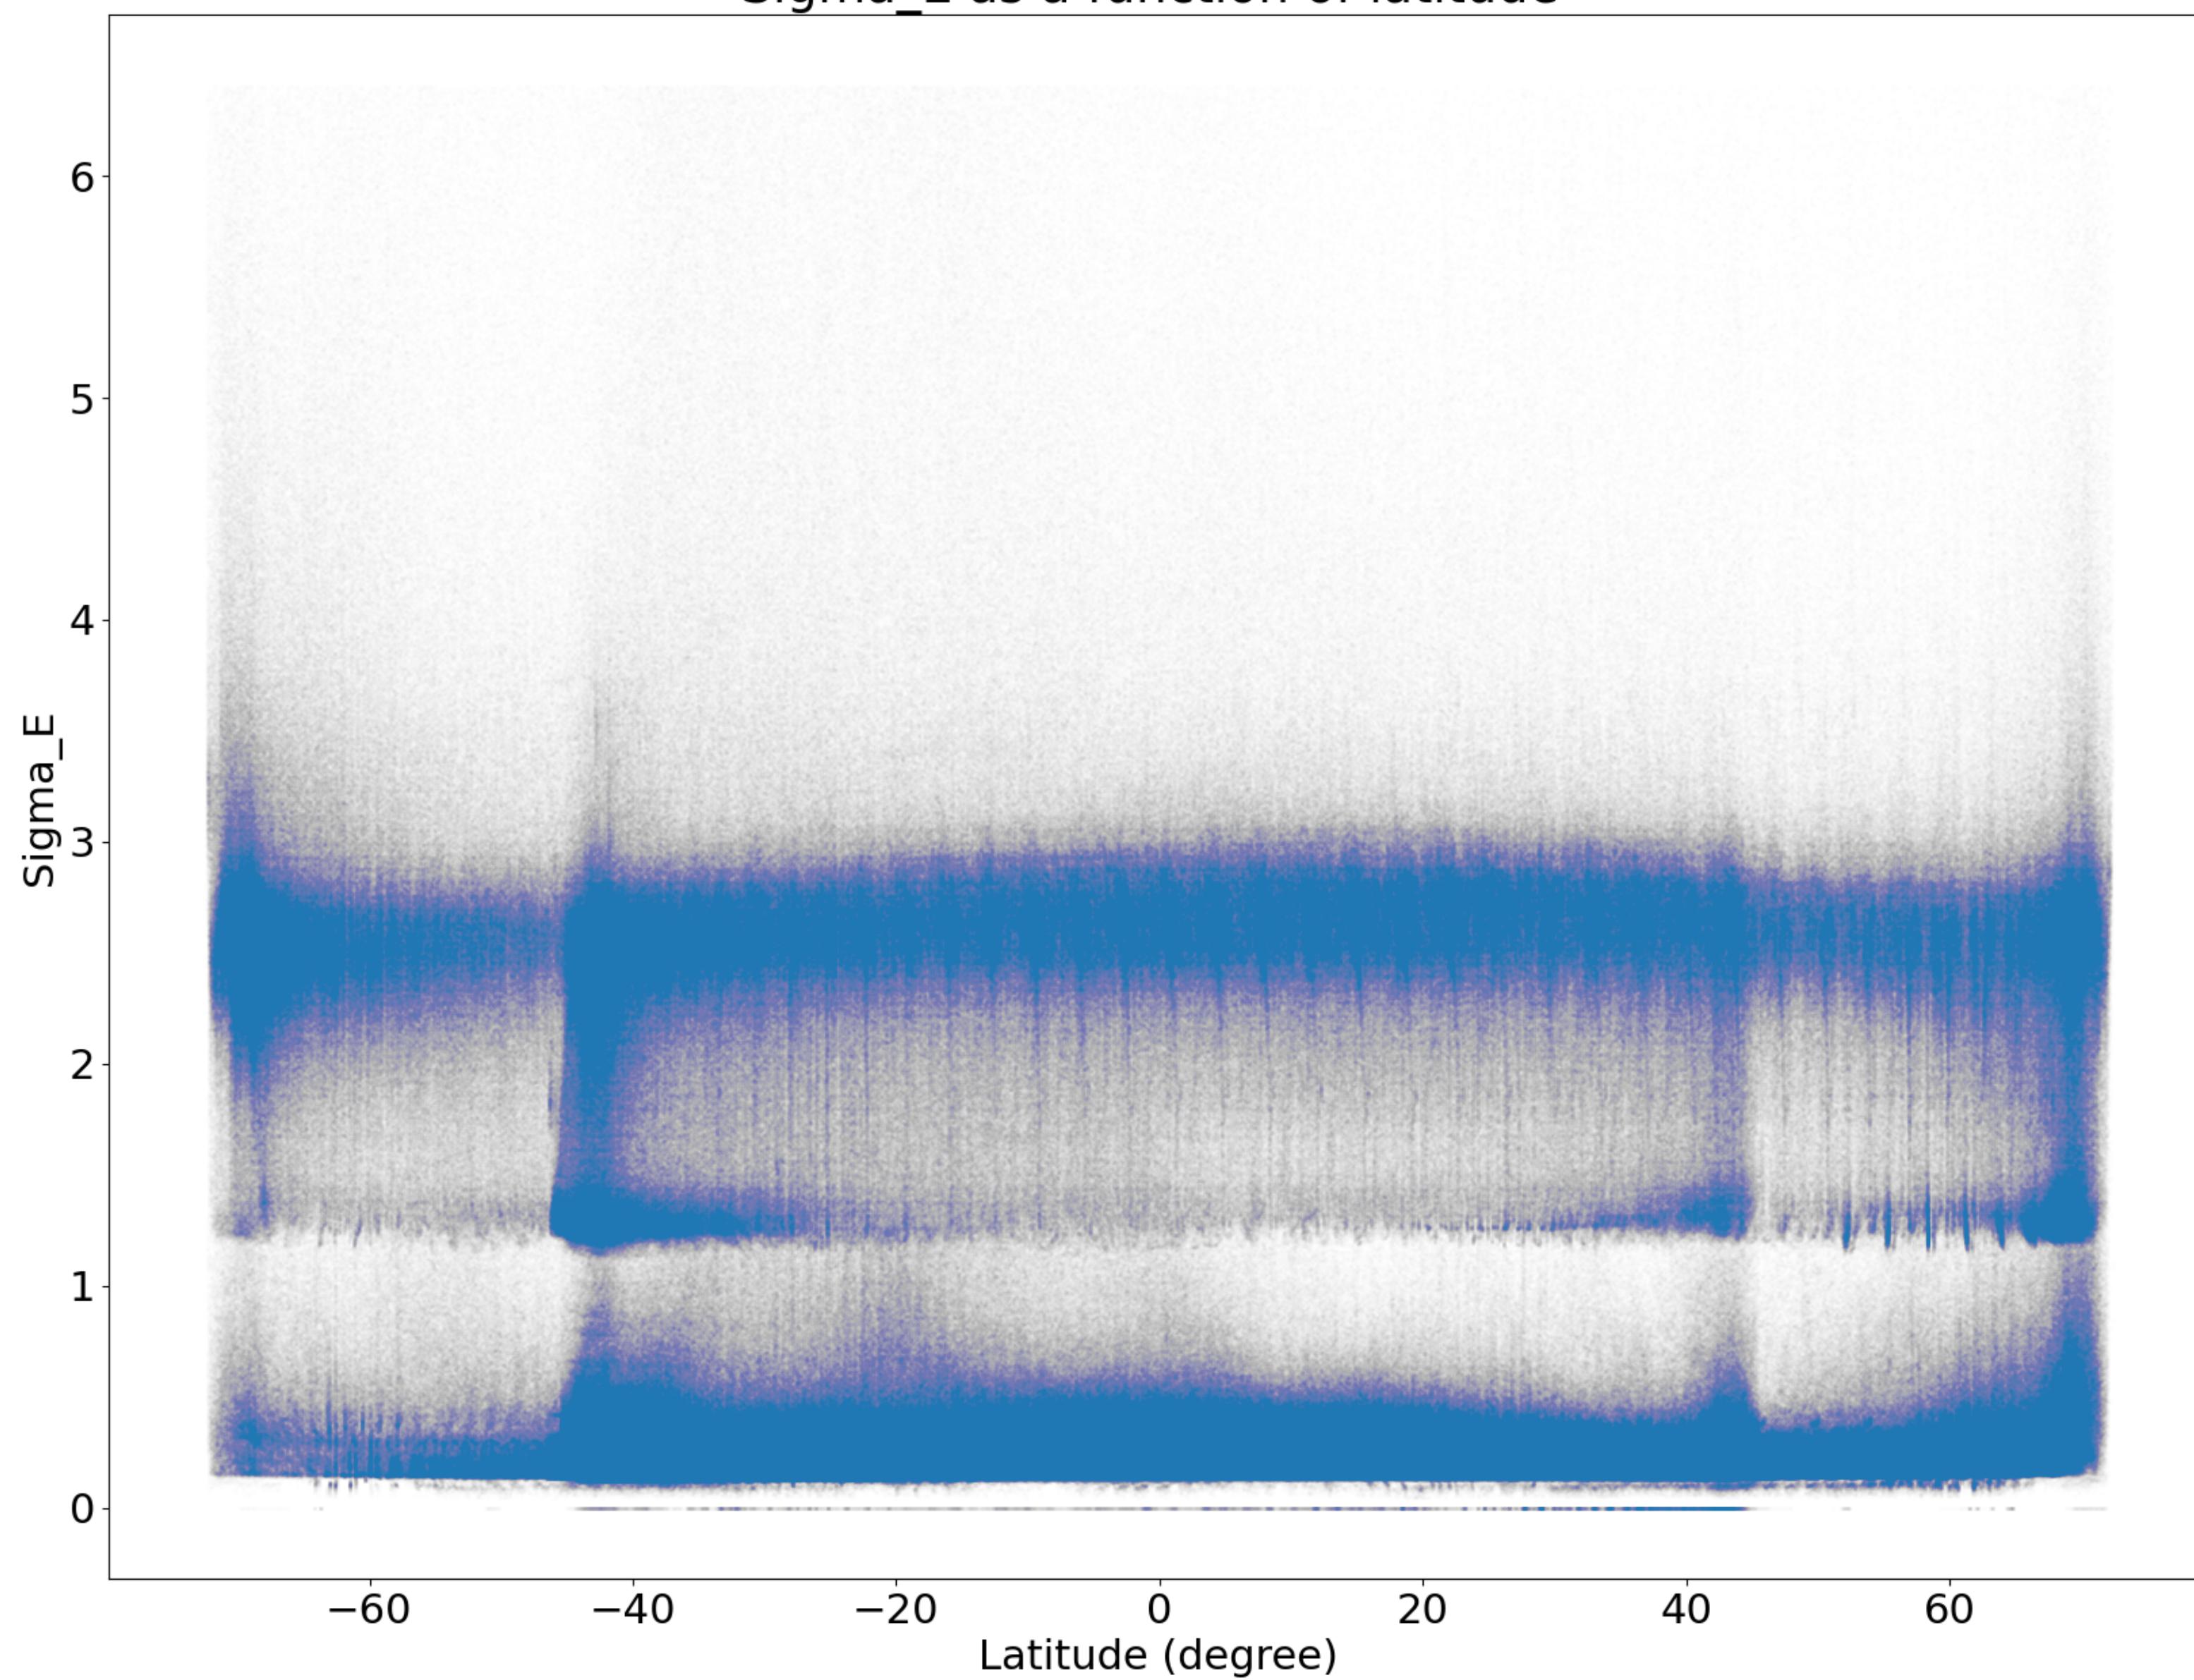

Zonal Wind as a function of sza

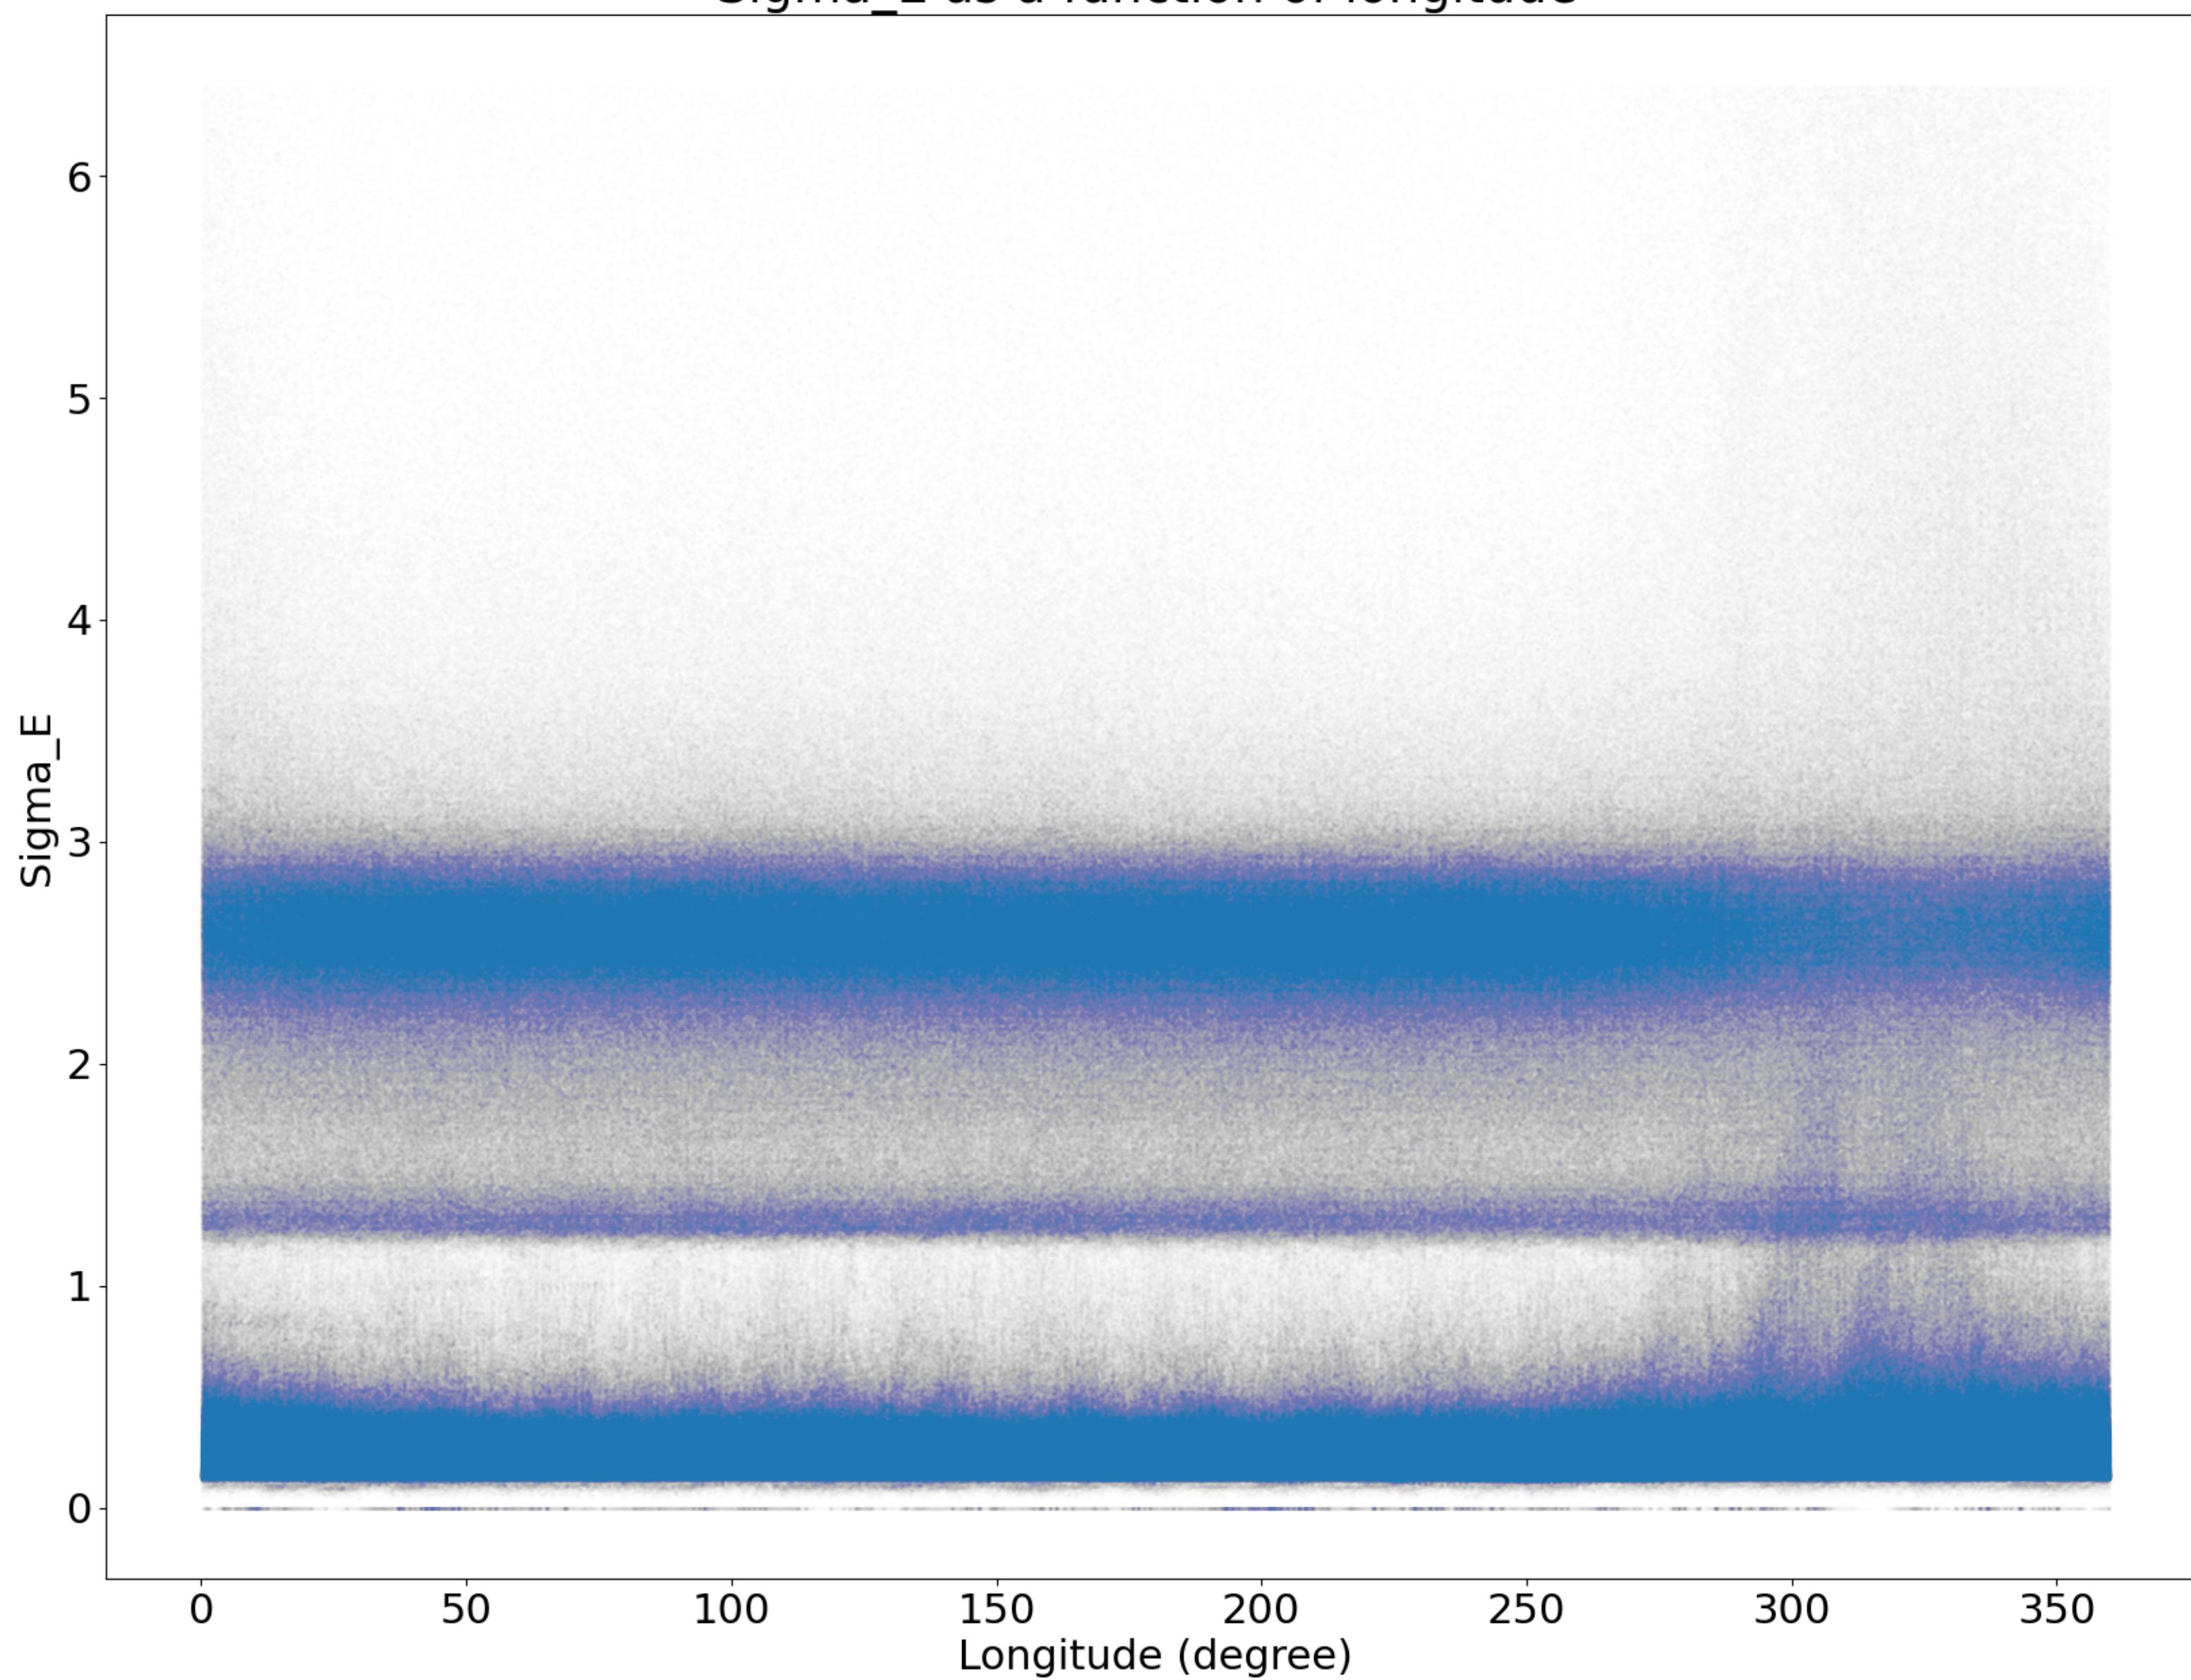

Sigma_E as a function of altitude

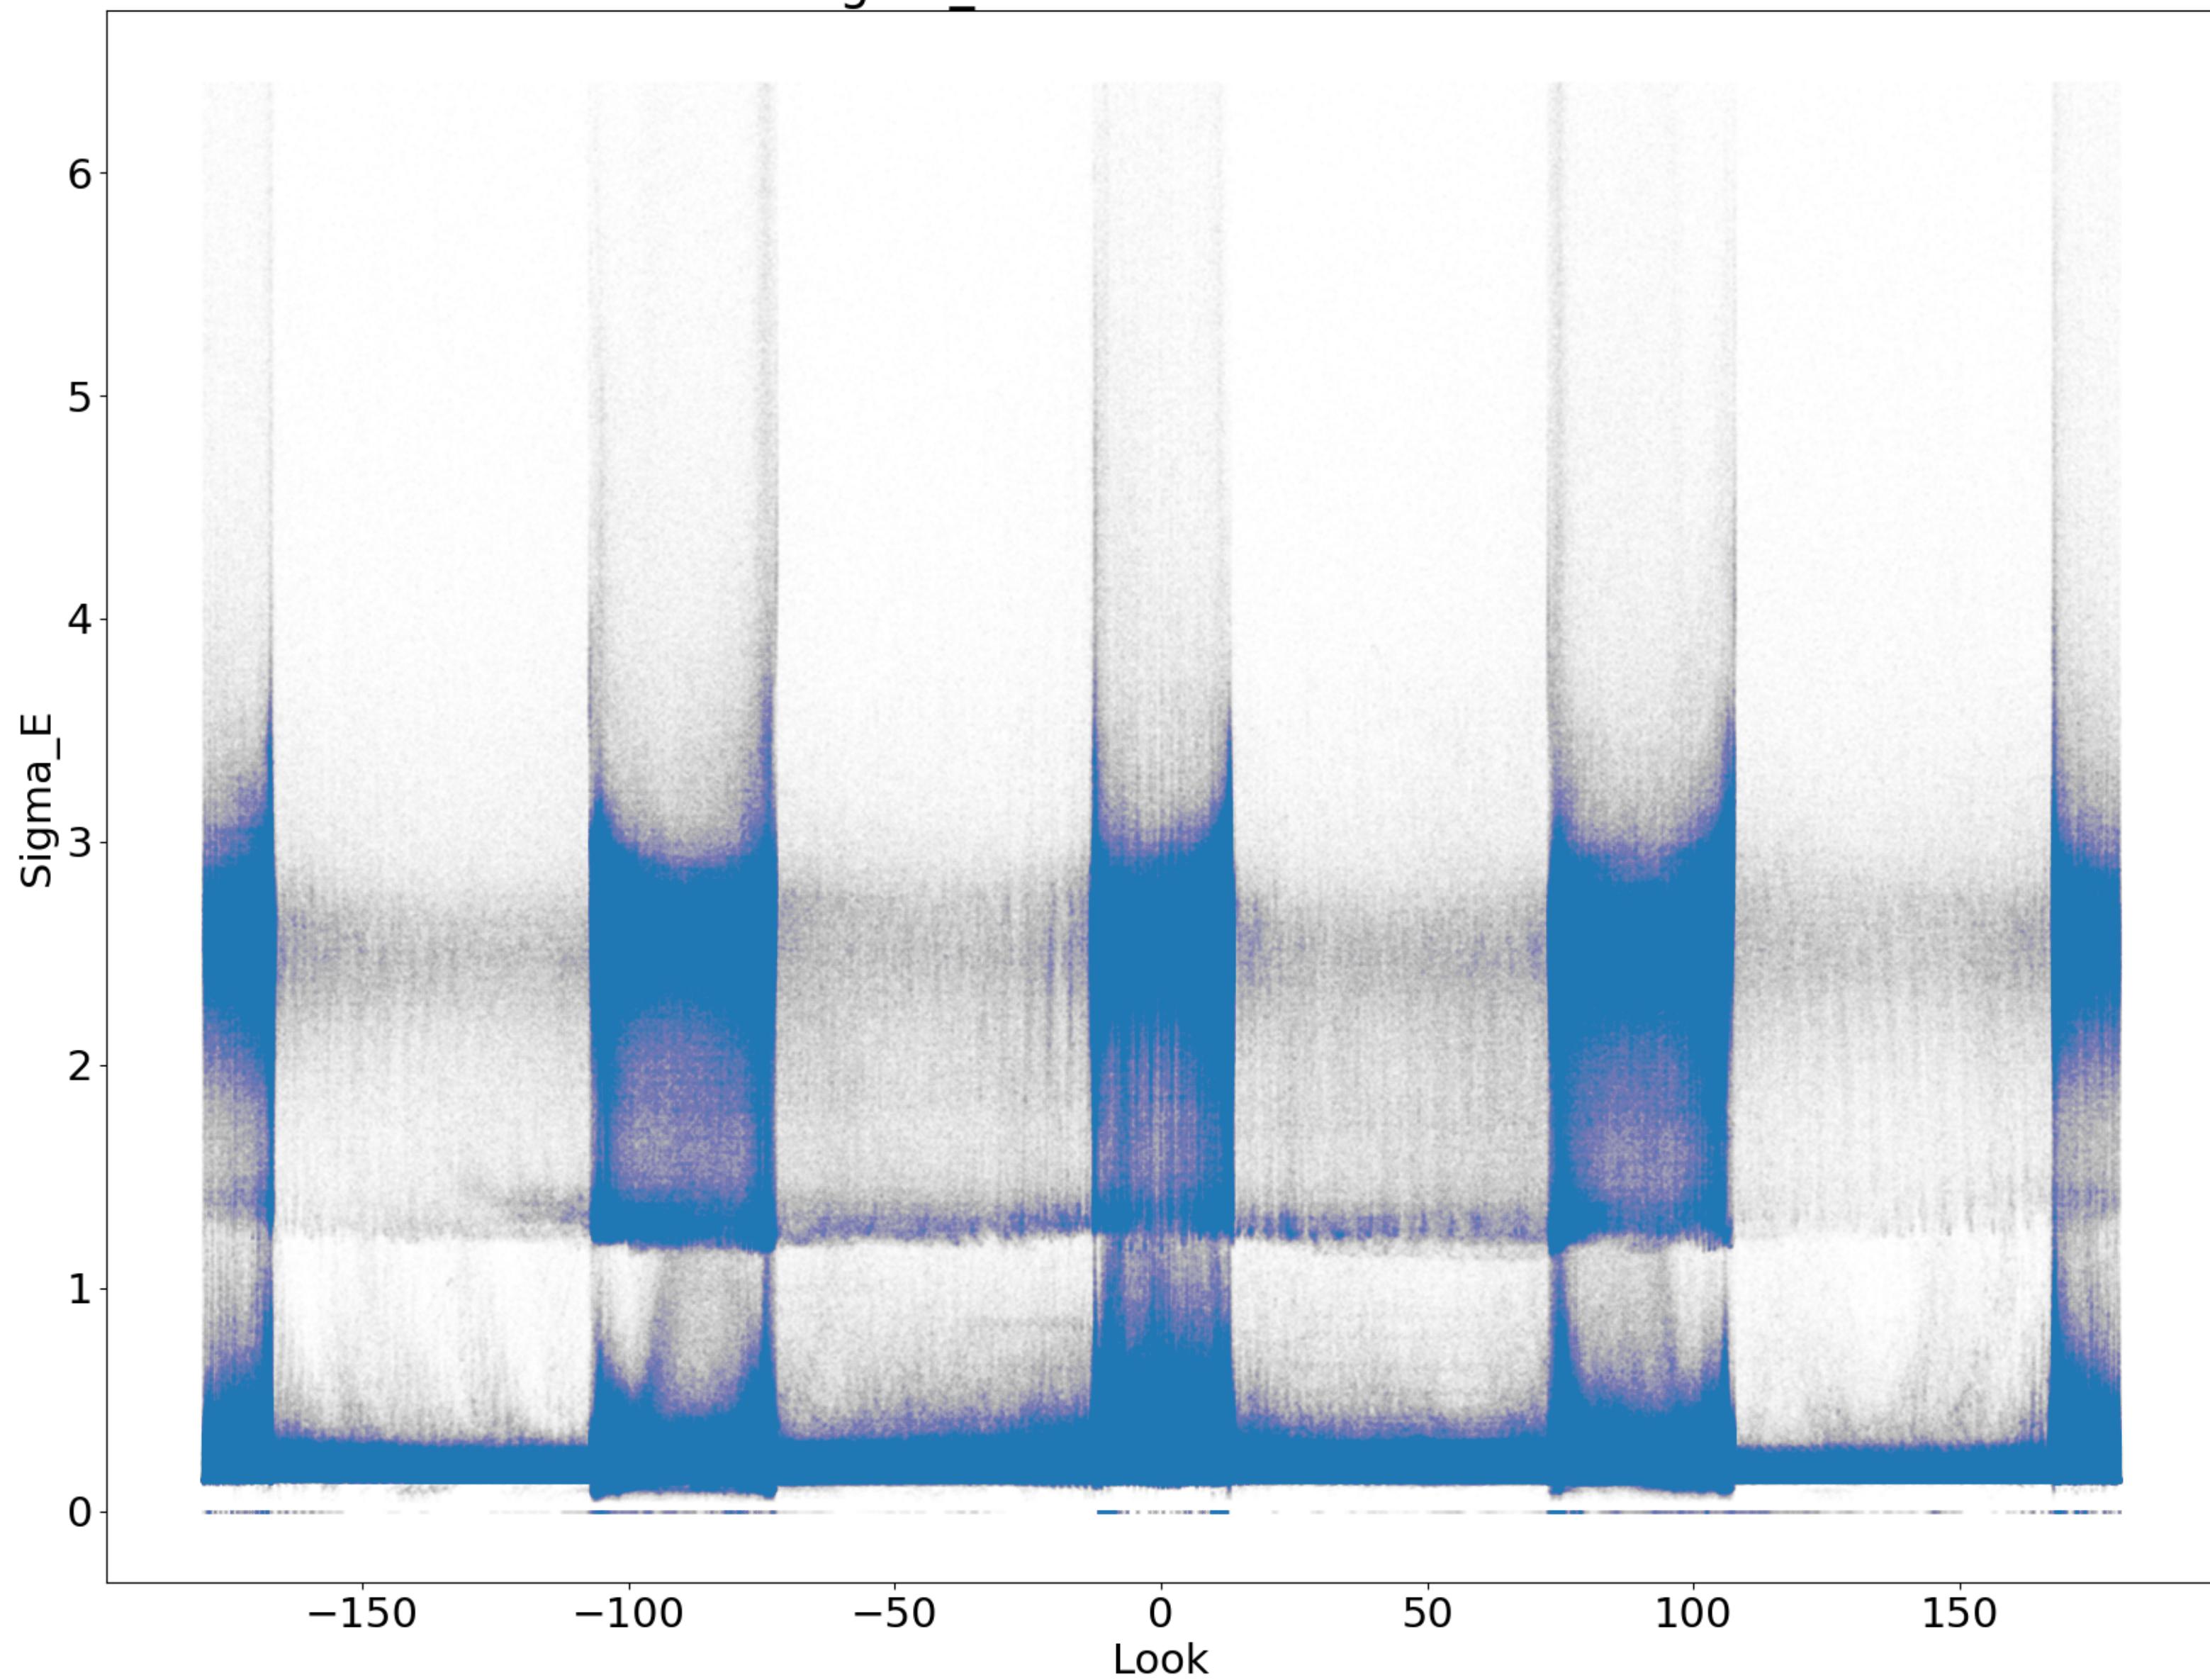

Sigma_E as a function of latitude

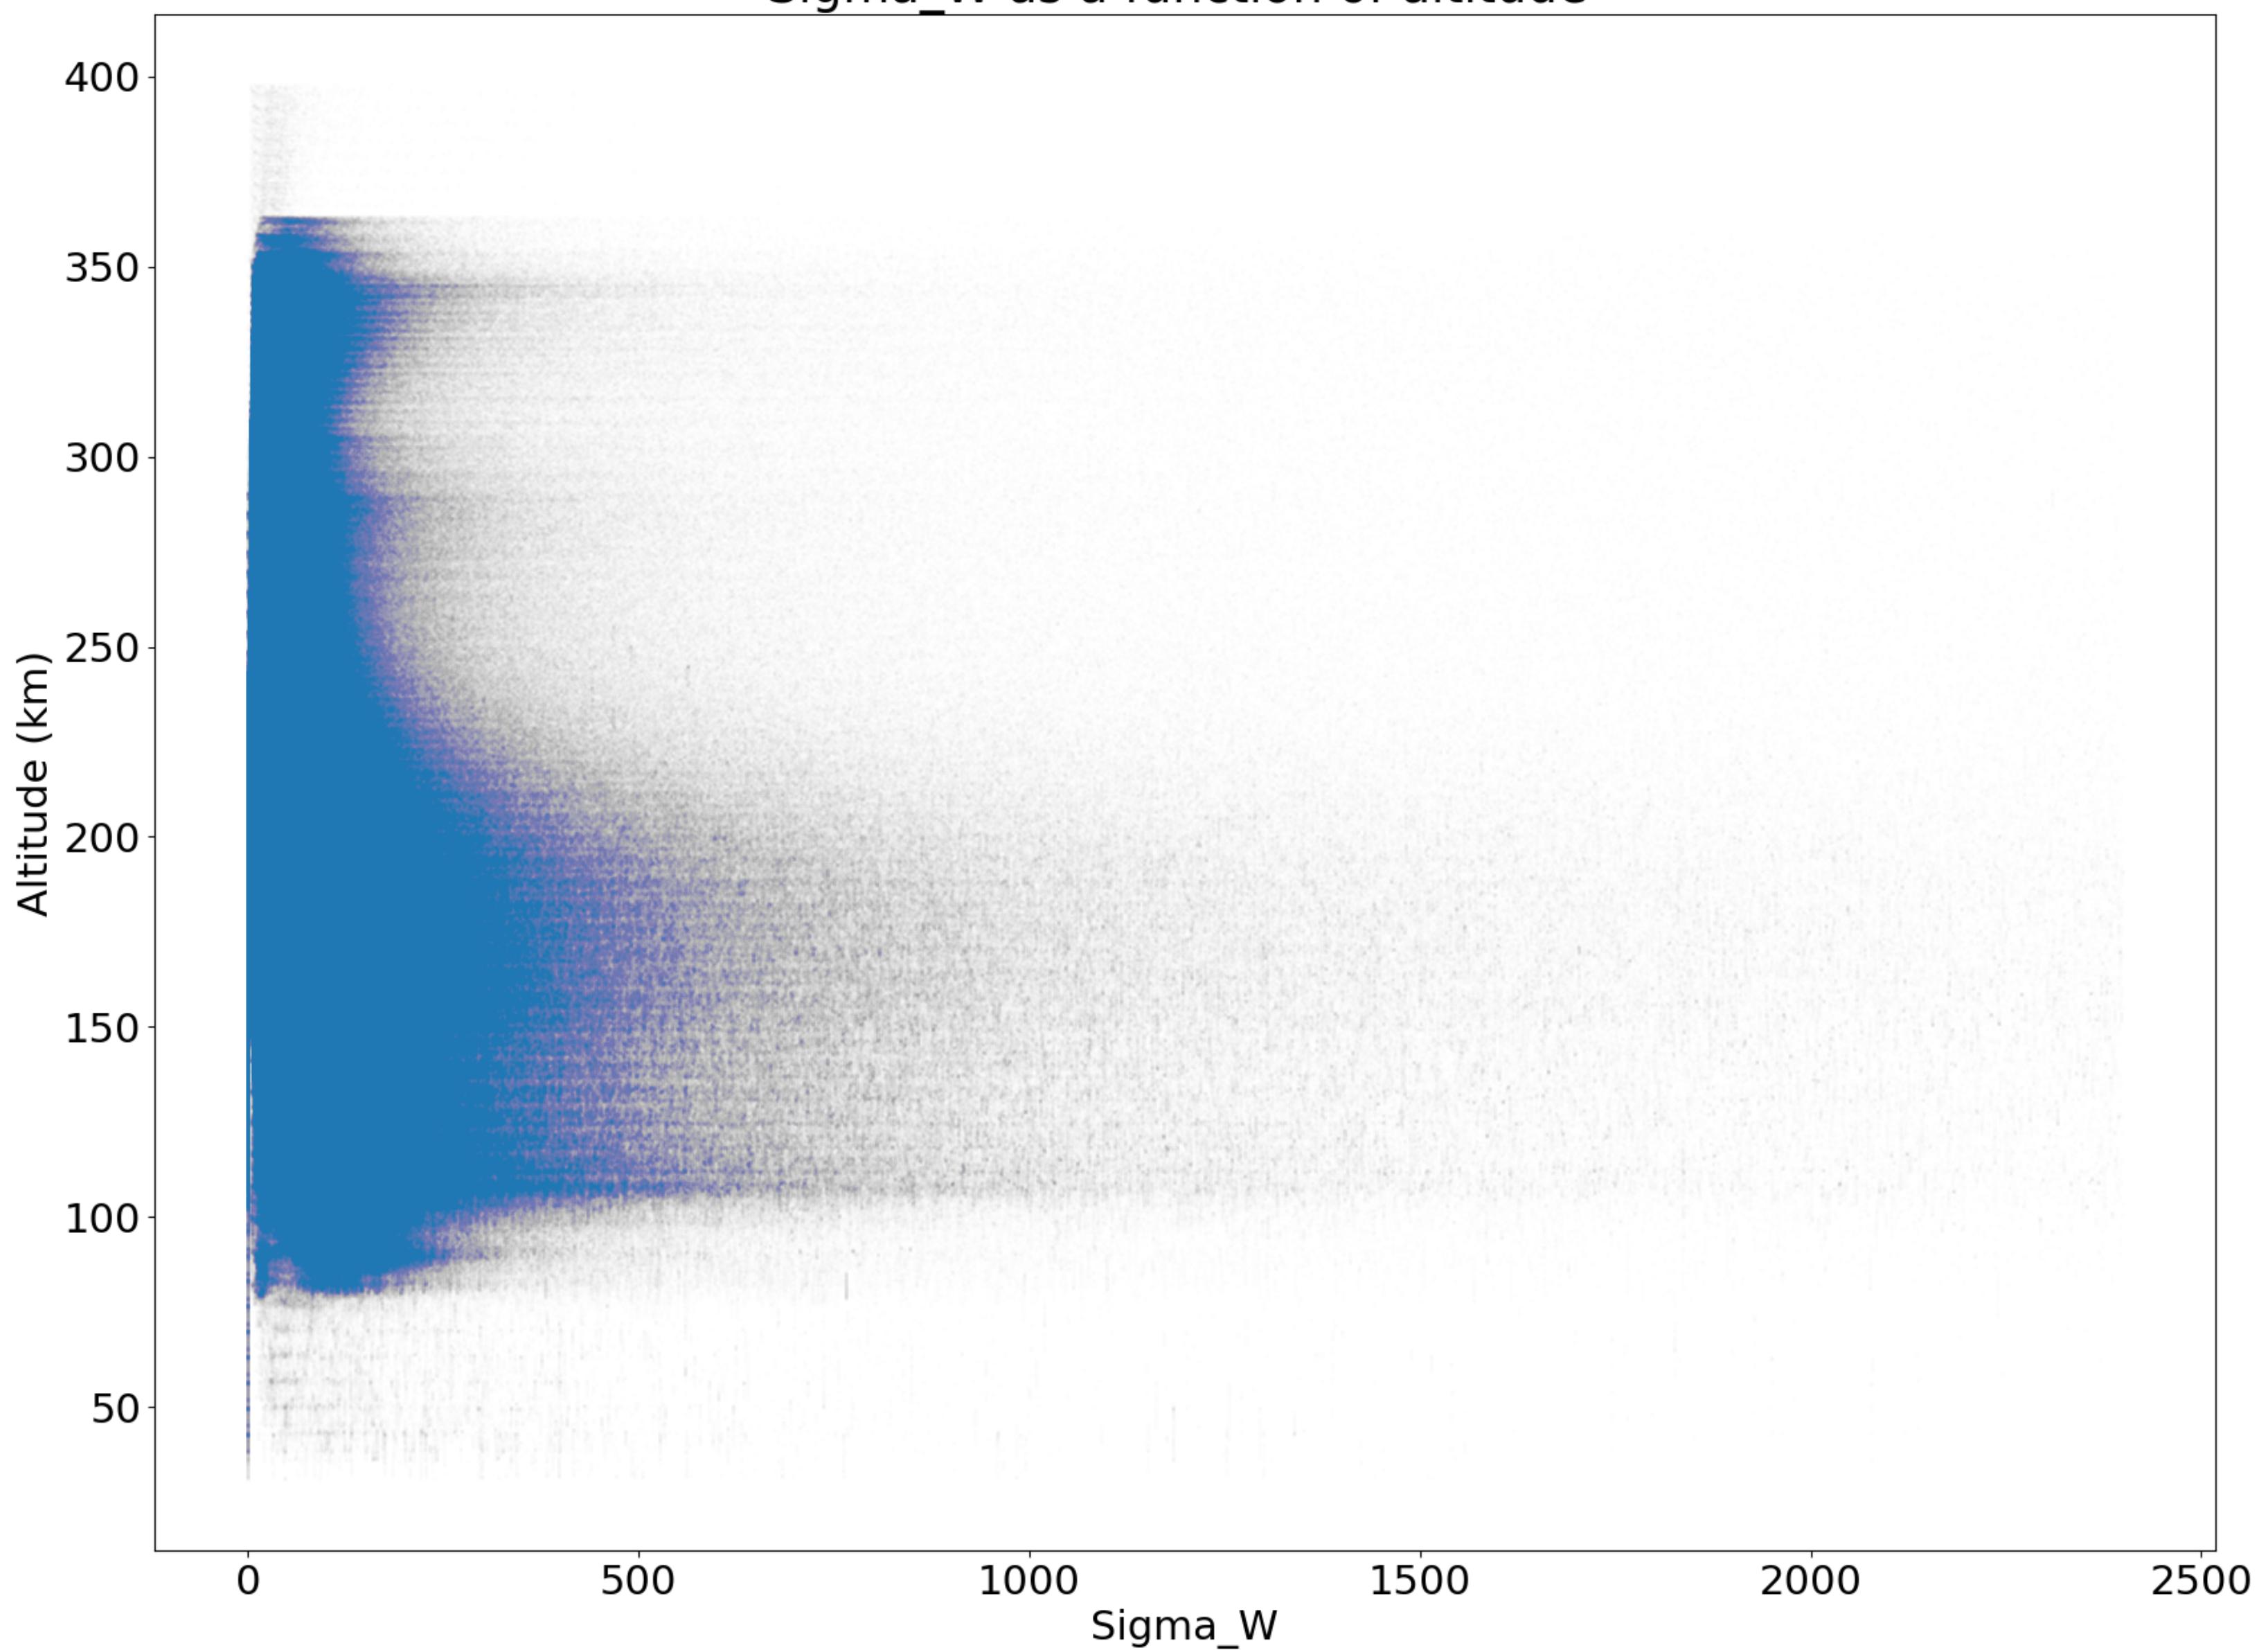

Sigma_E as a function of longitude

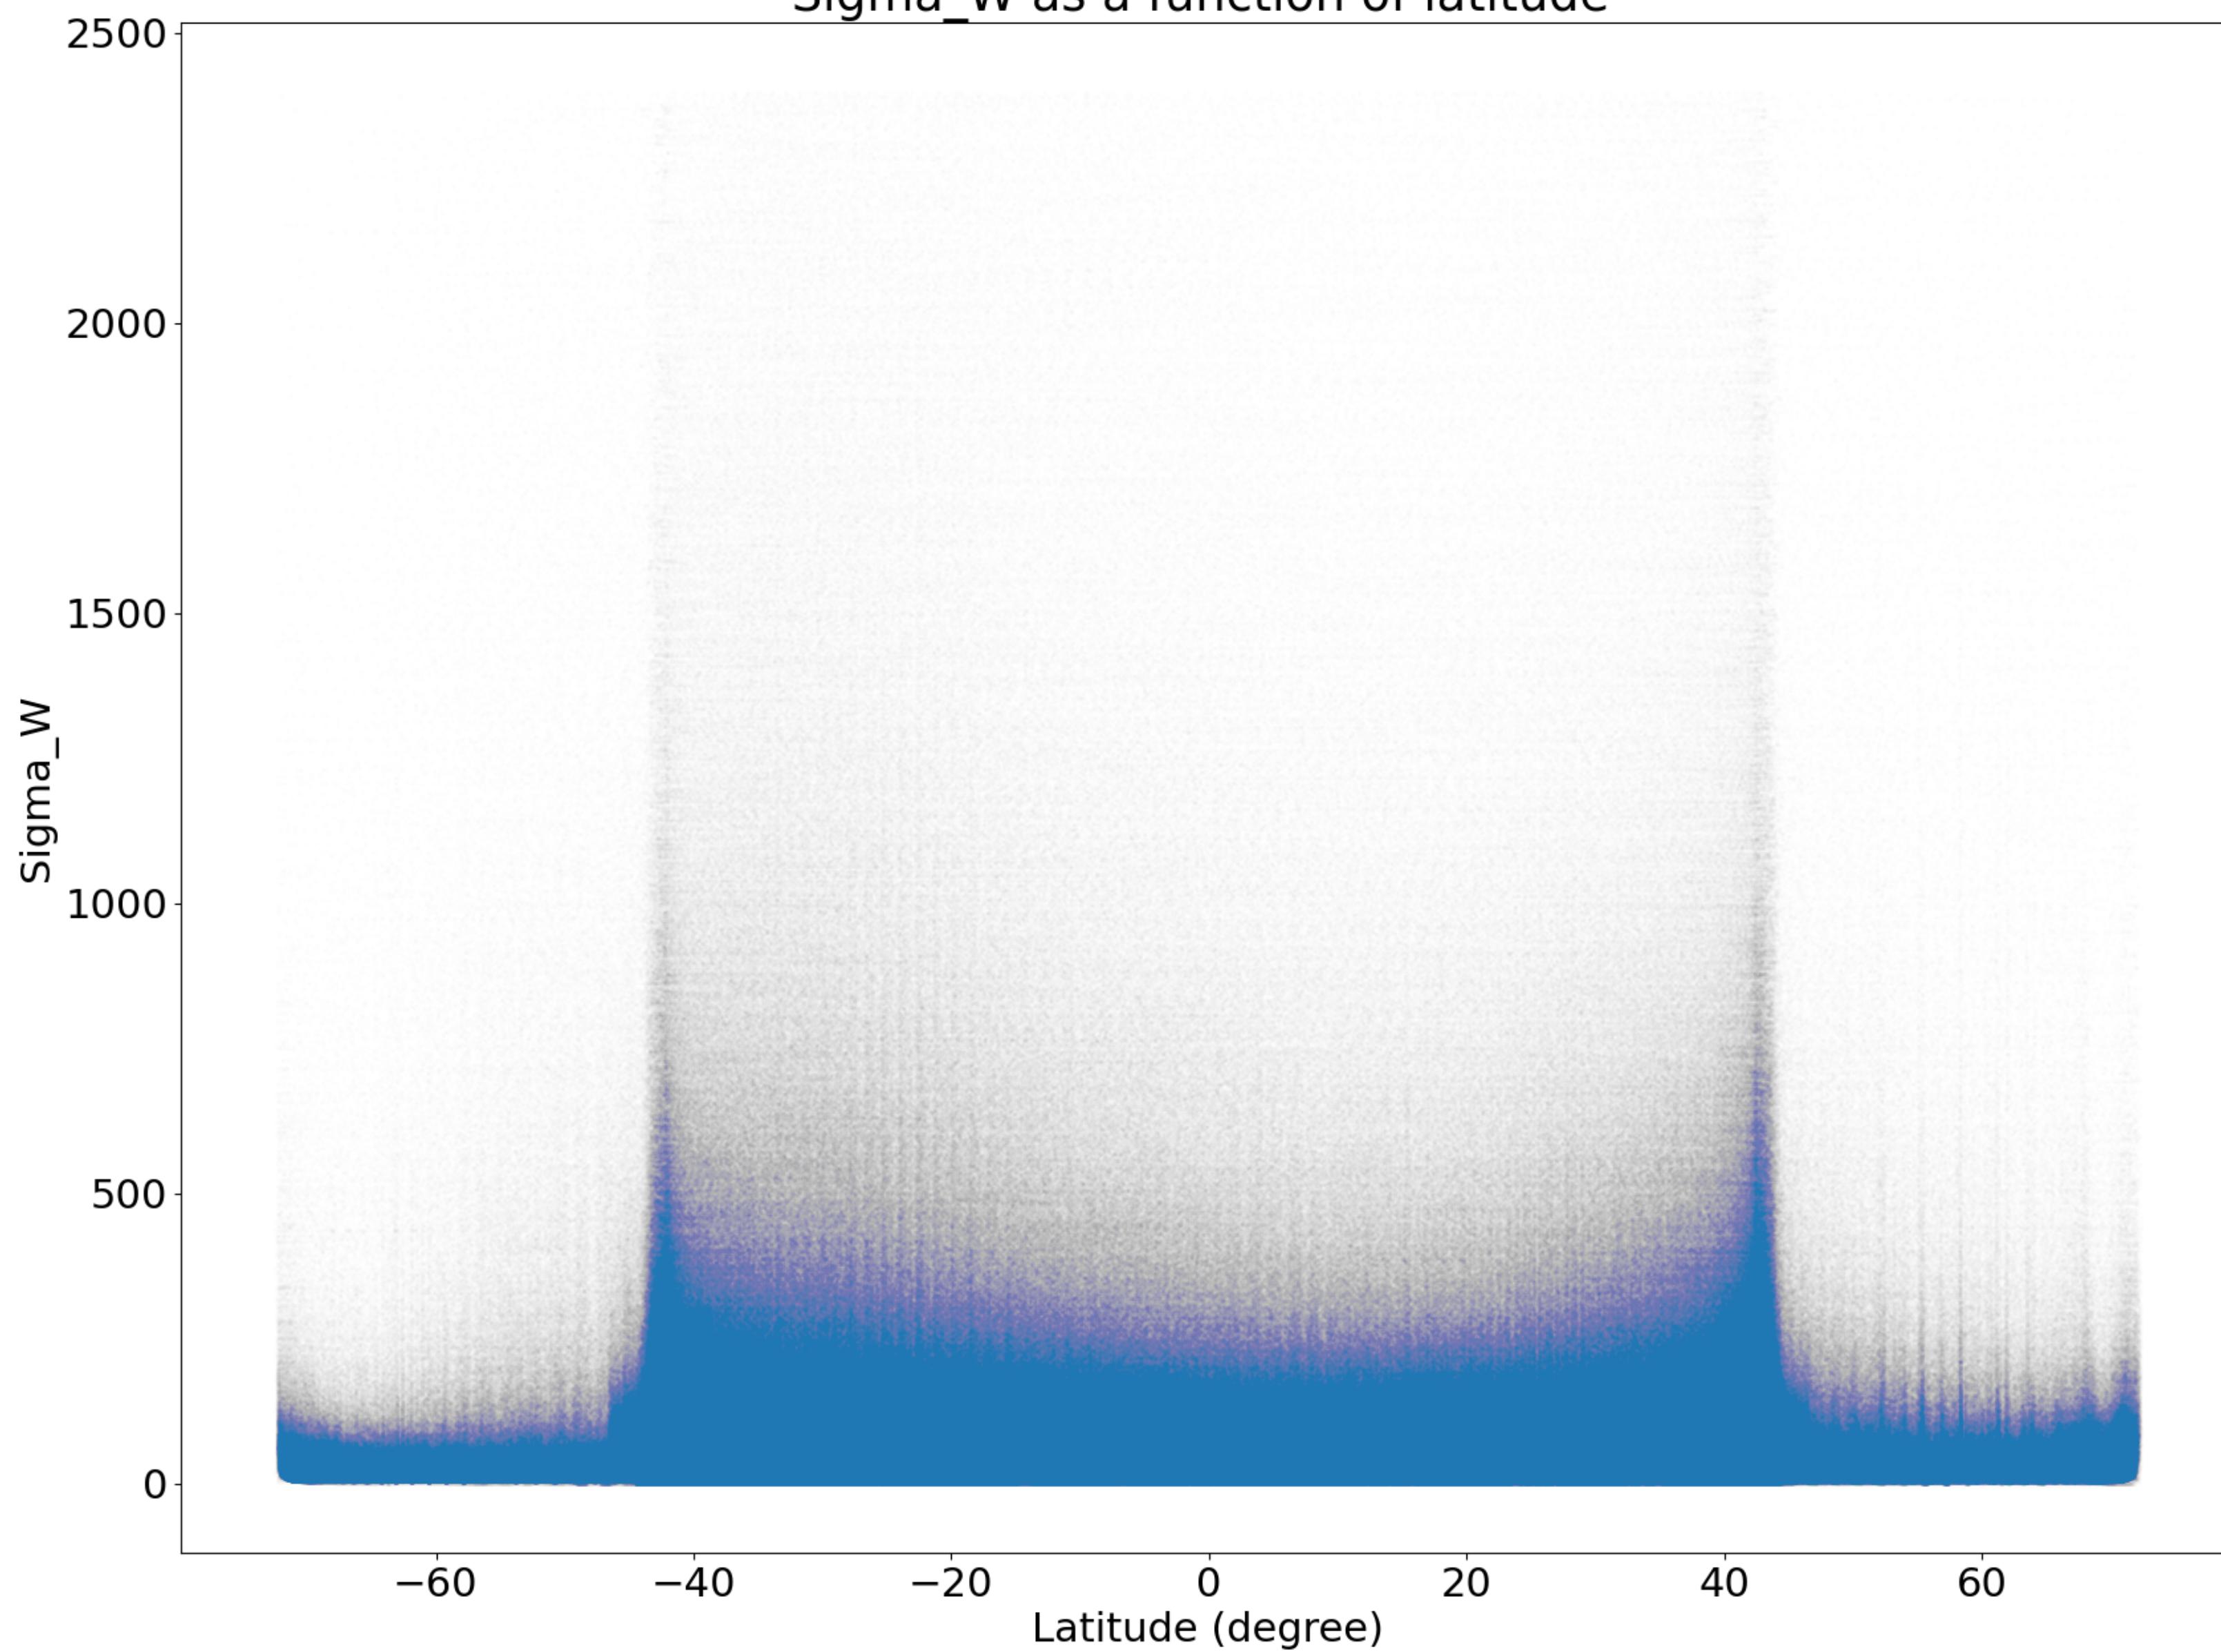

Sigma_E as a function of look

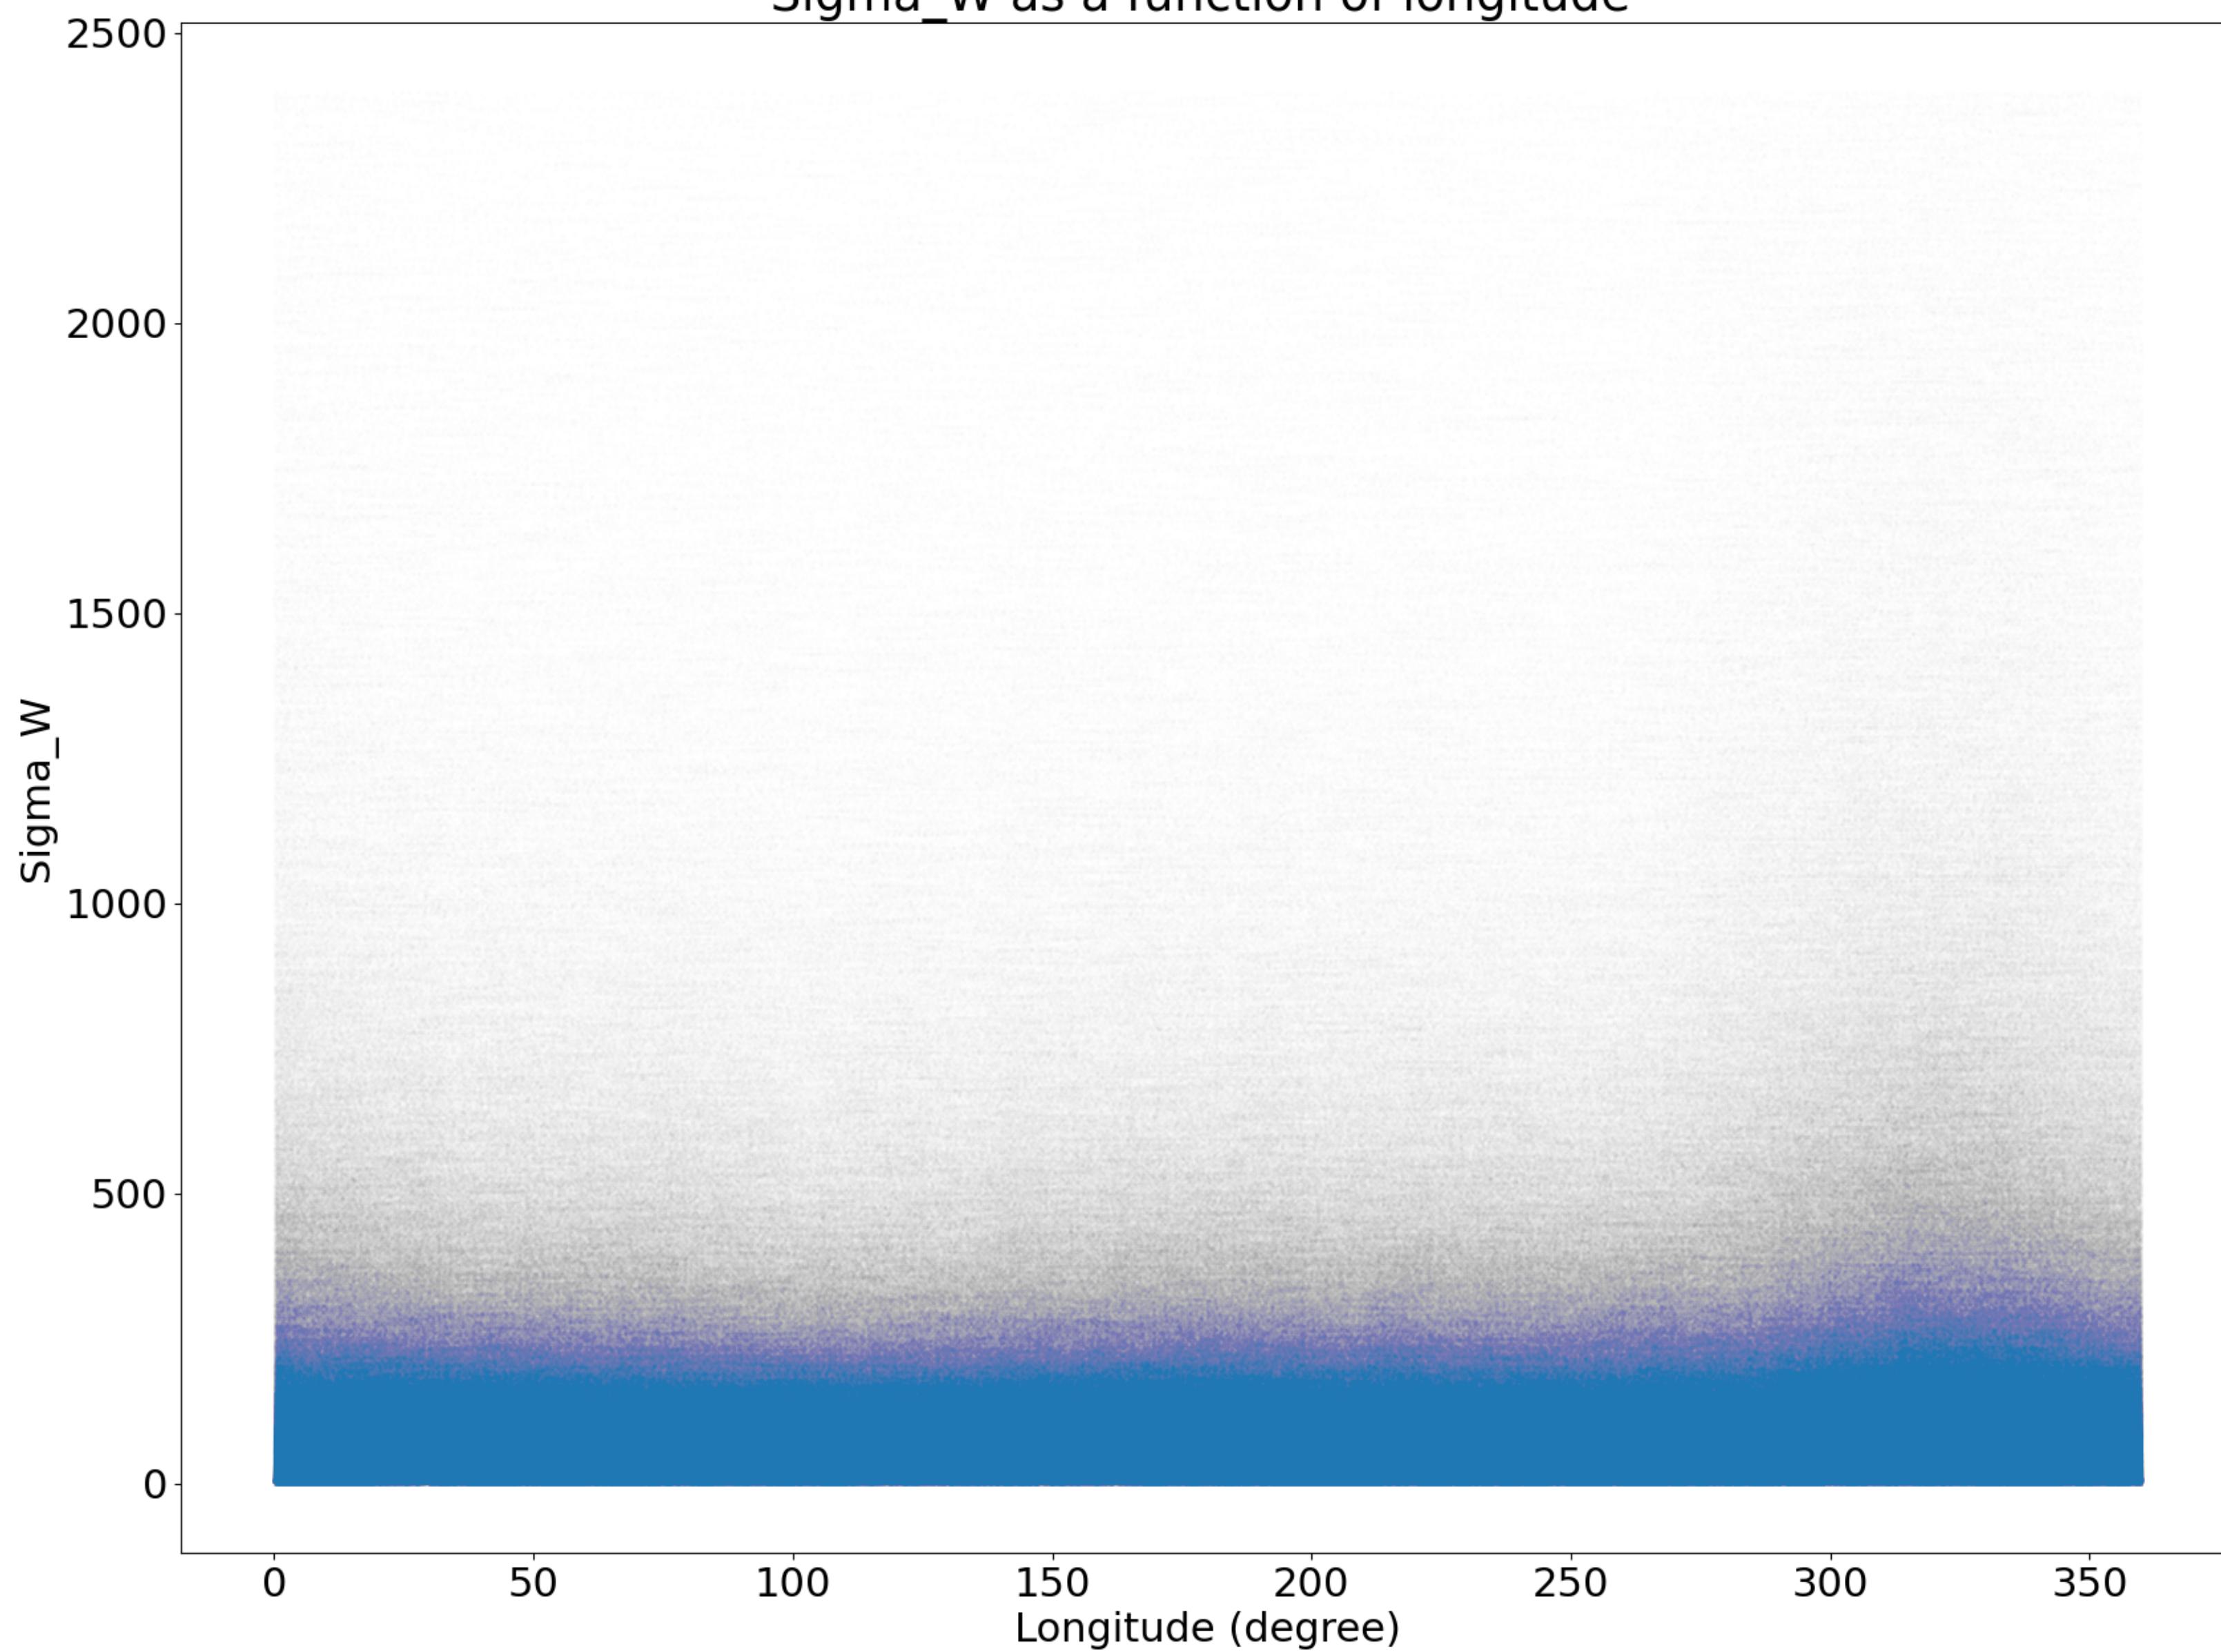

Sigma_W as a function of altitude

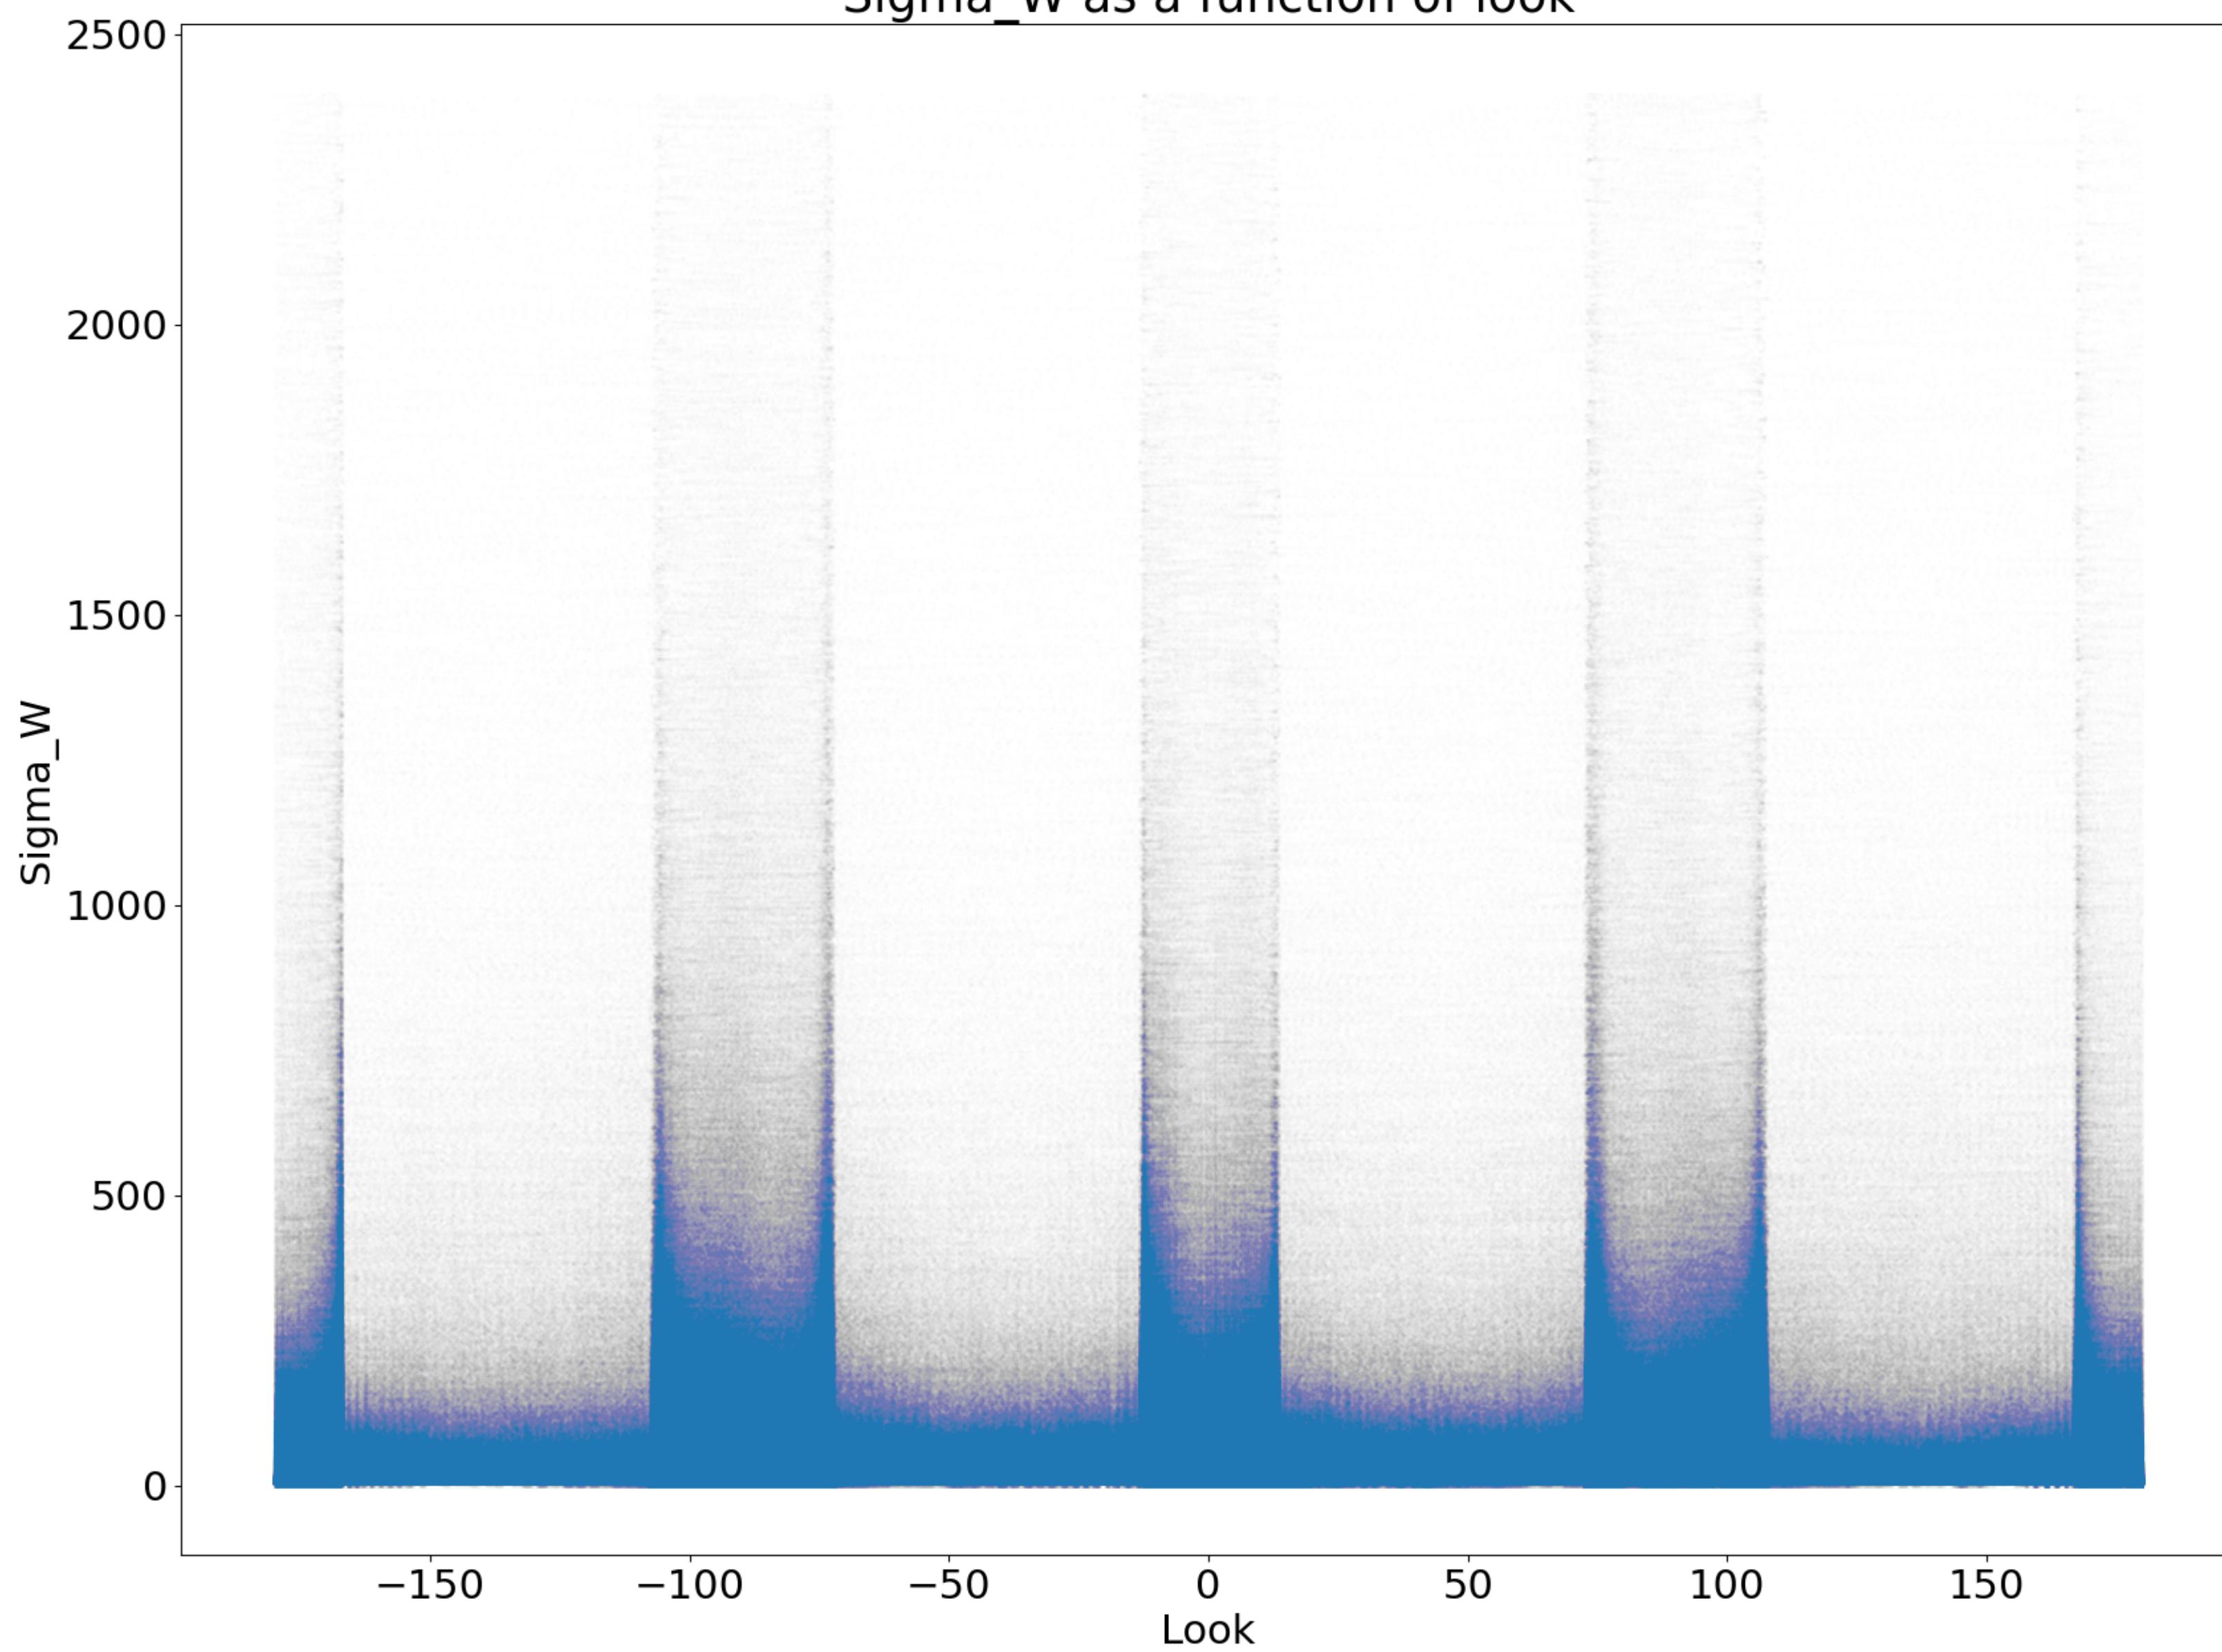

Sigma_W as a function of latitude

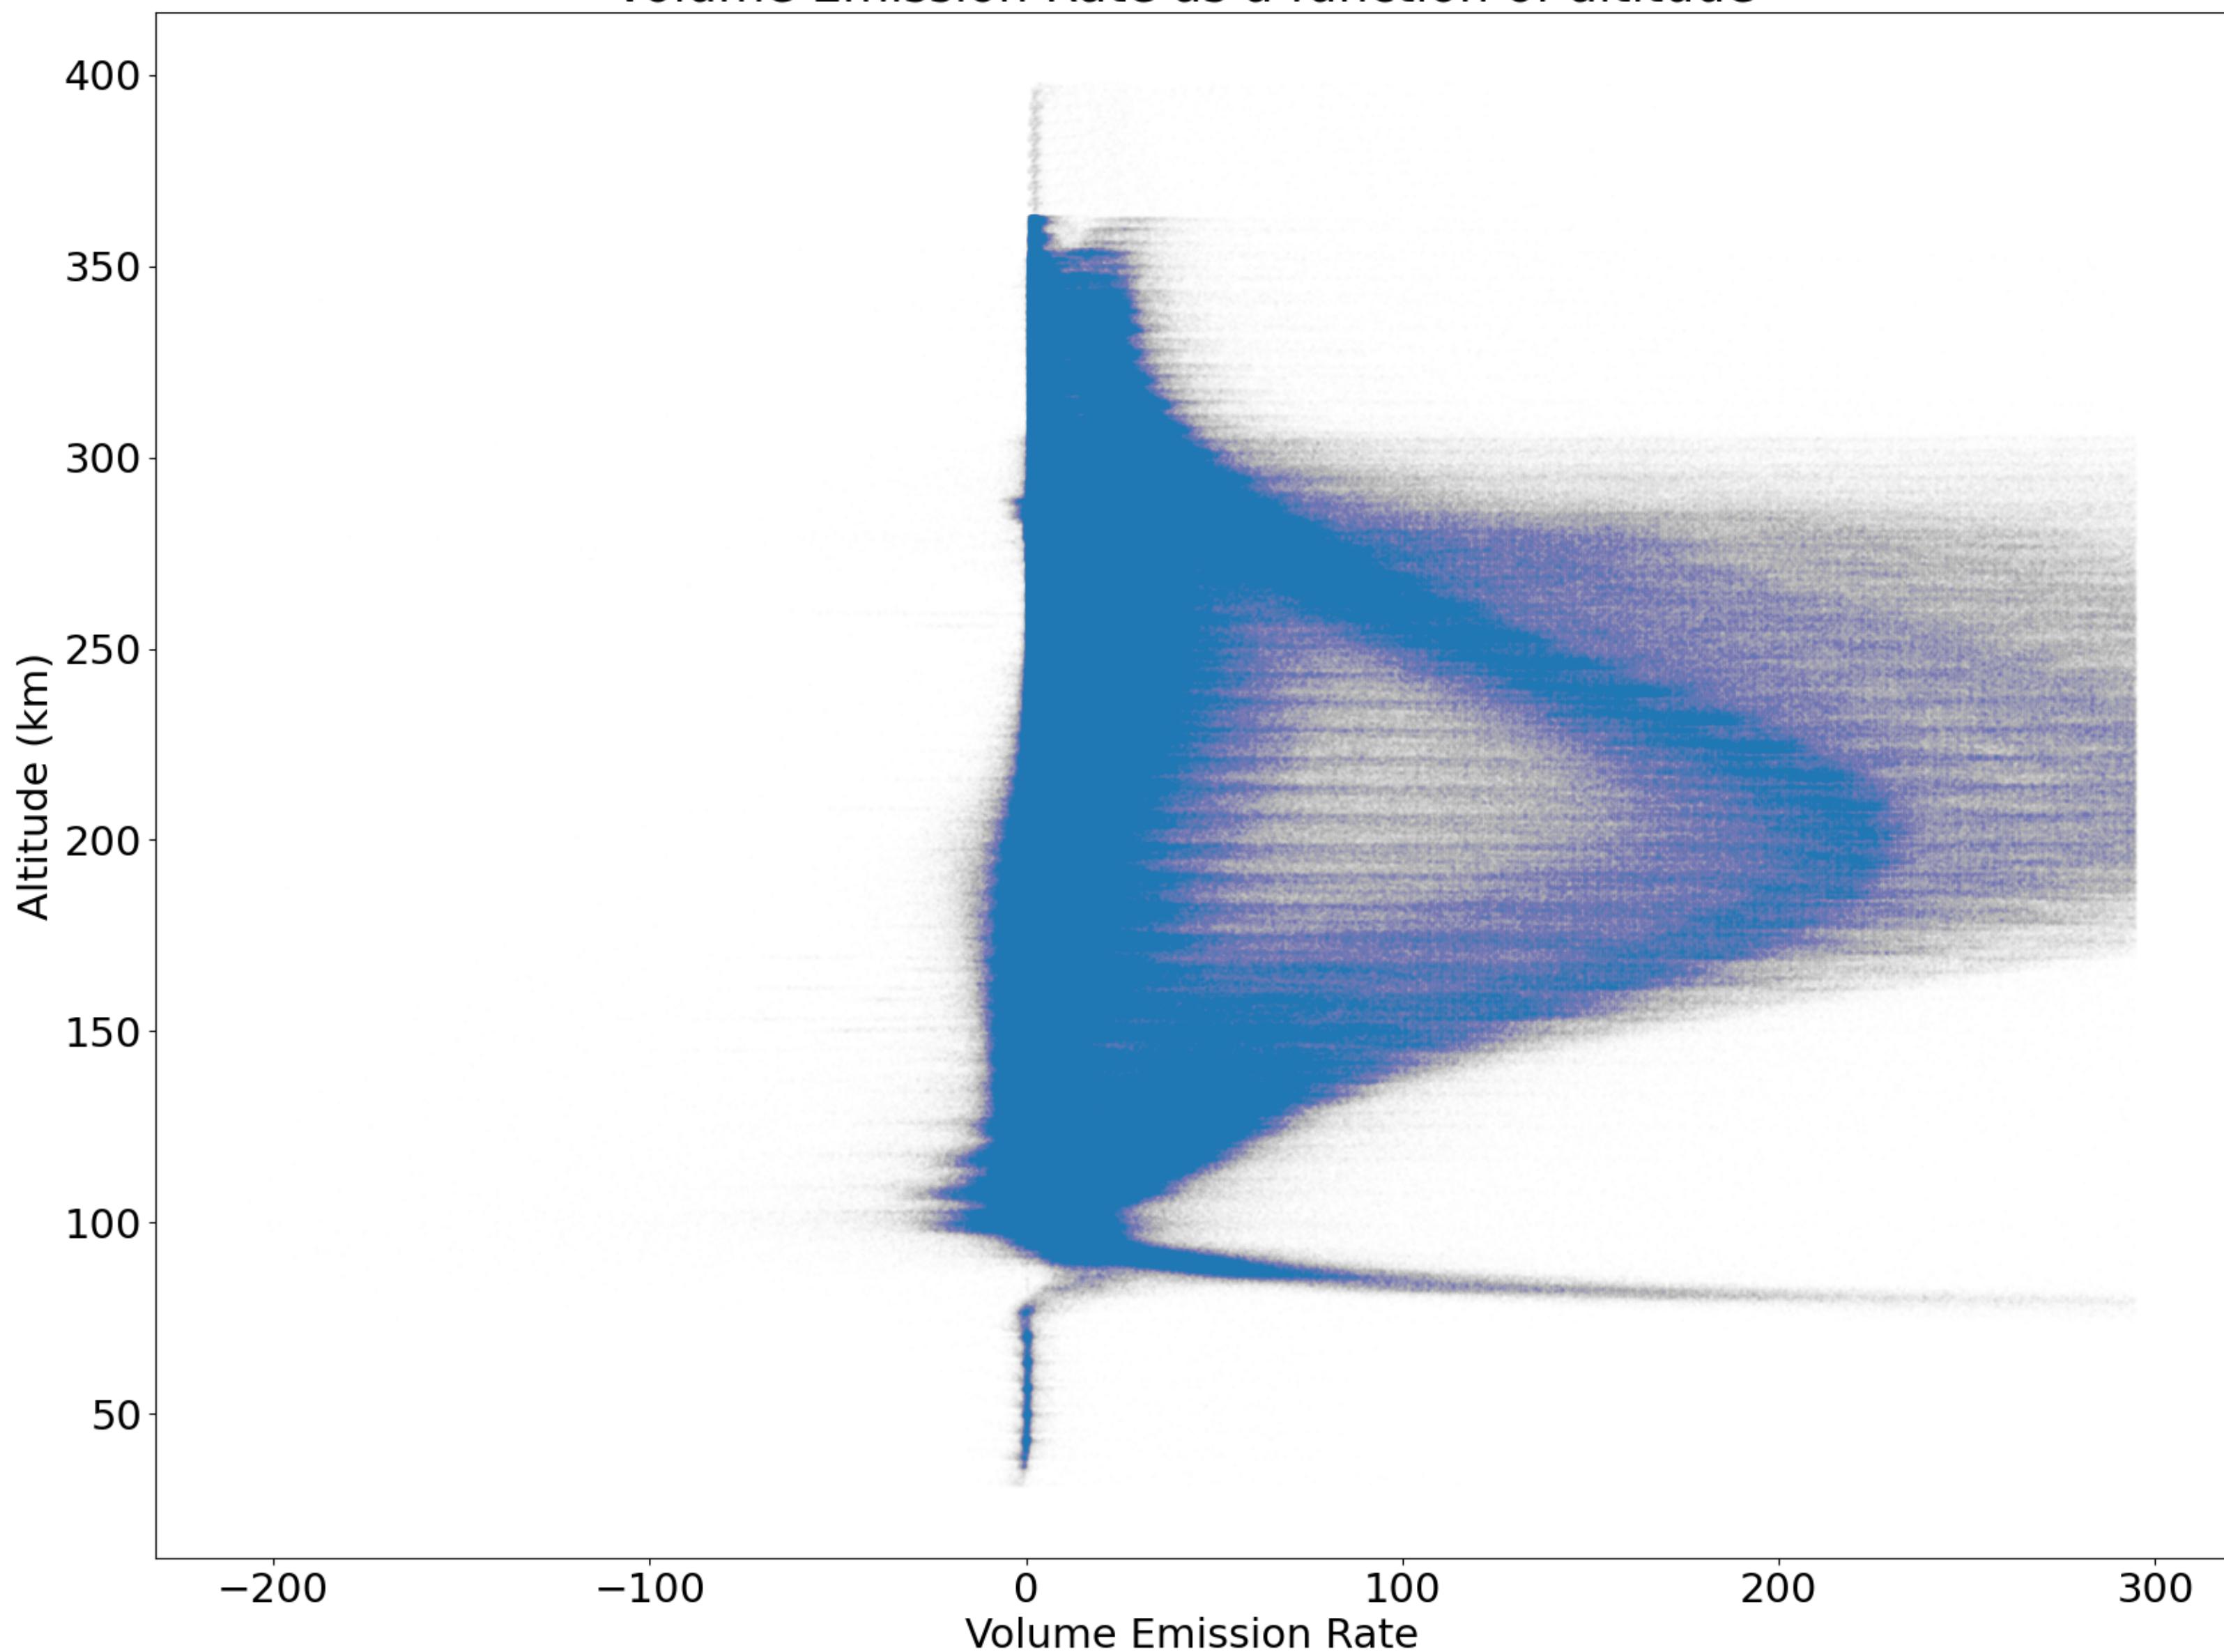

Sigma_W as a function of longitude

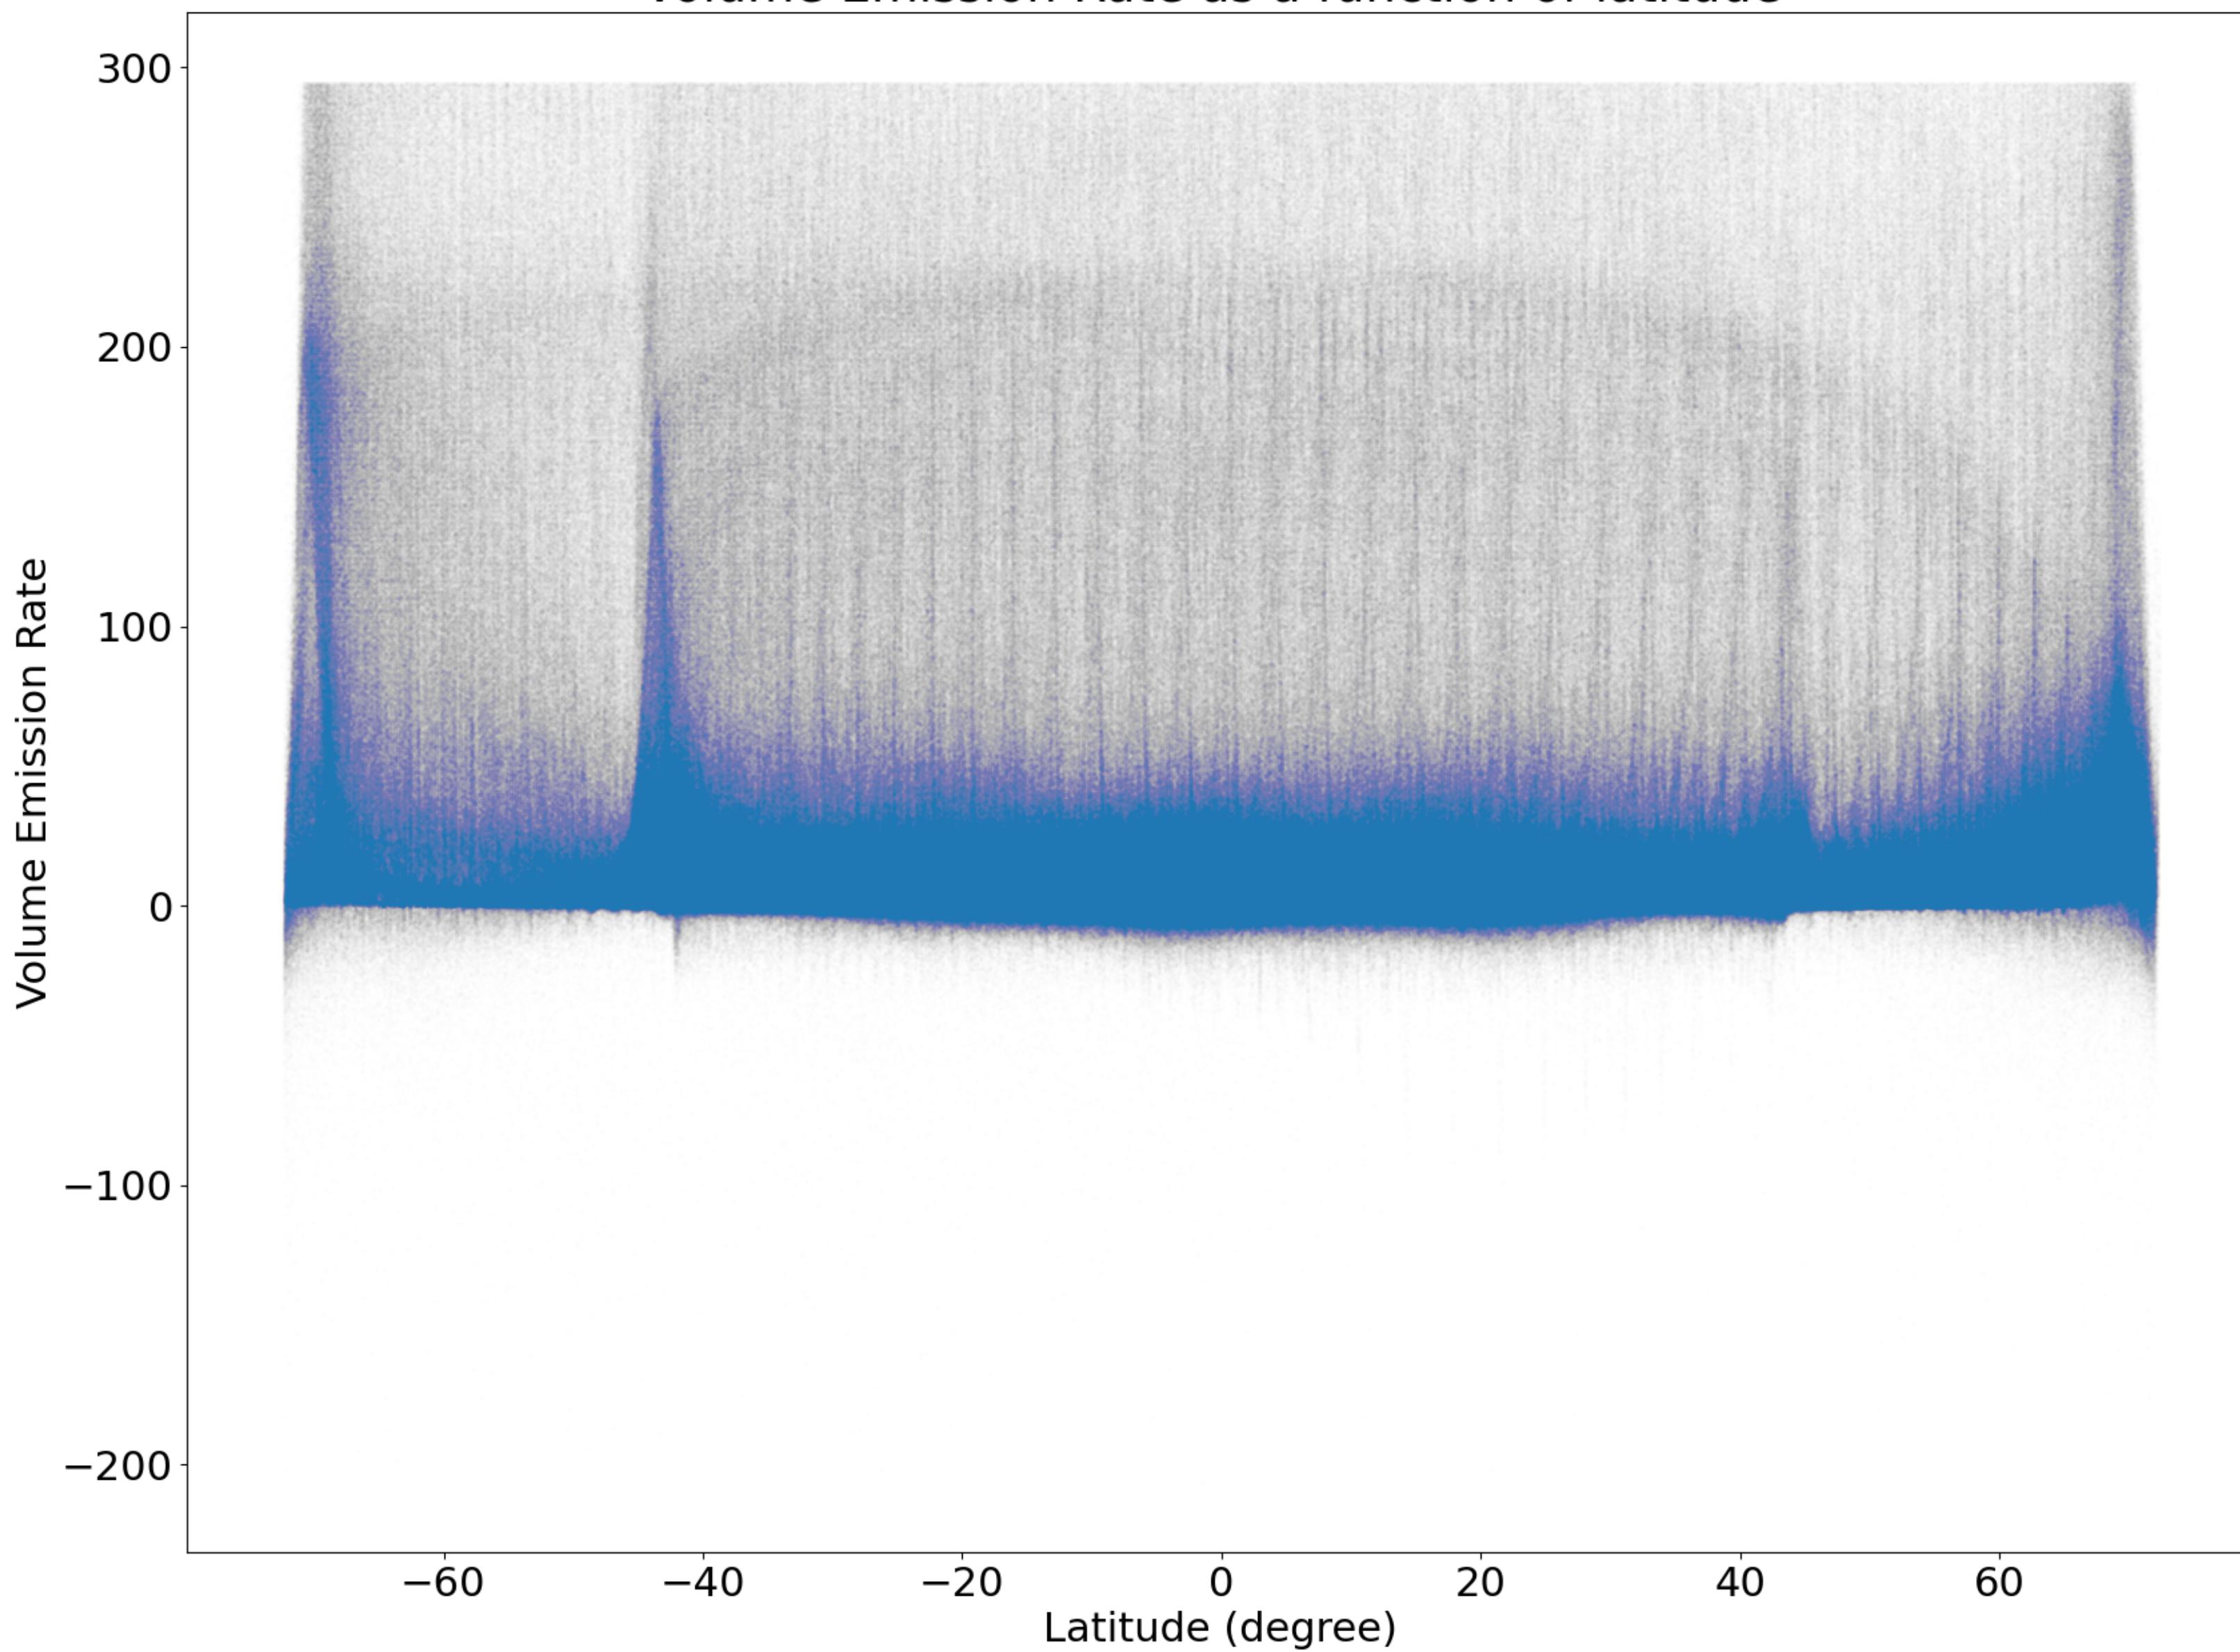

Sigma_W as a function of look

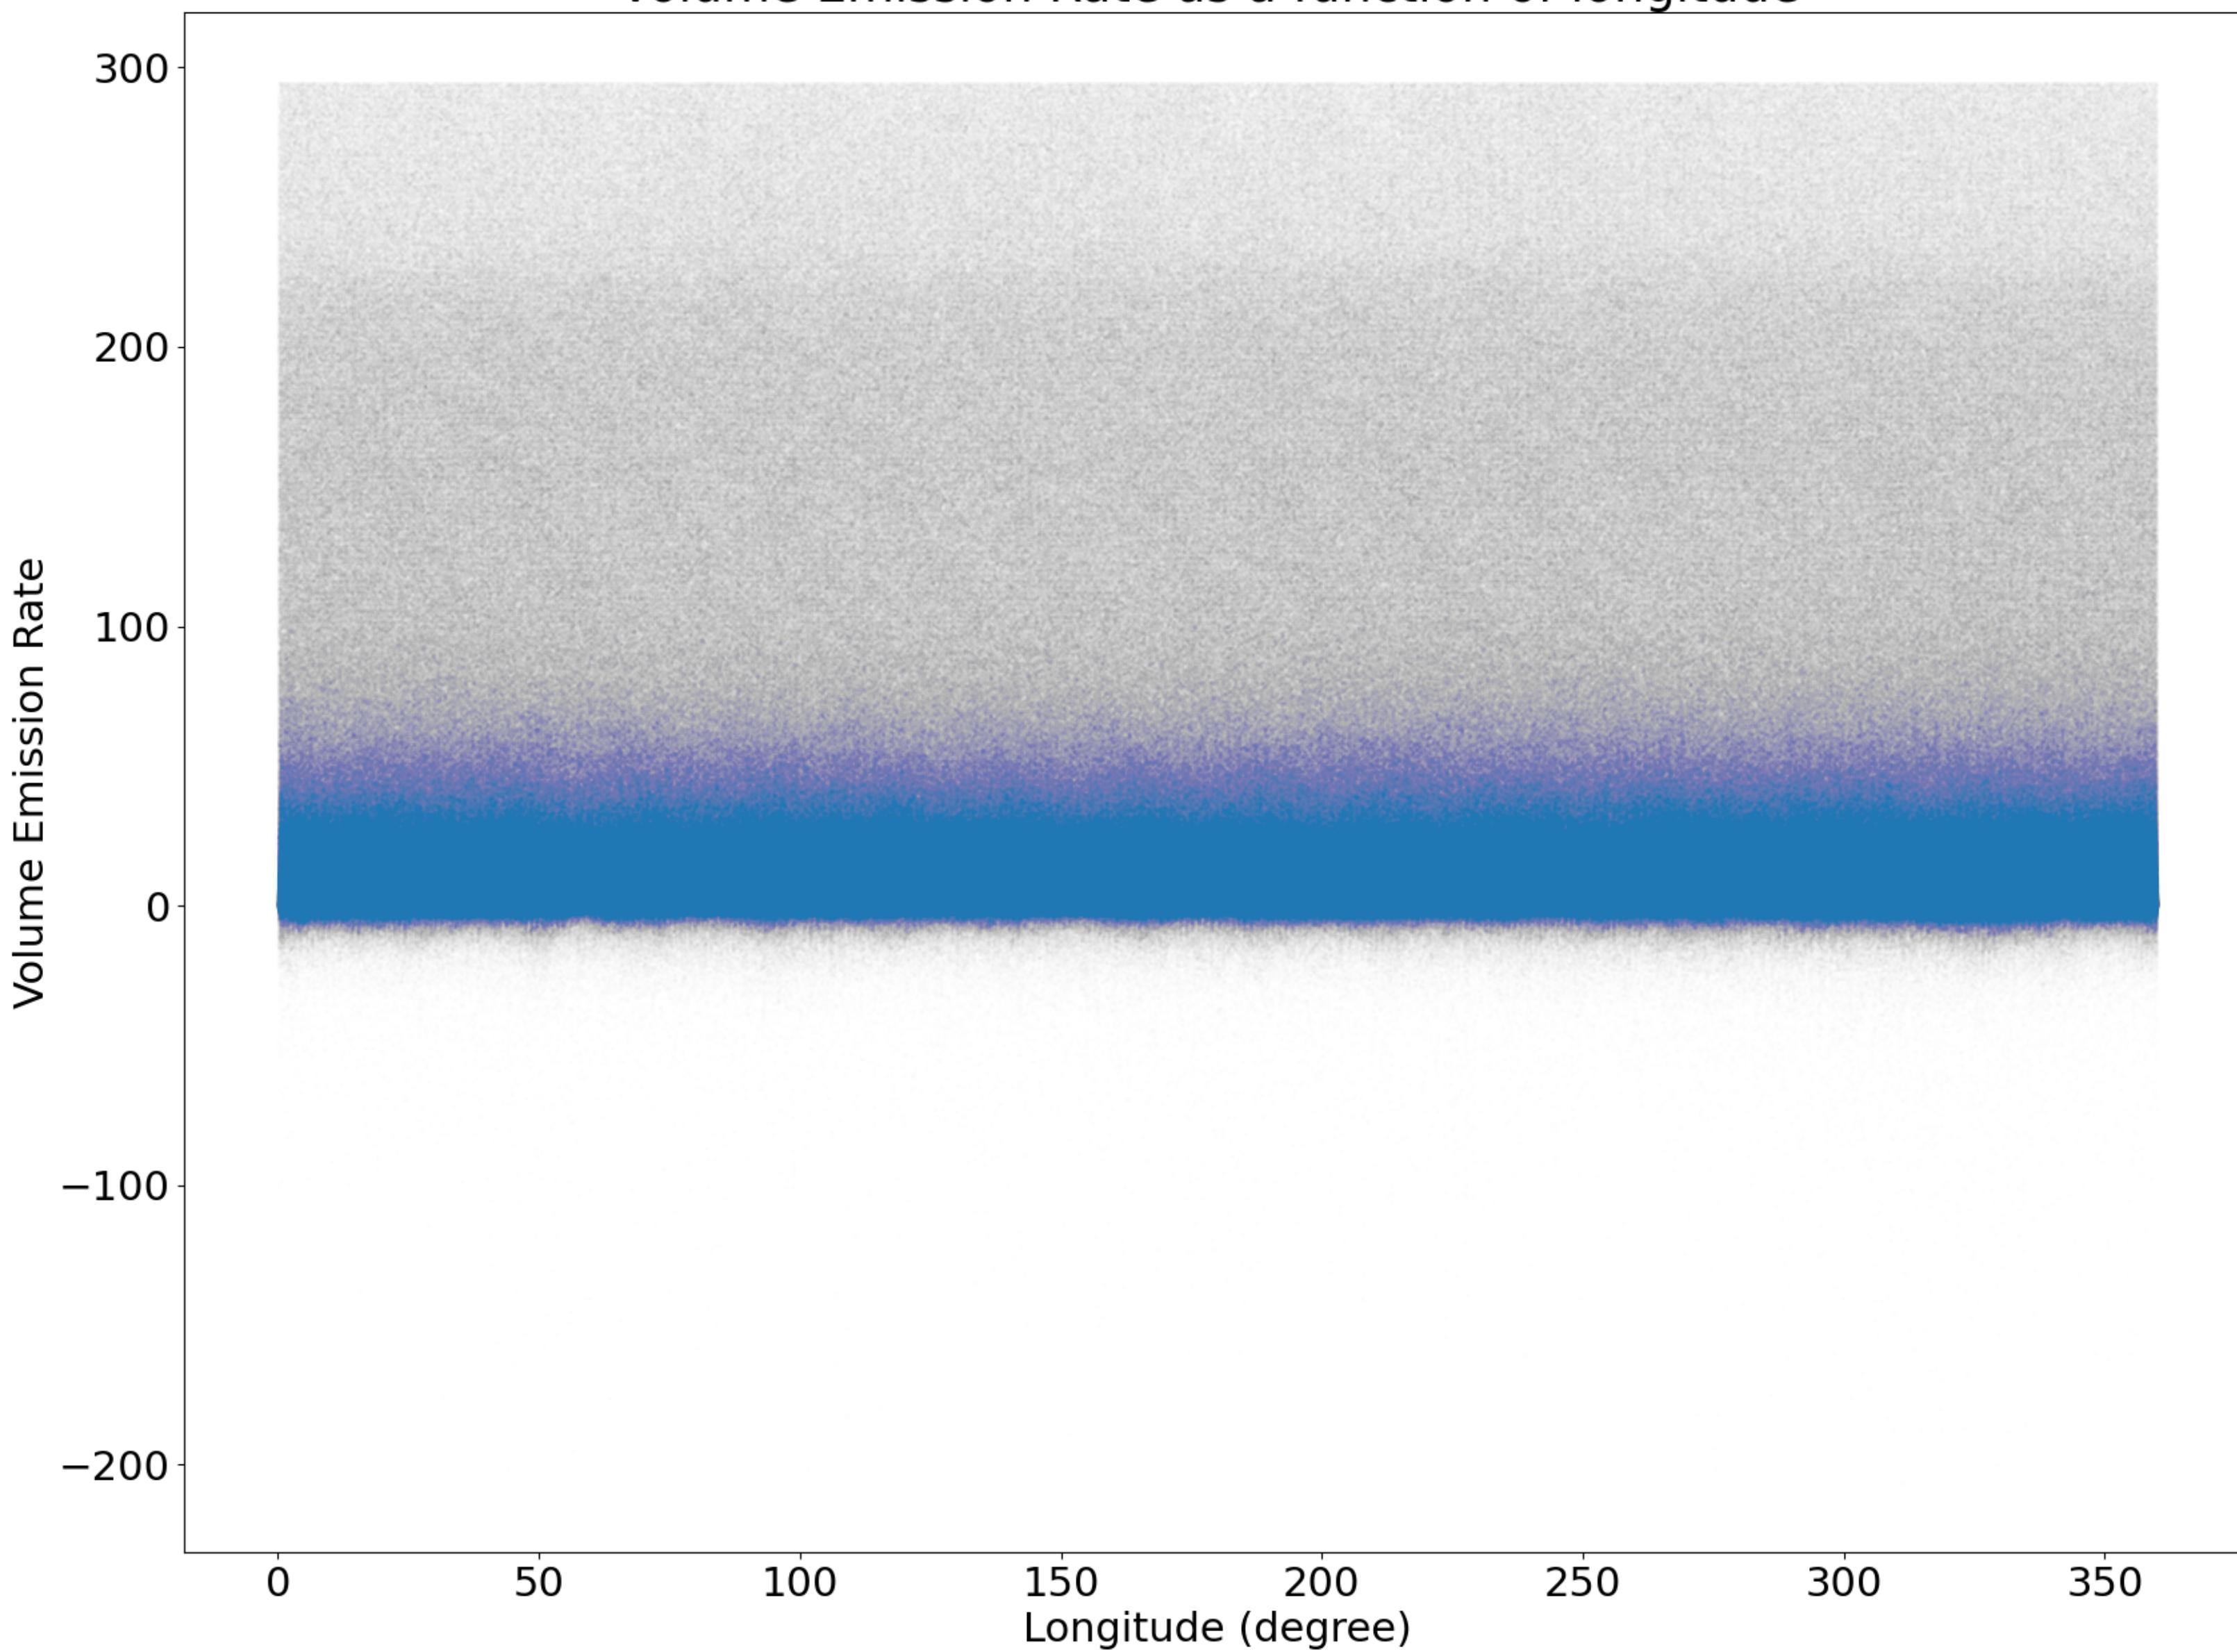

Volume Emission Rate as a function of altitude

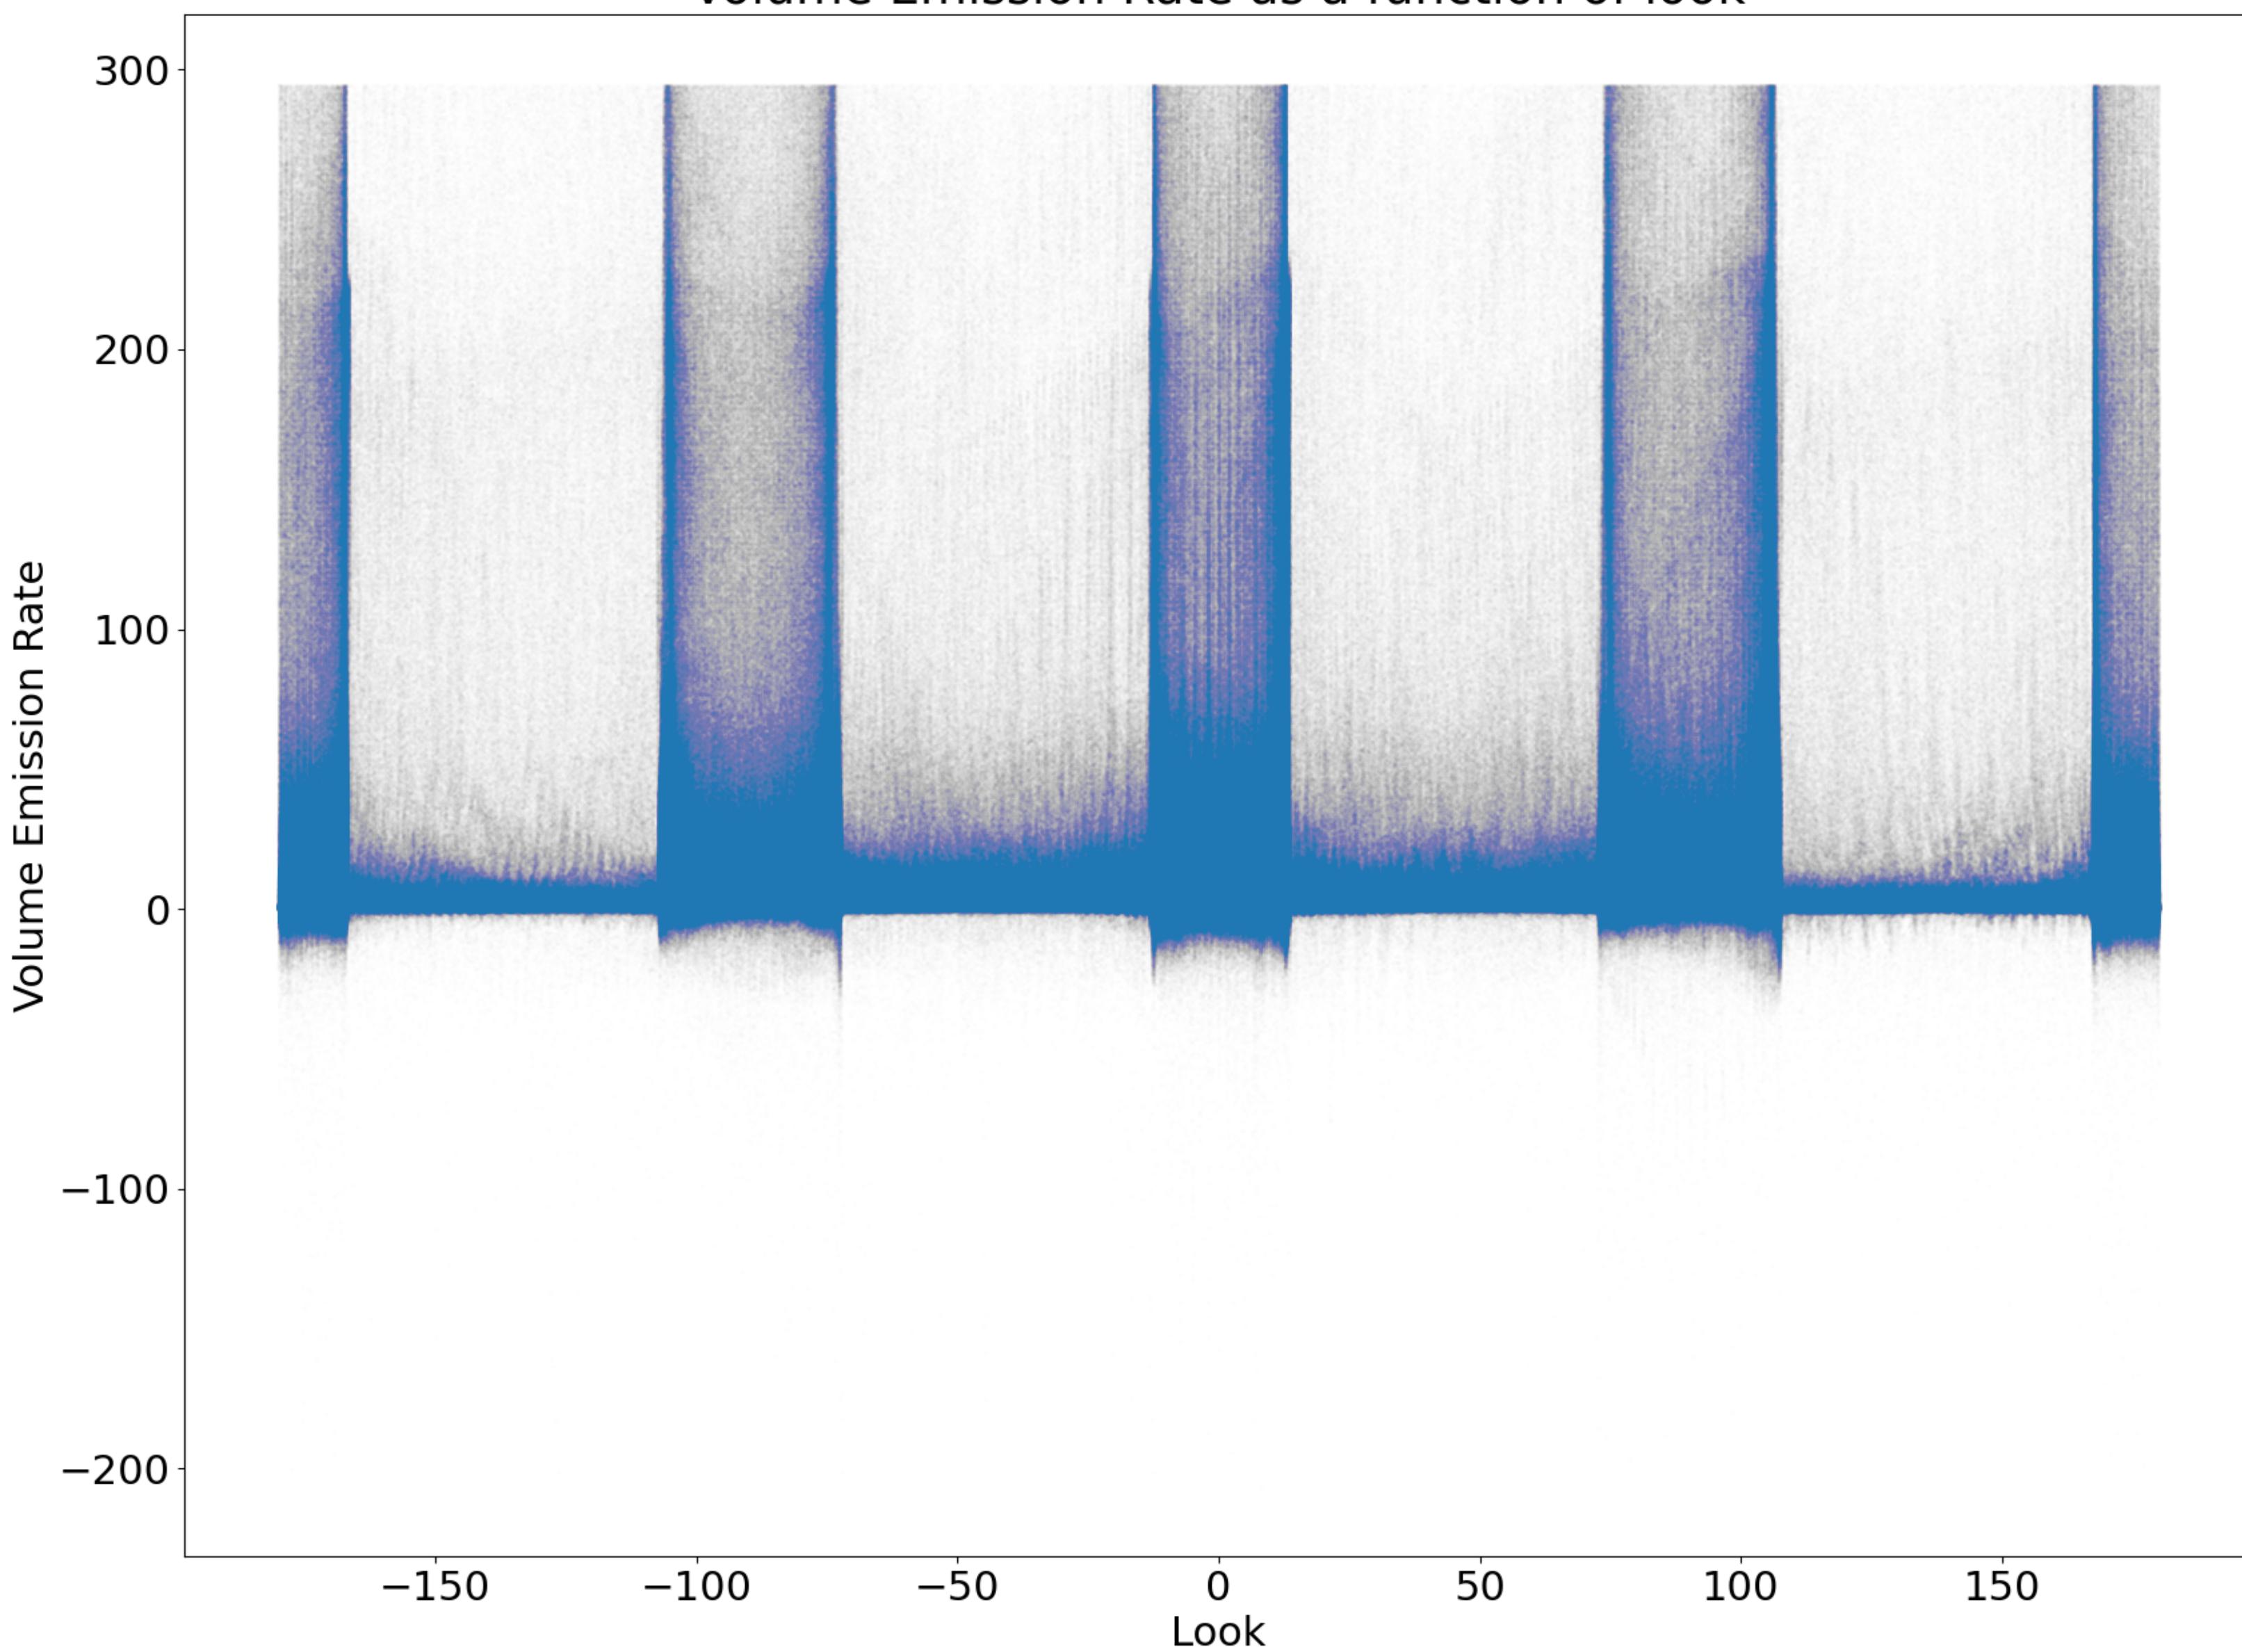

Volume Emission Rate as a function of latitude

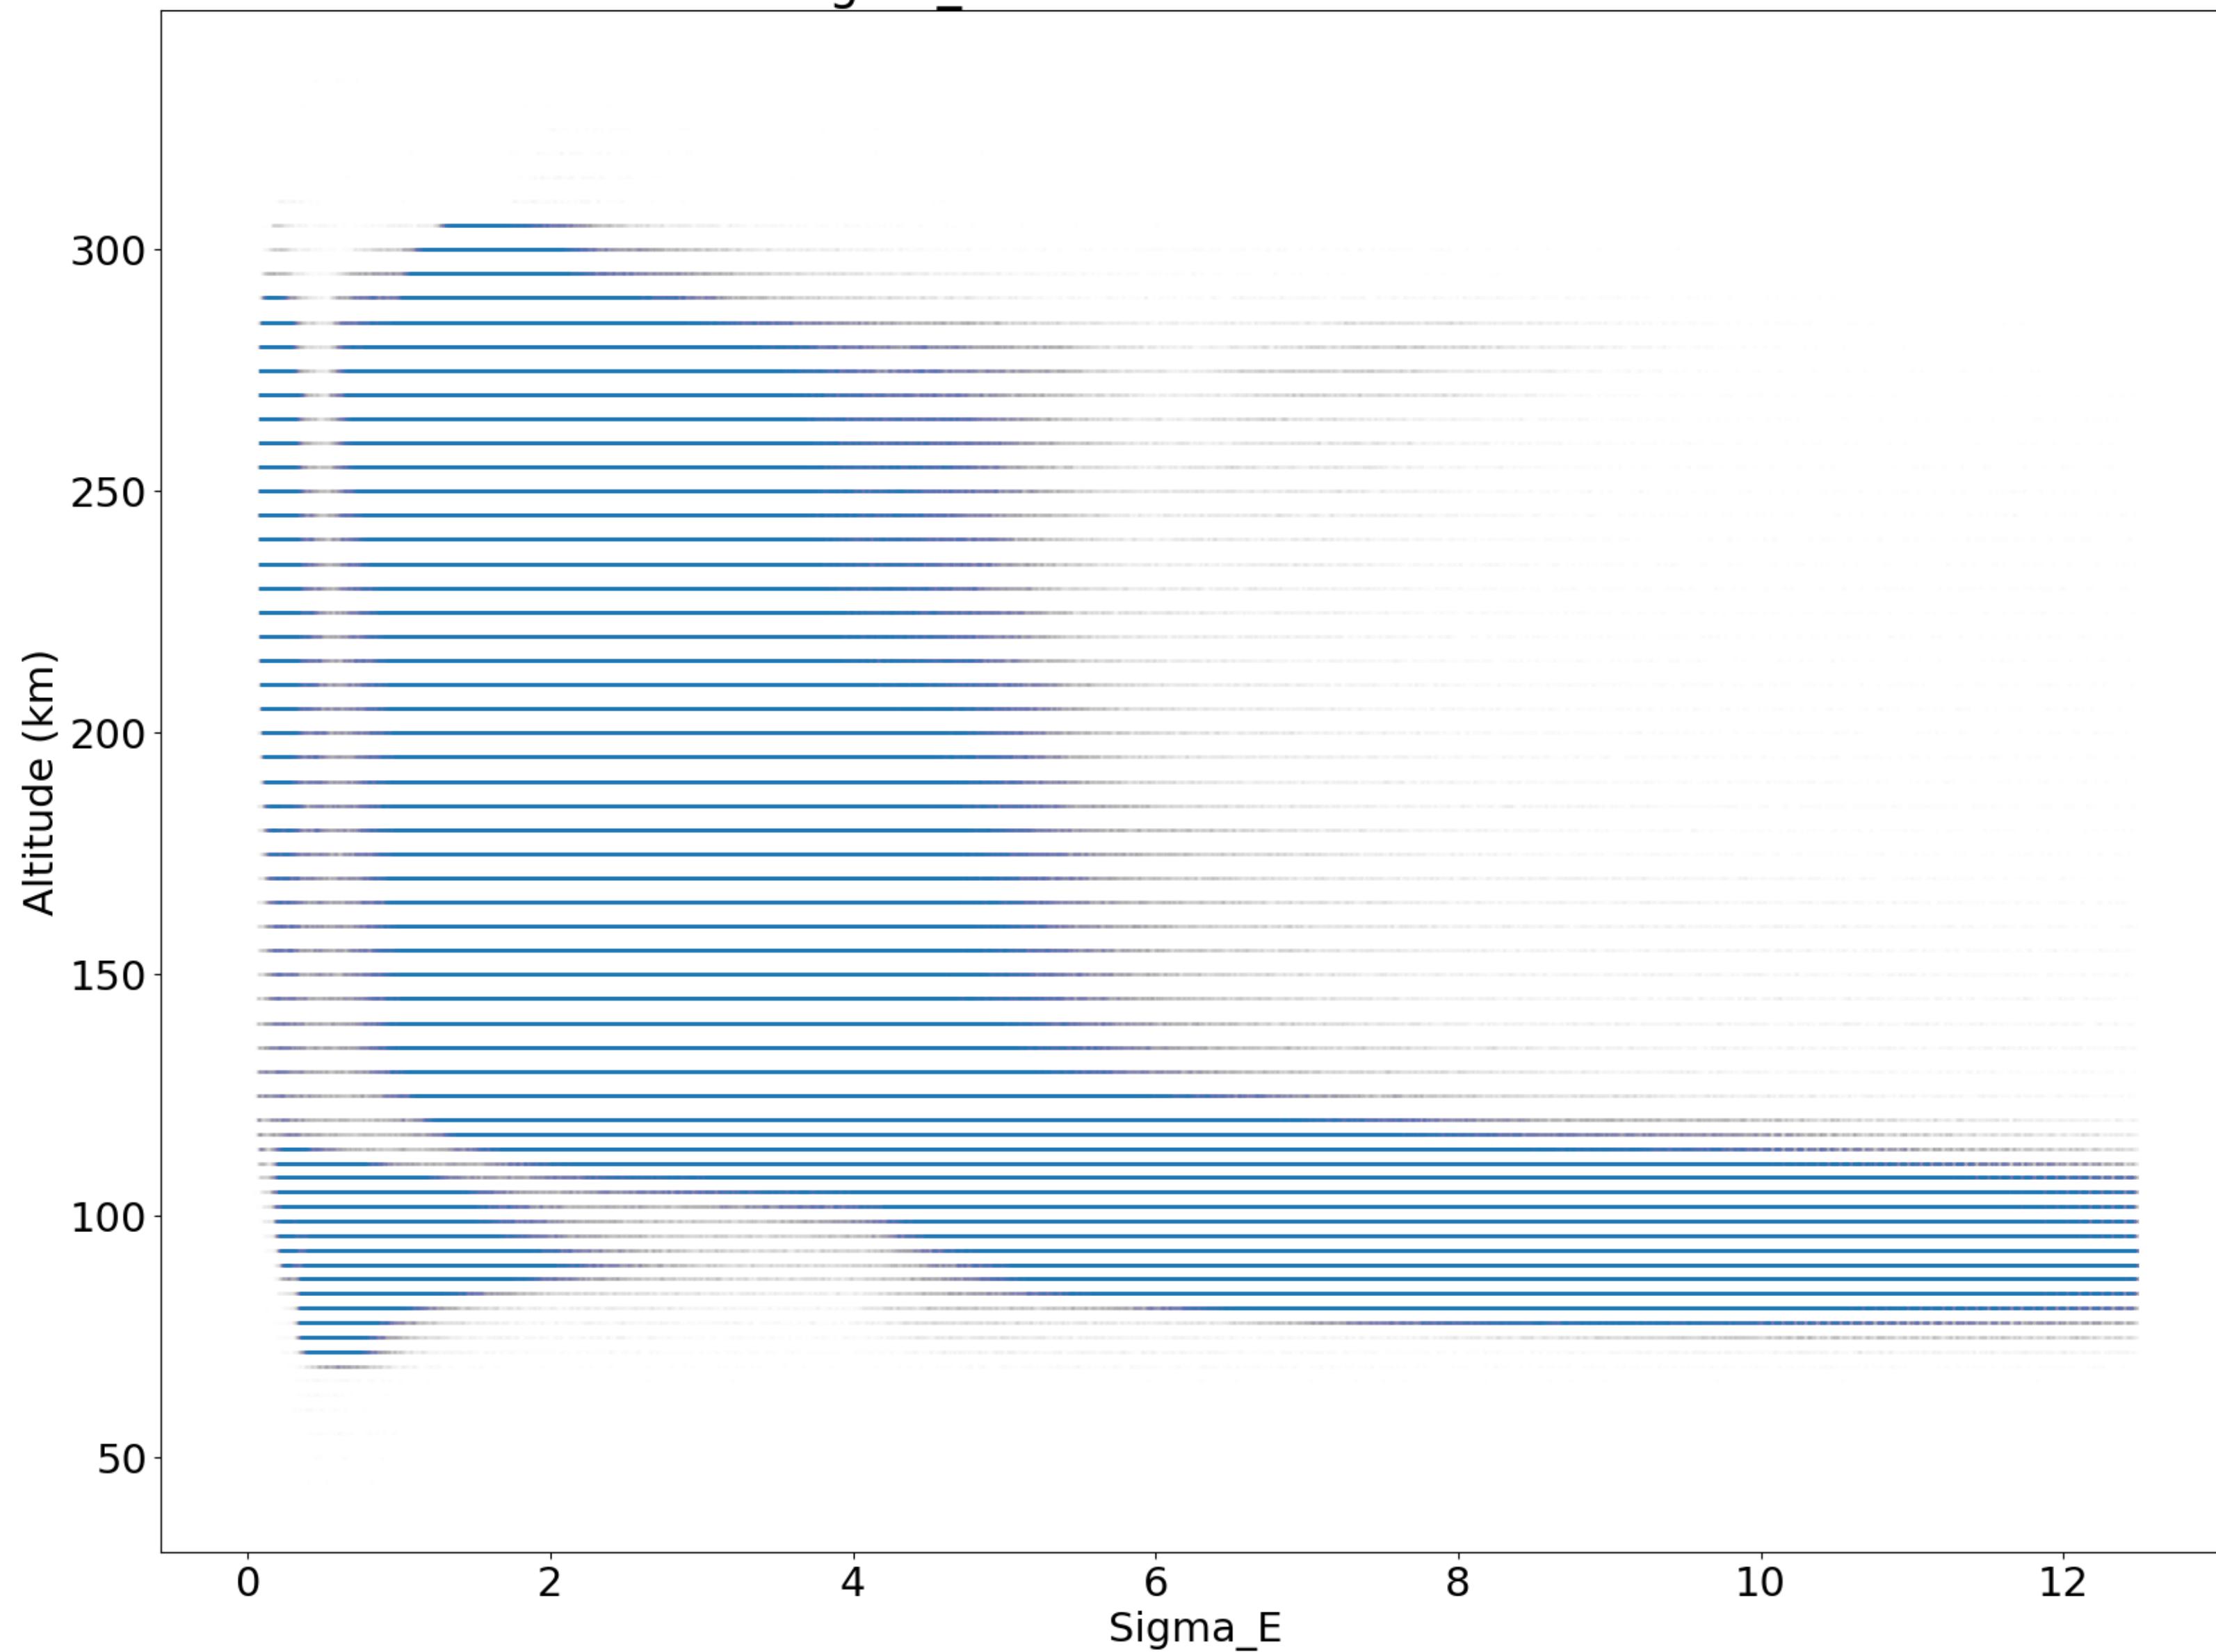

Volume Emission Rate as a function of longitude

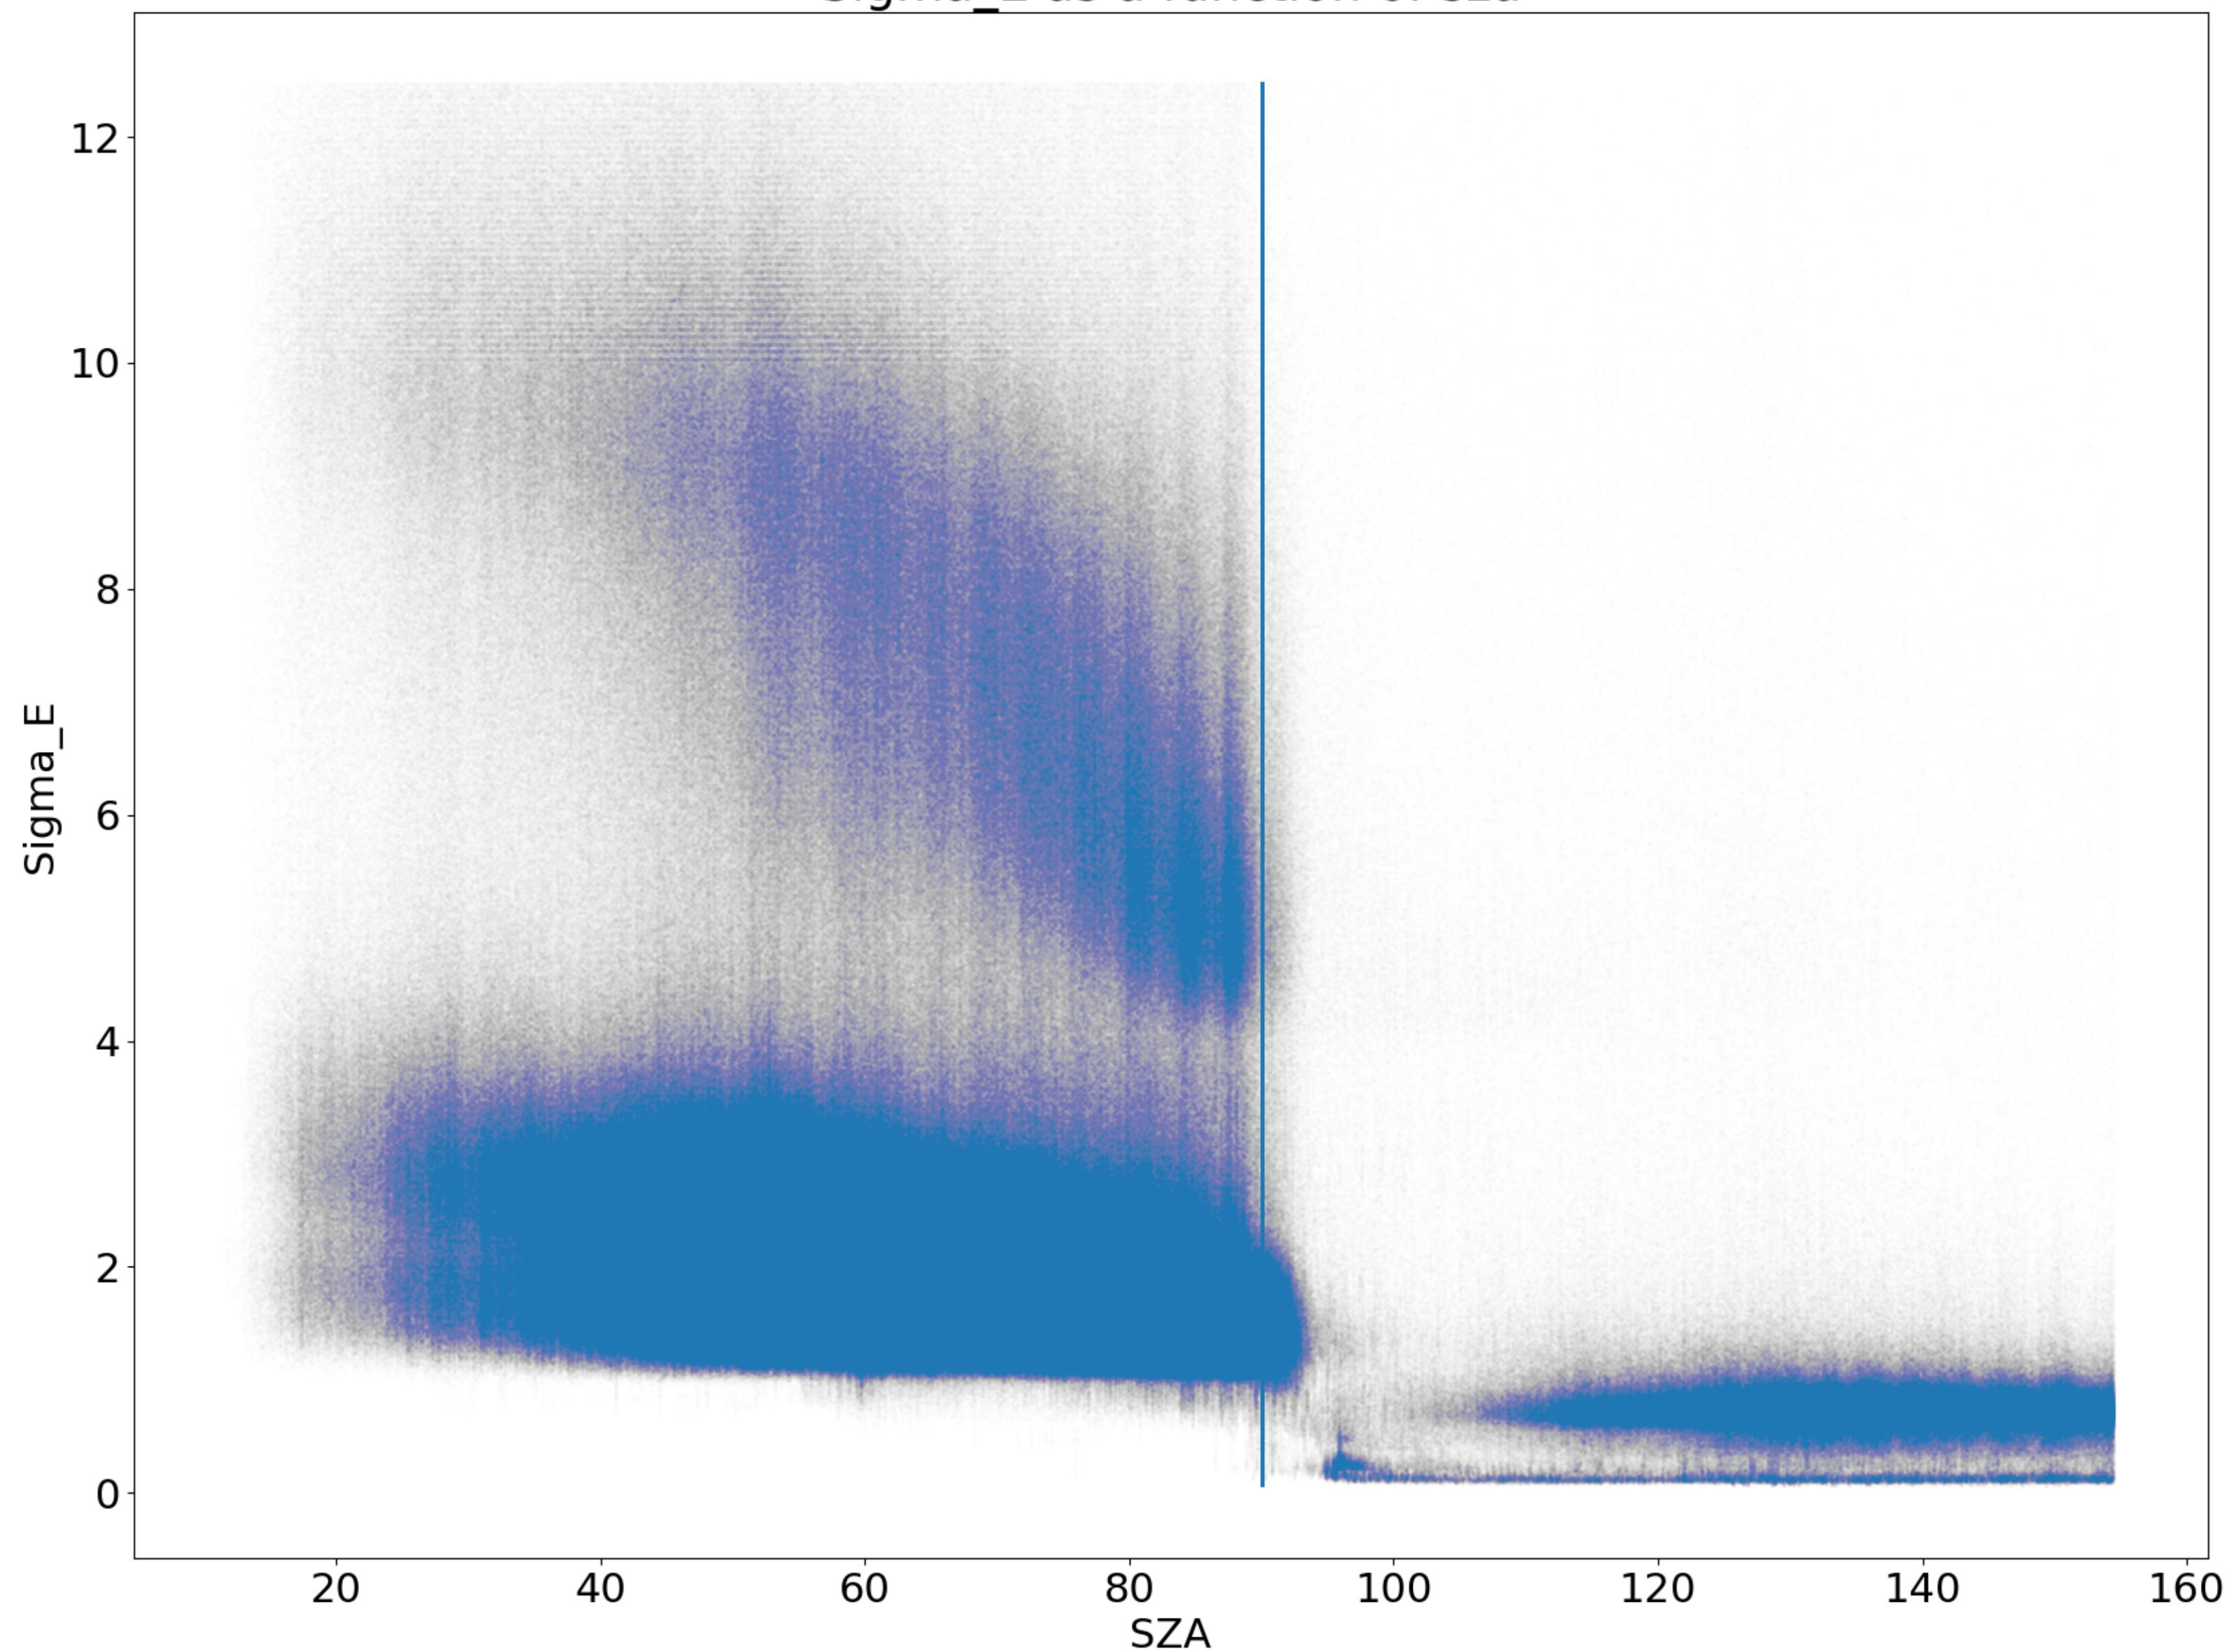

Volume Emission Rate as a function of look

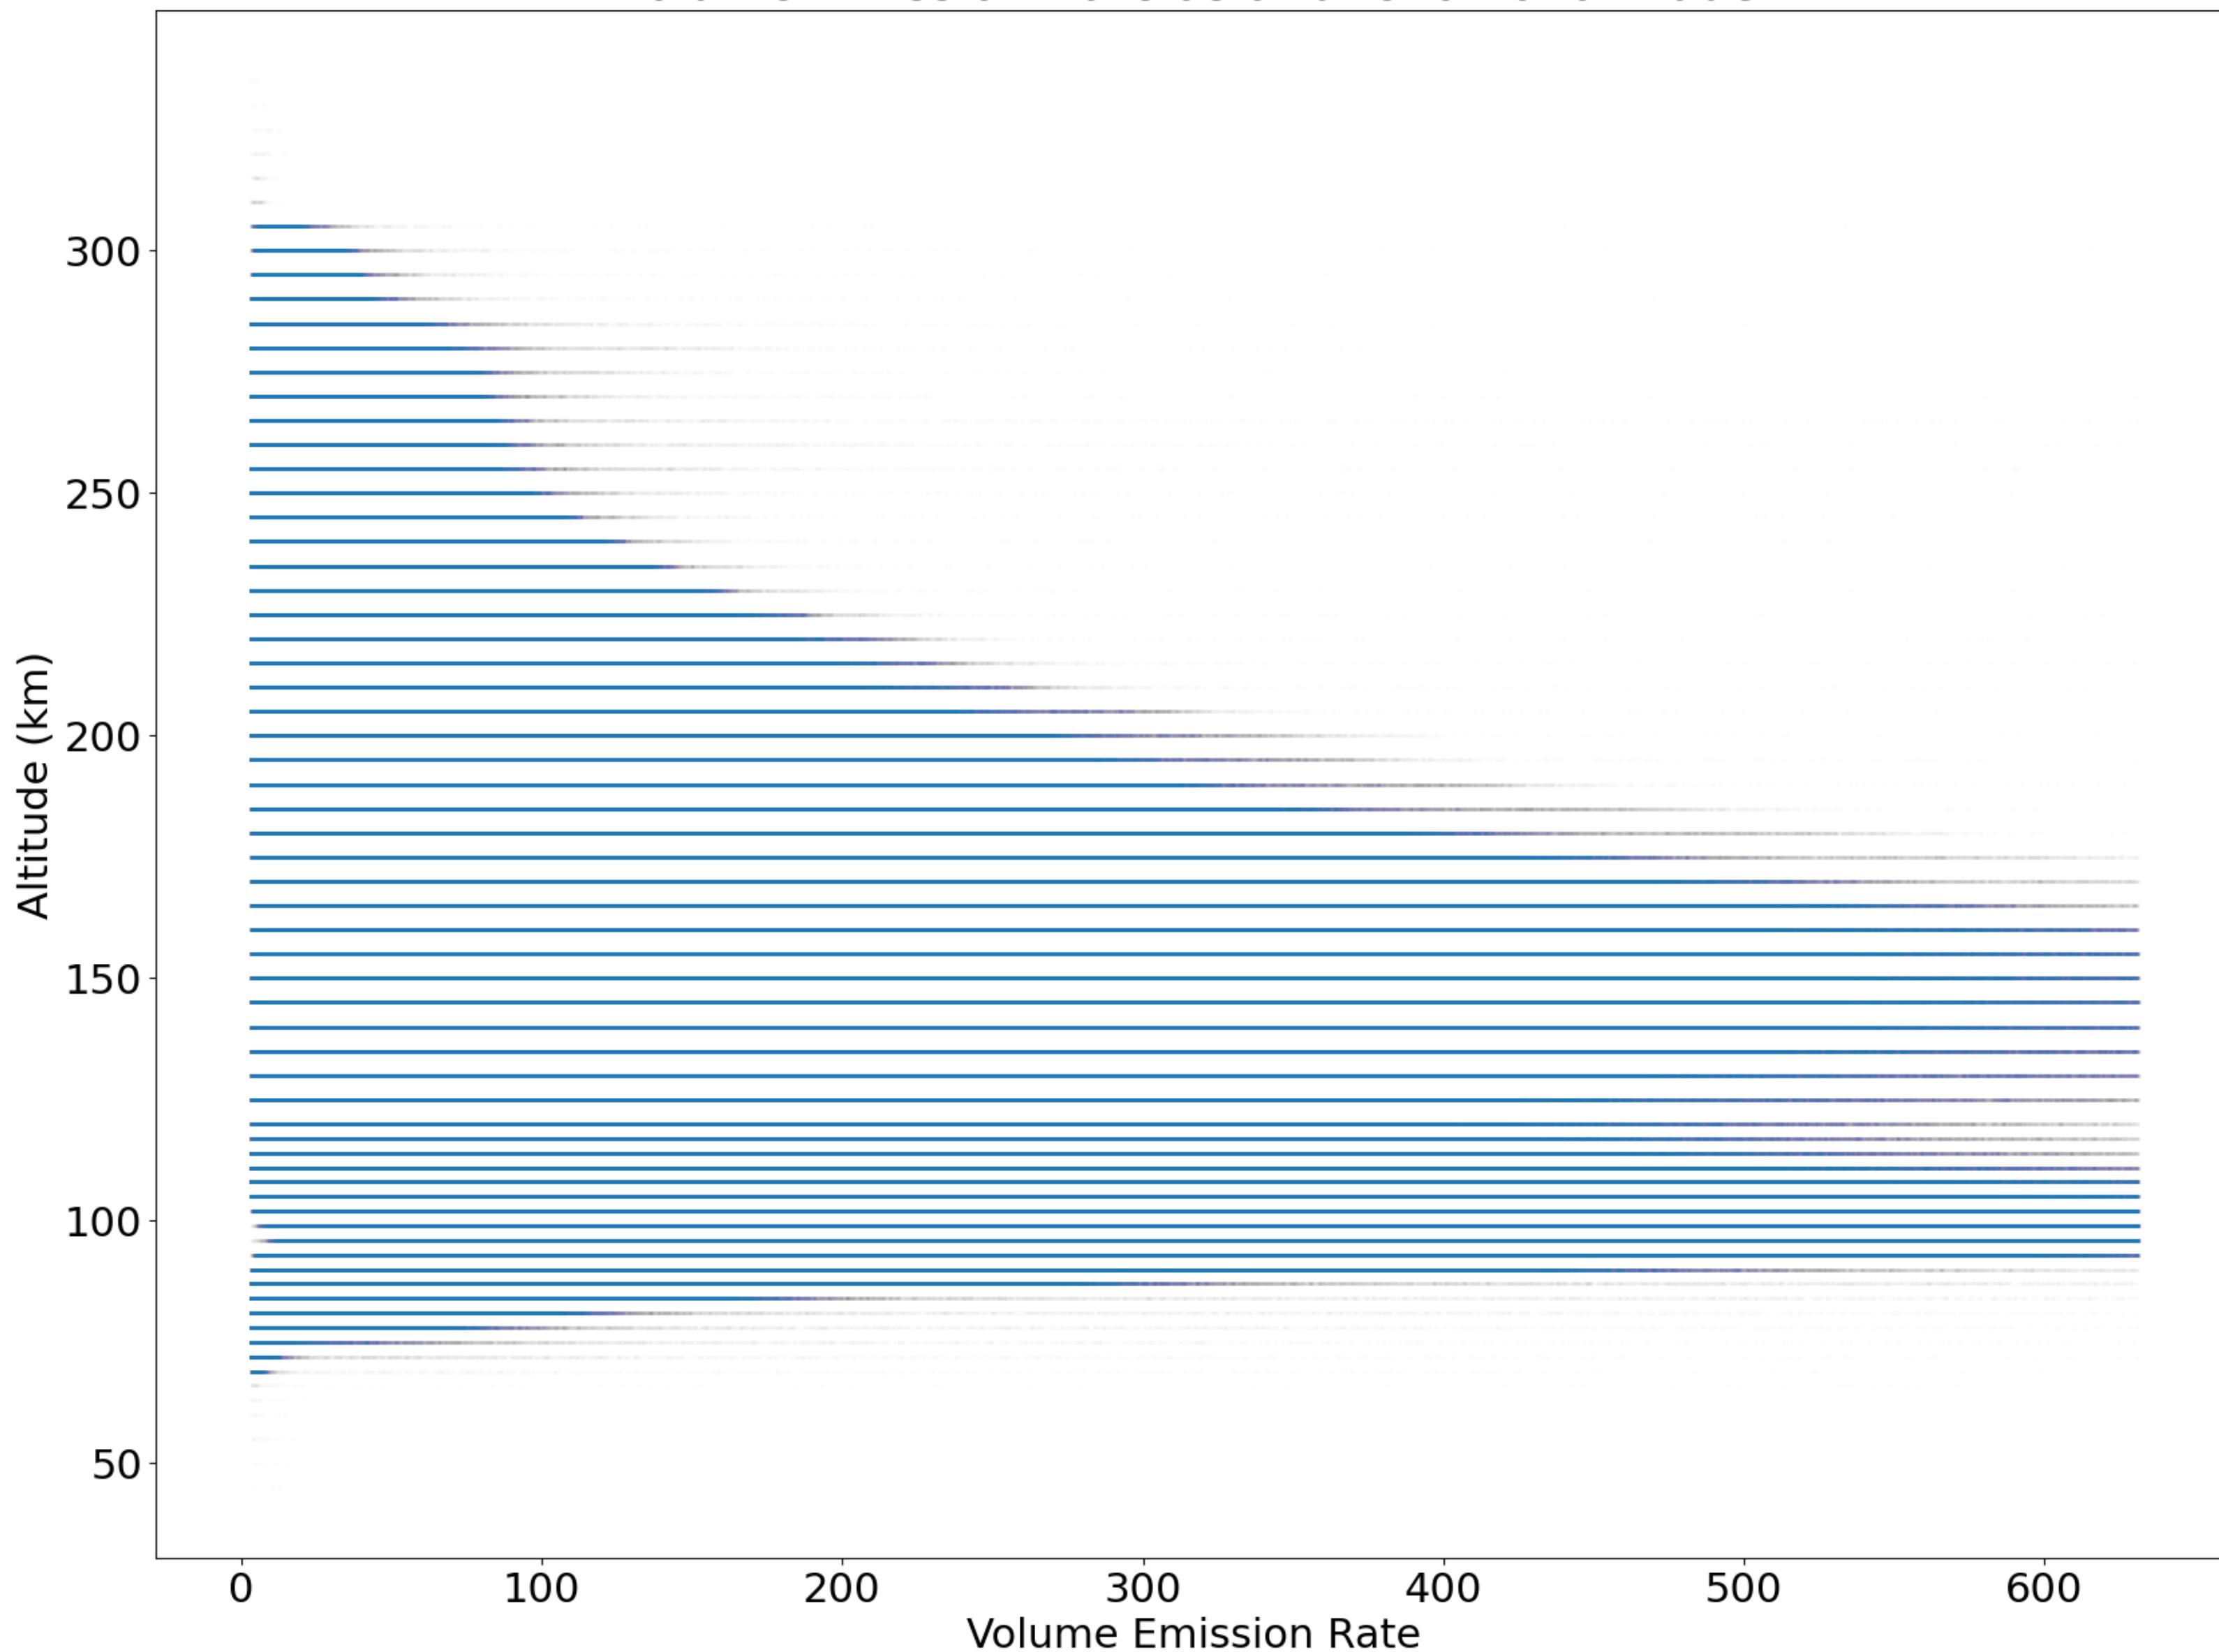

Sigma_E as a function of altitude

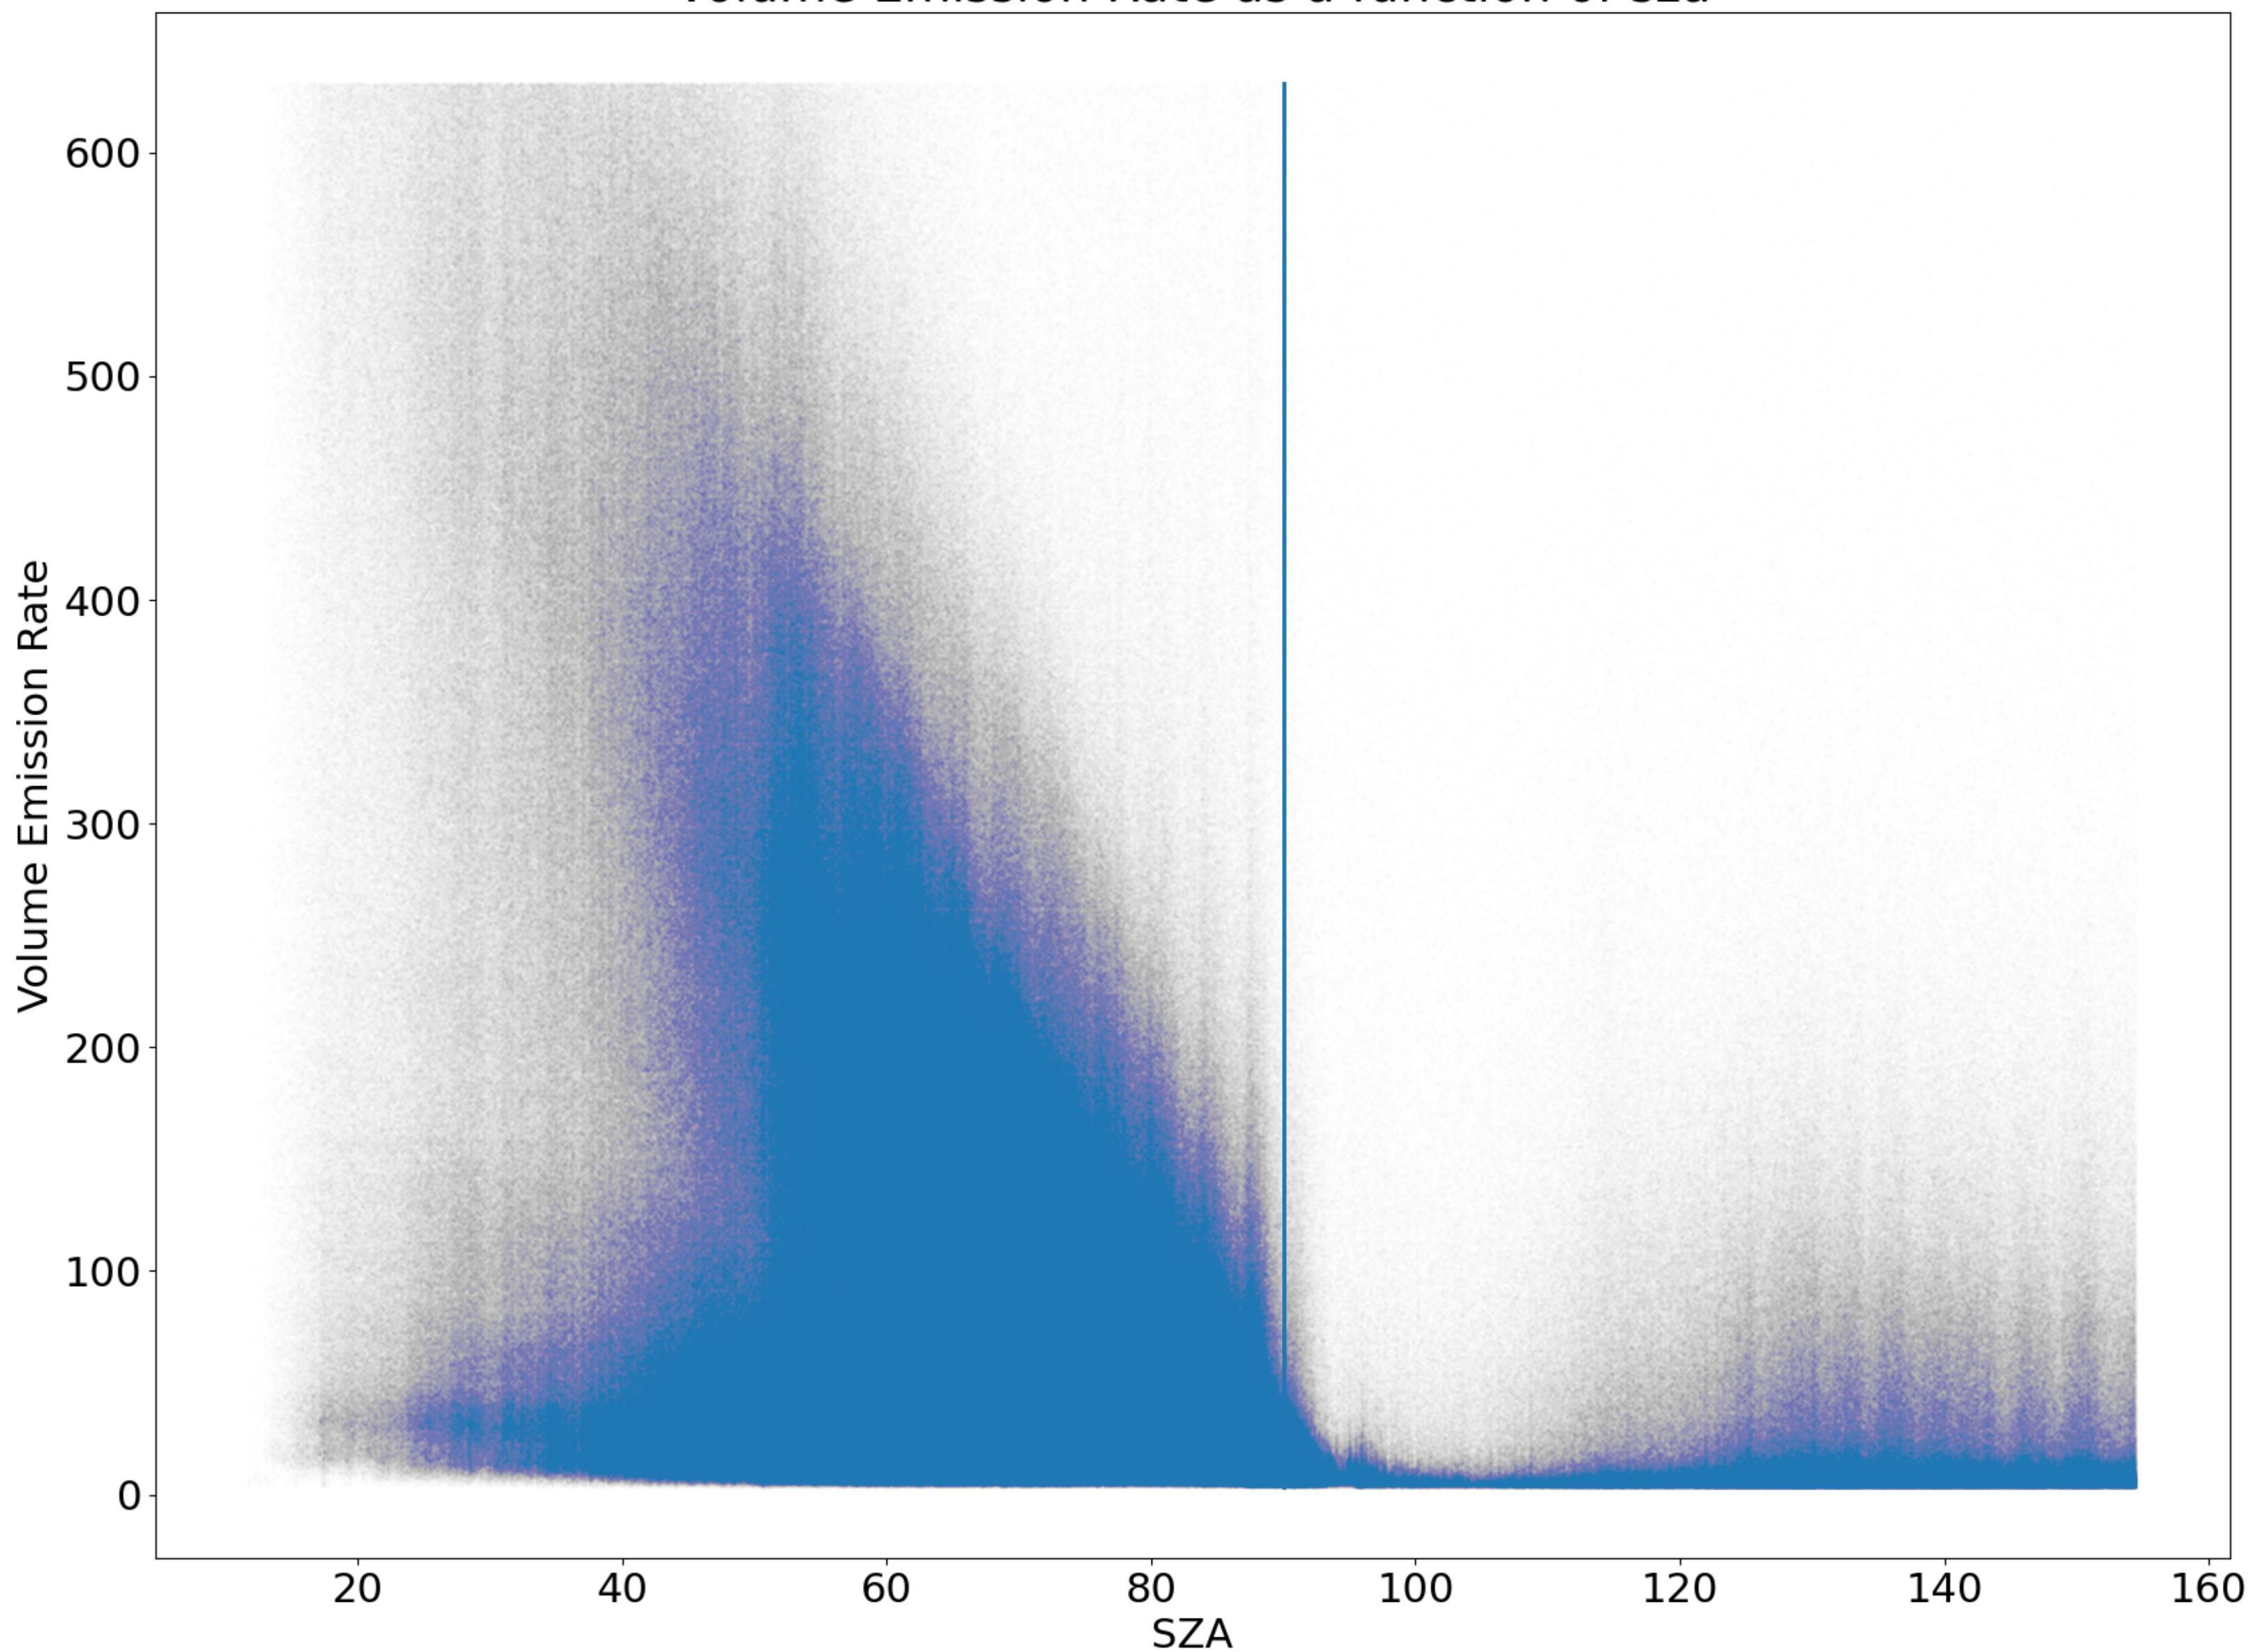

Sigma_E as a function of sza

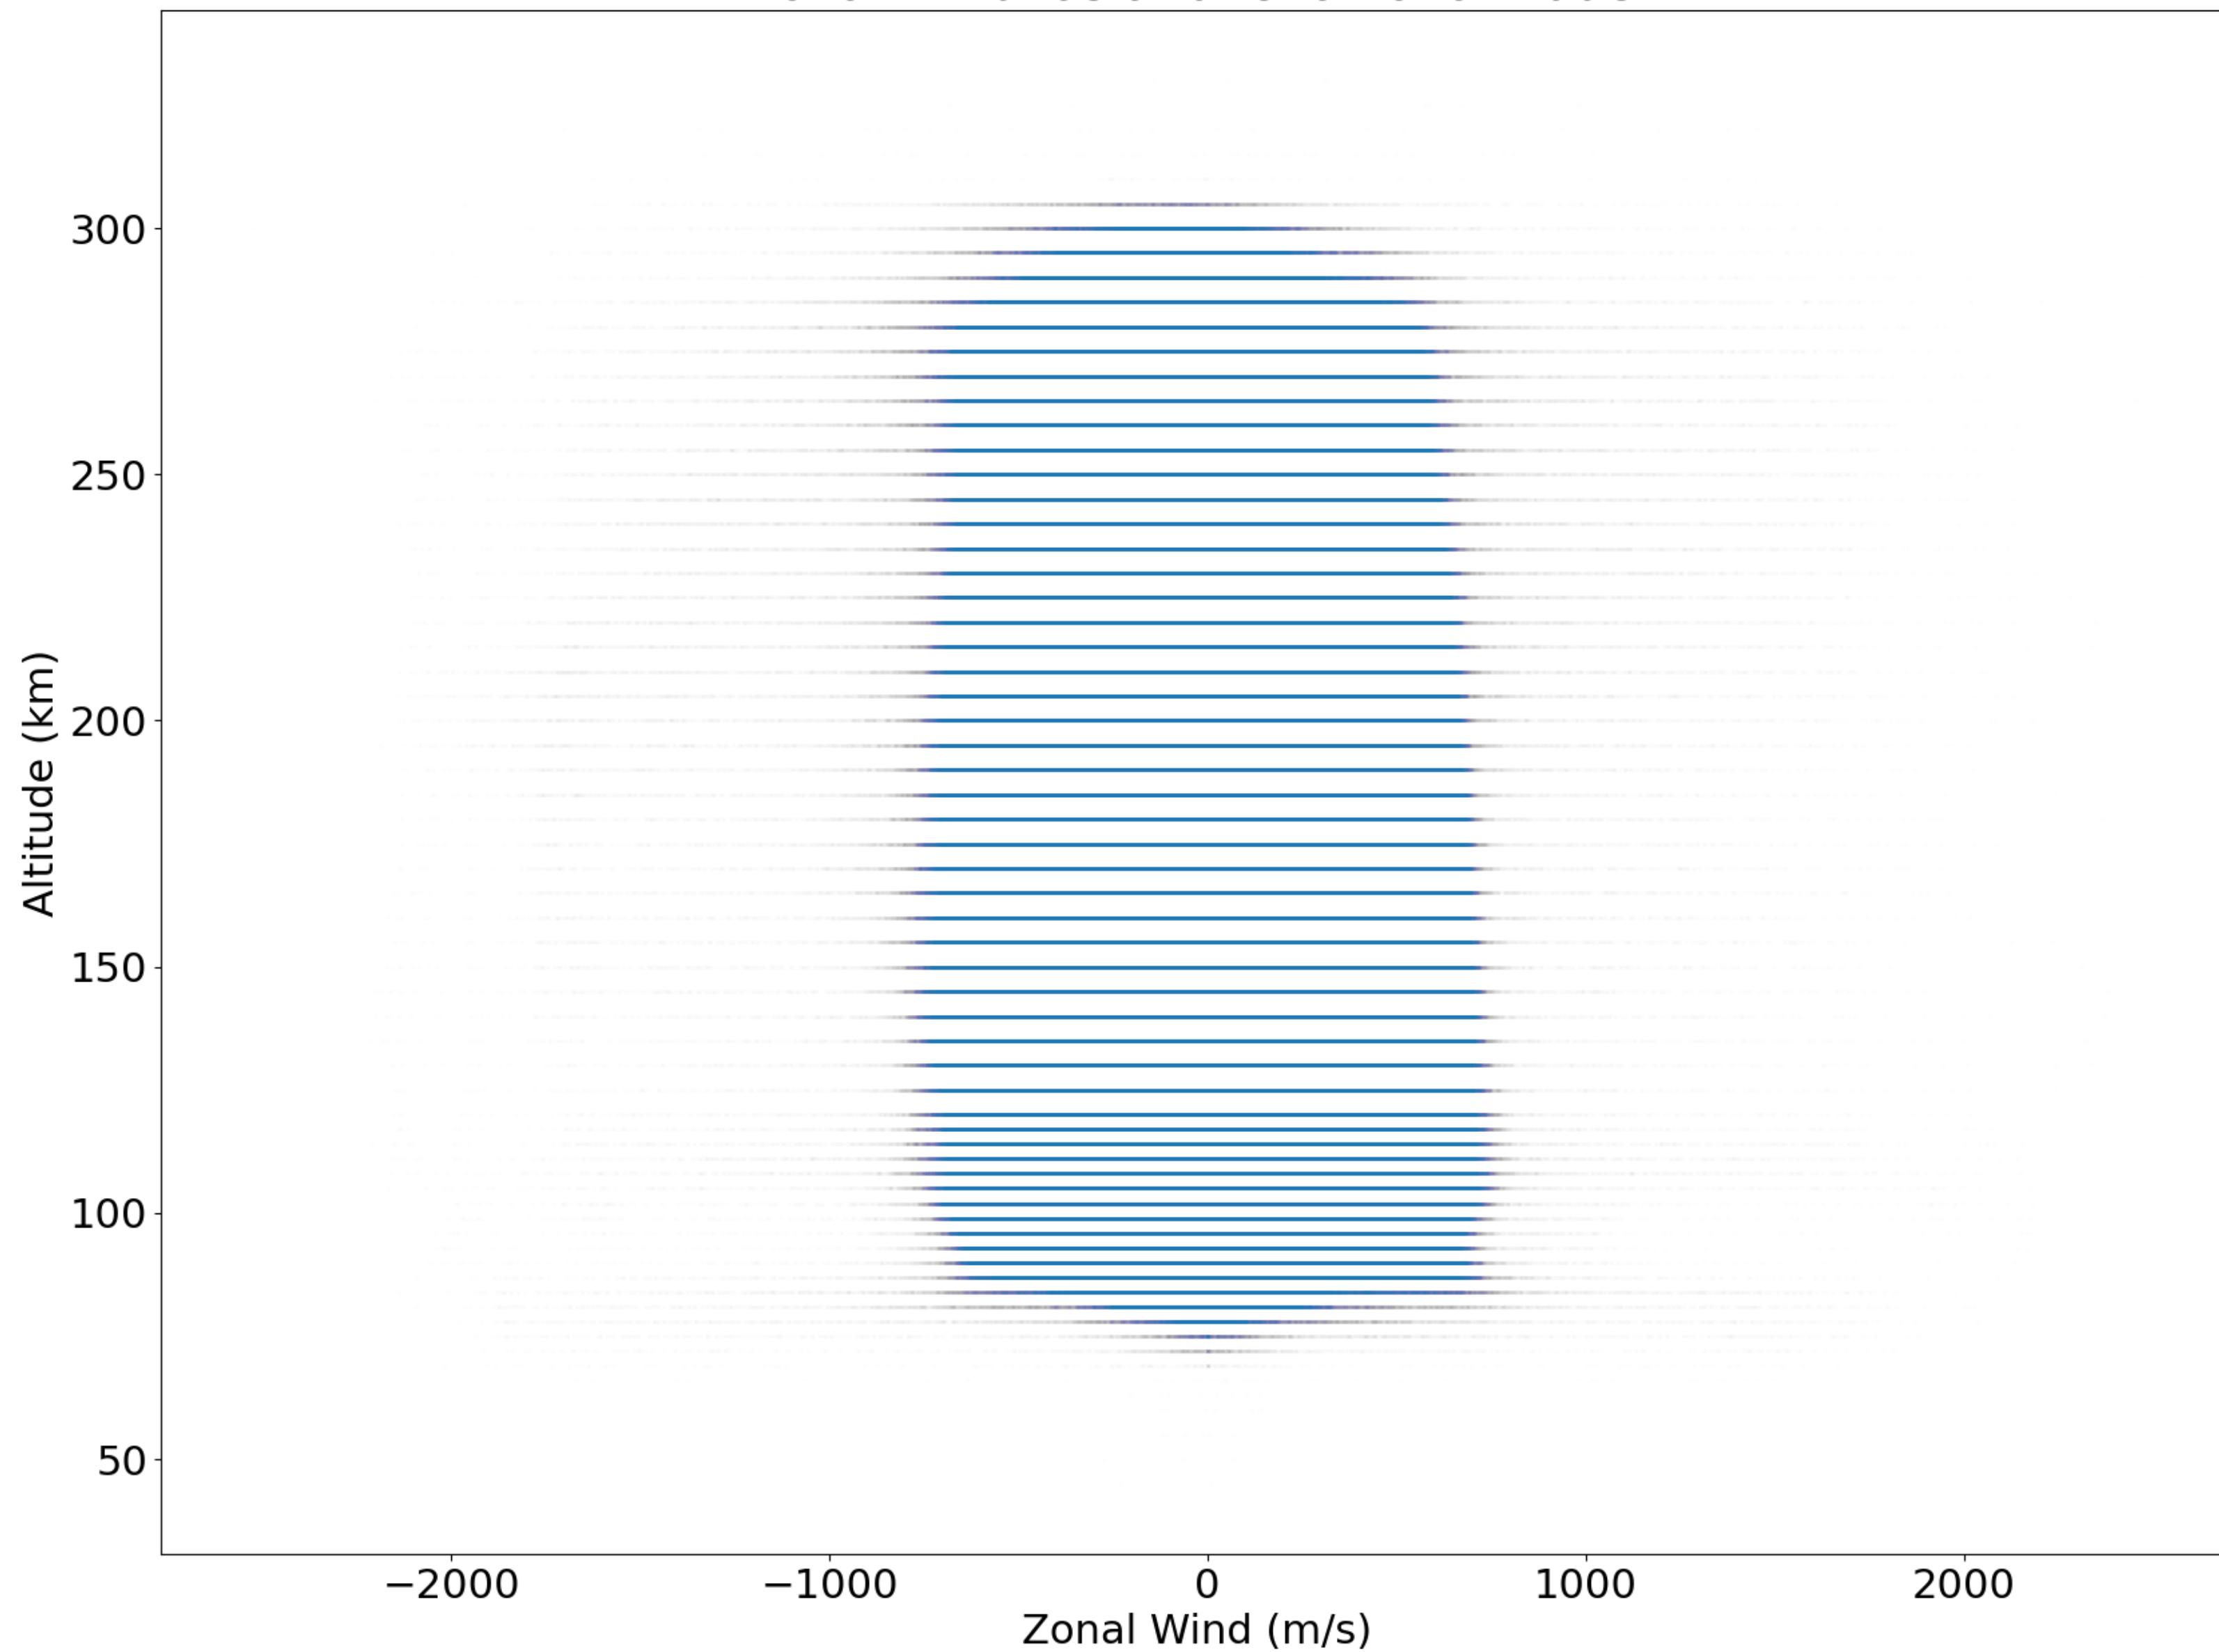

Volume Emission Rate as a function of altitude

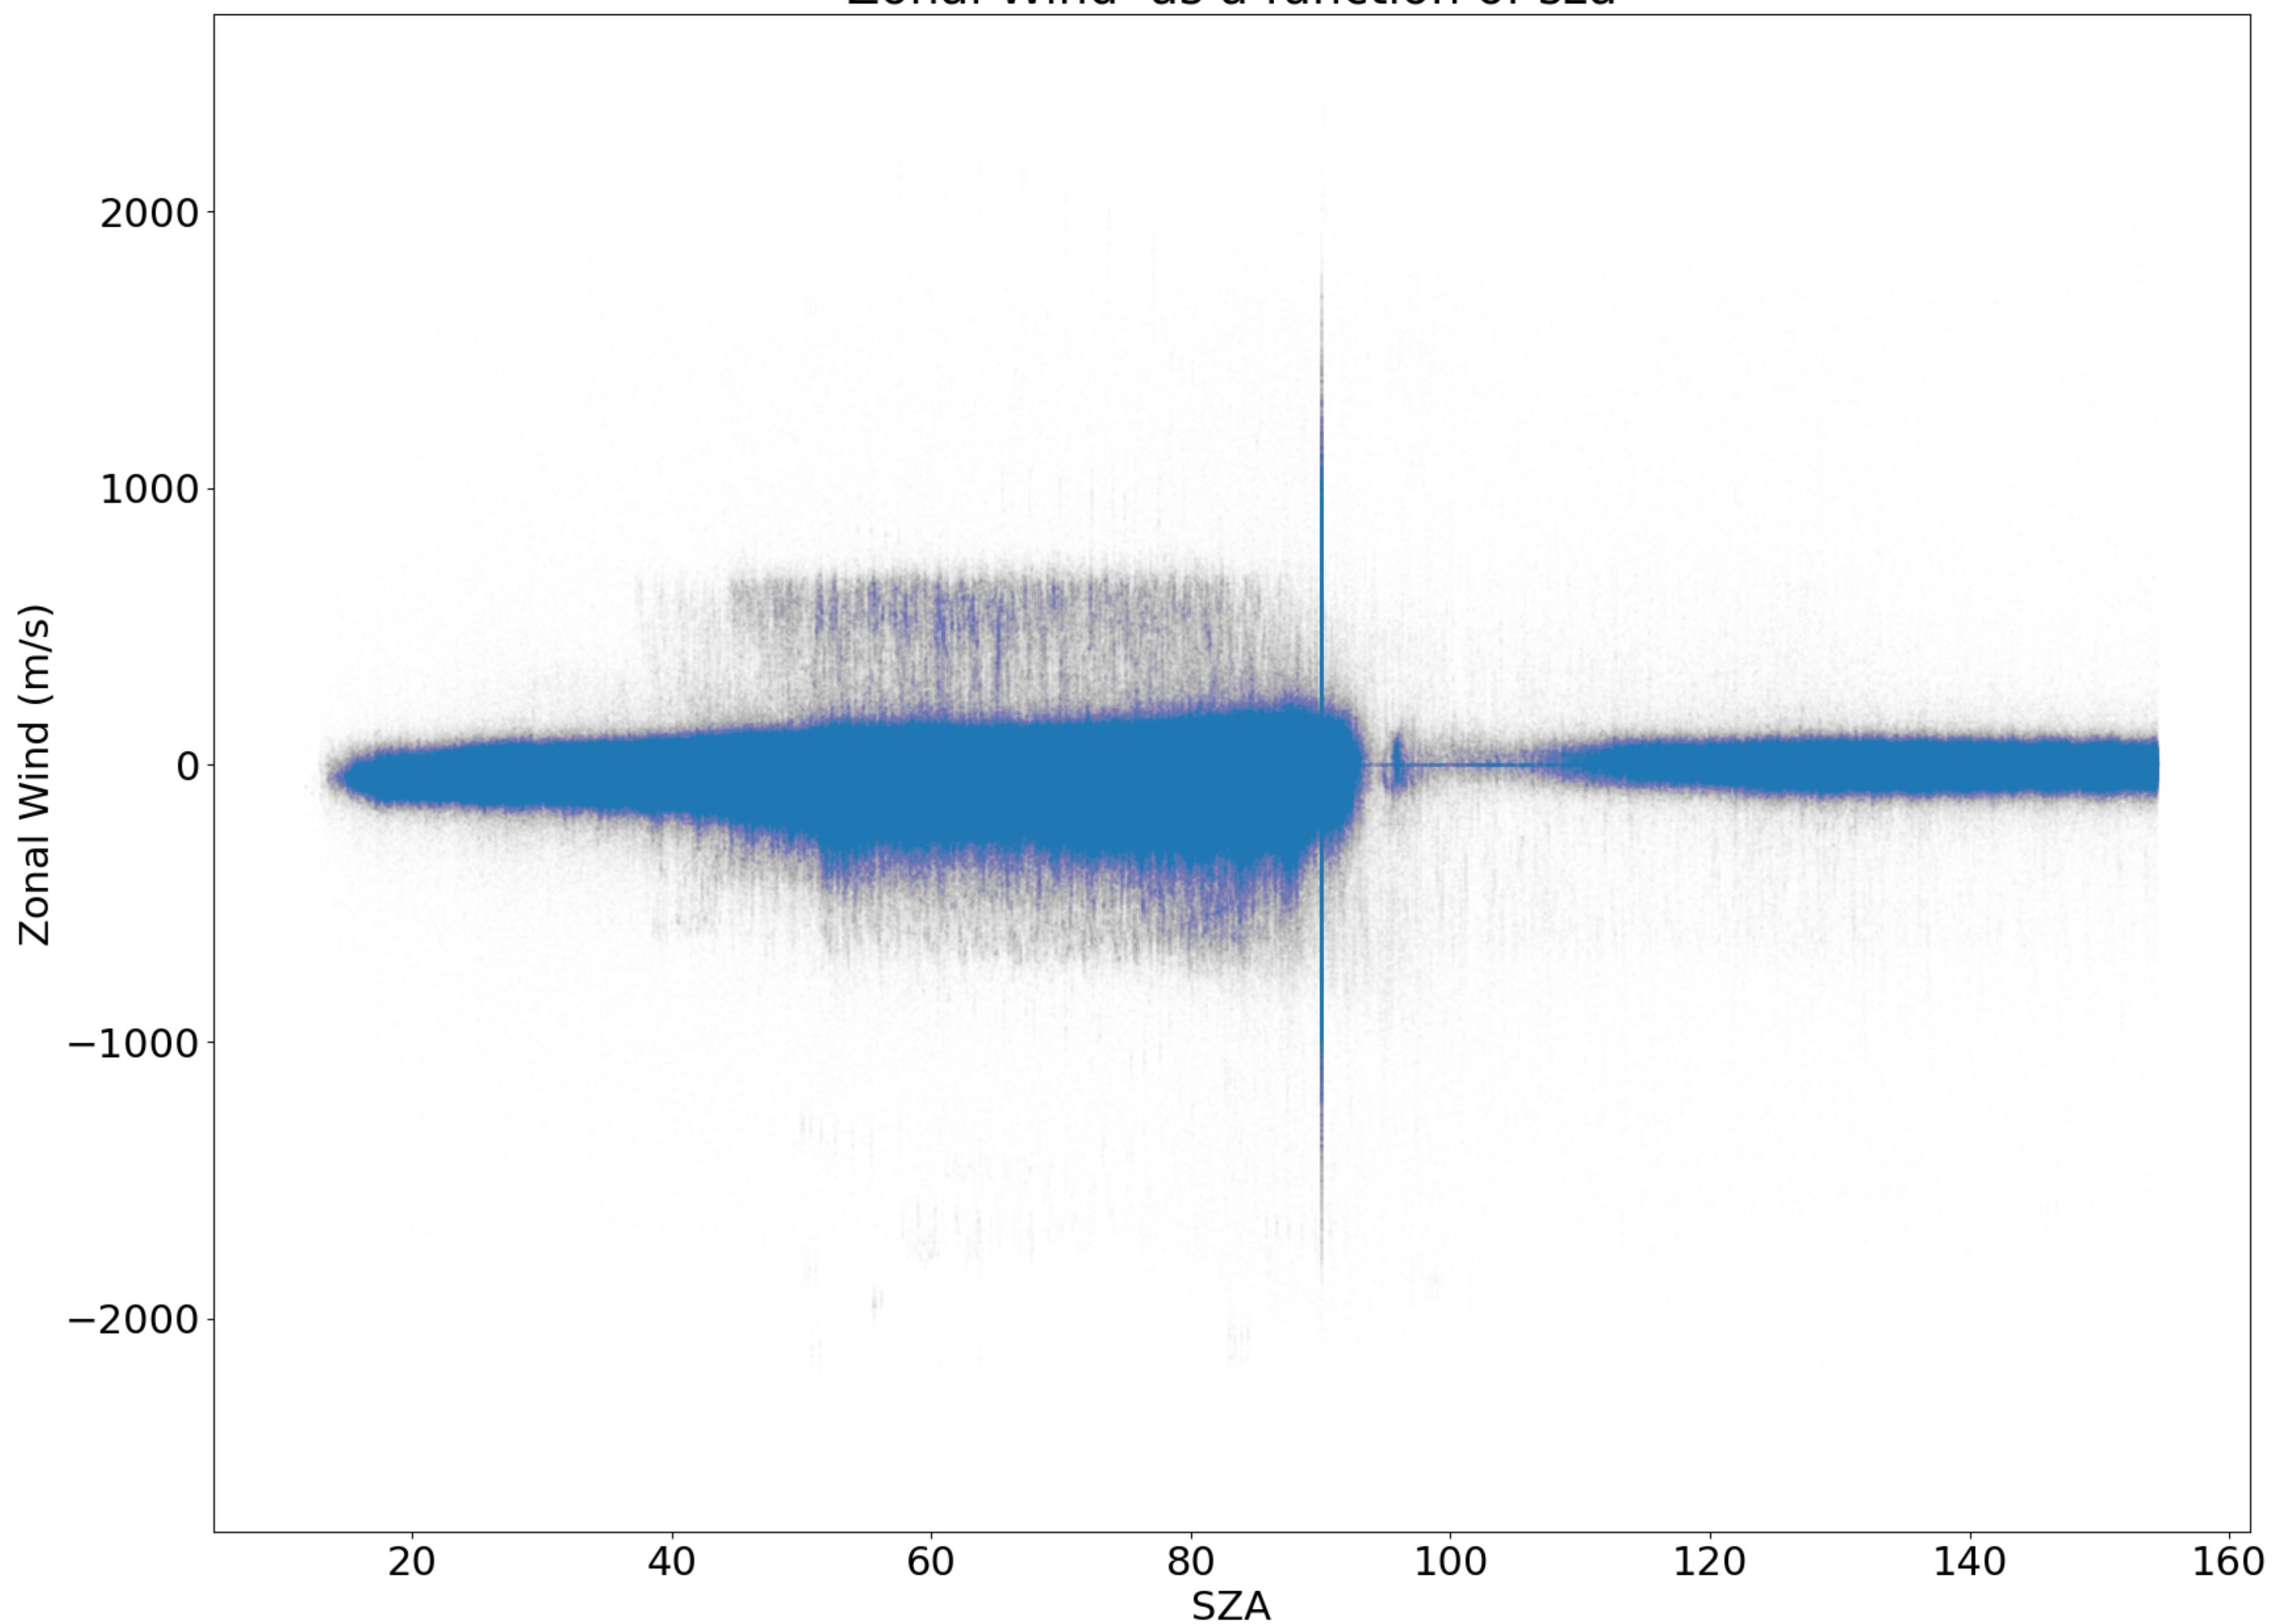

Volume Emission Rate as a function of sza

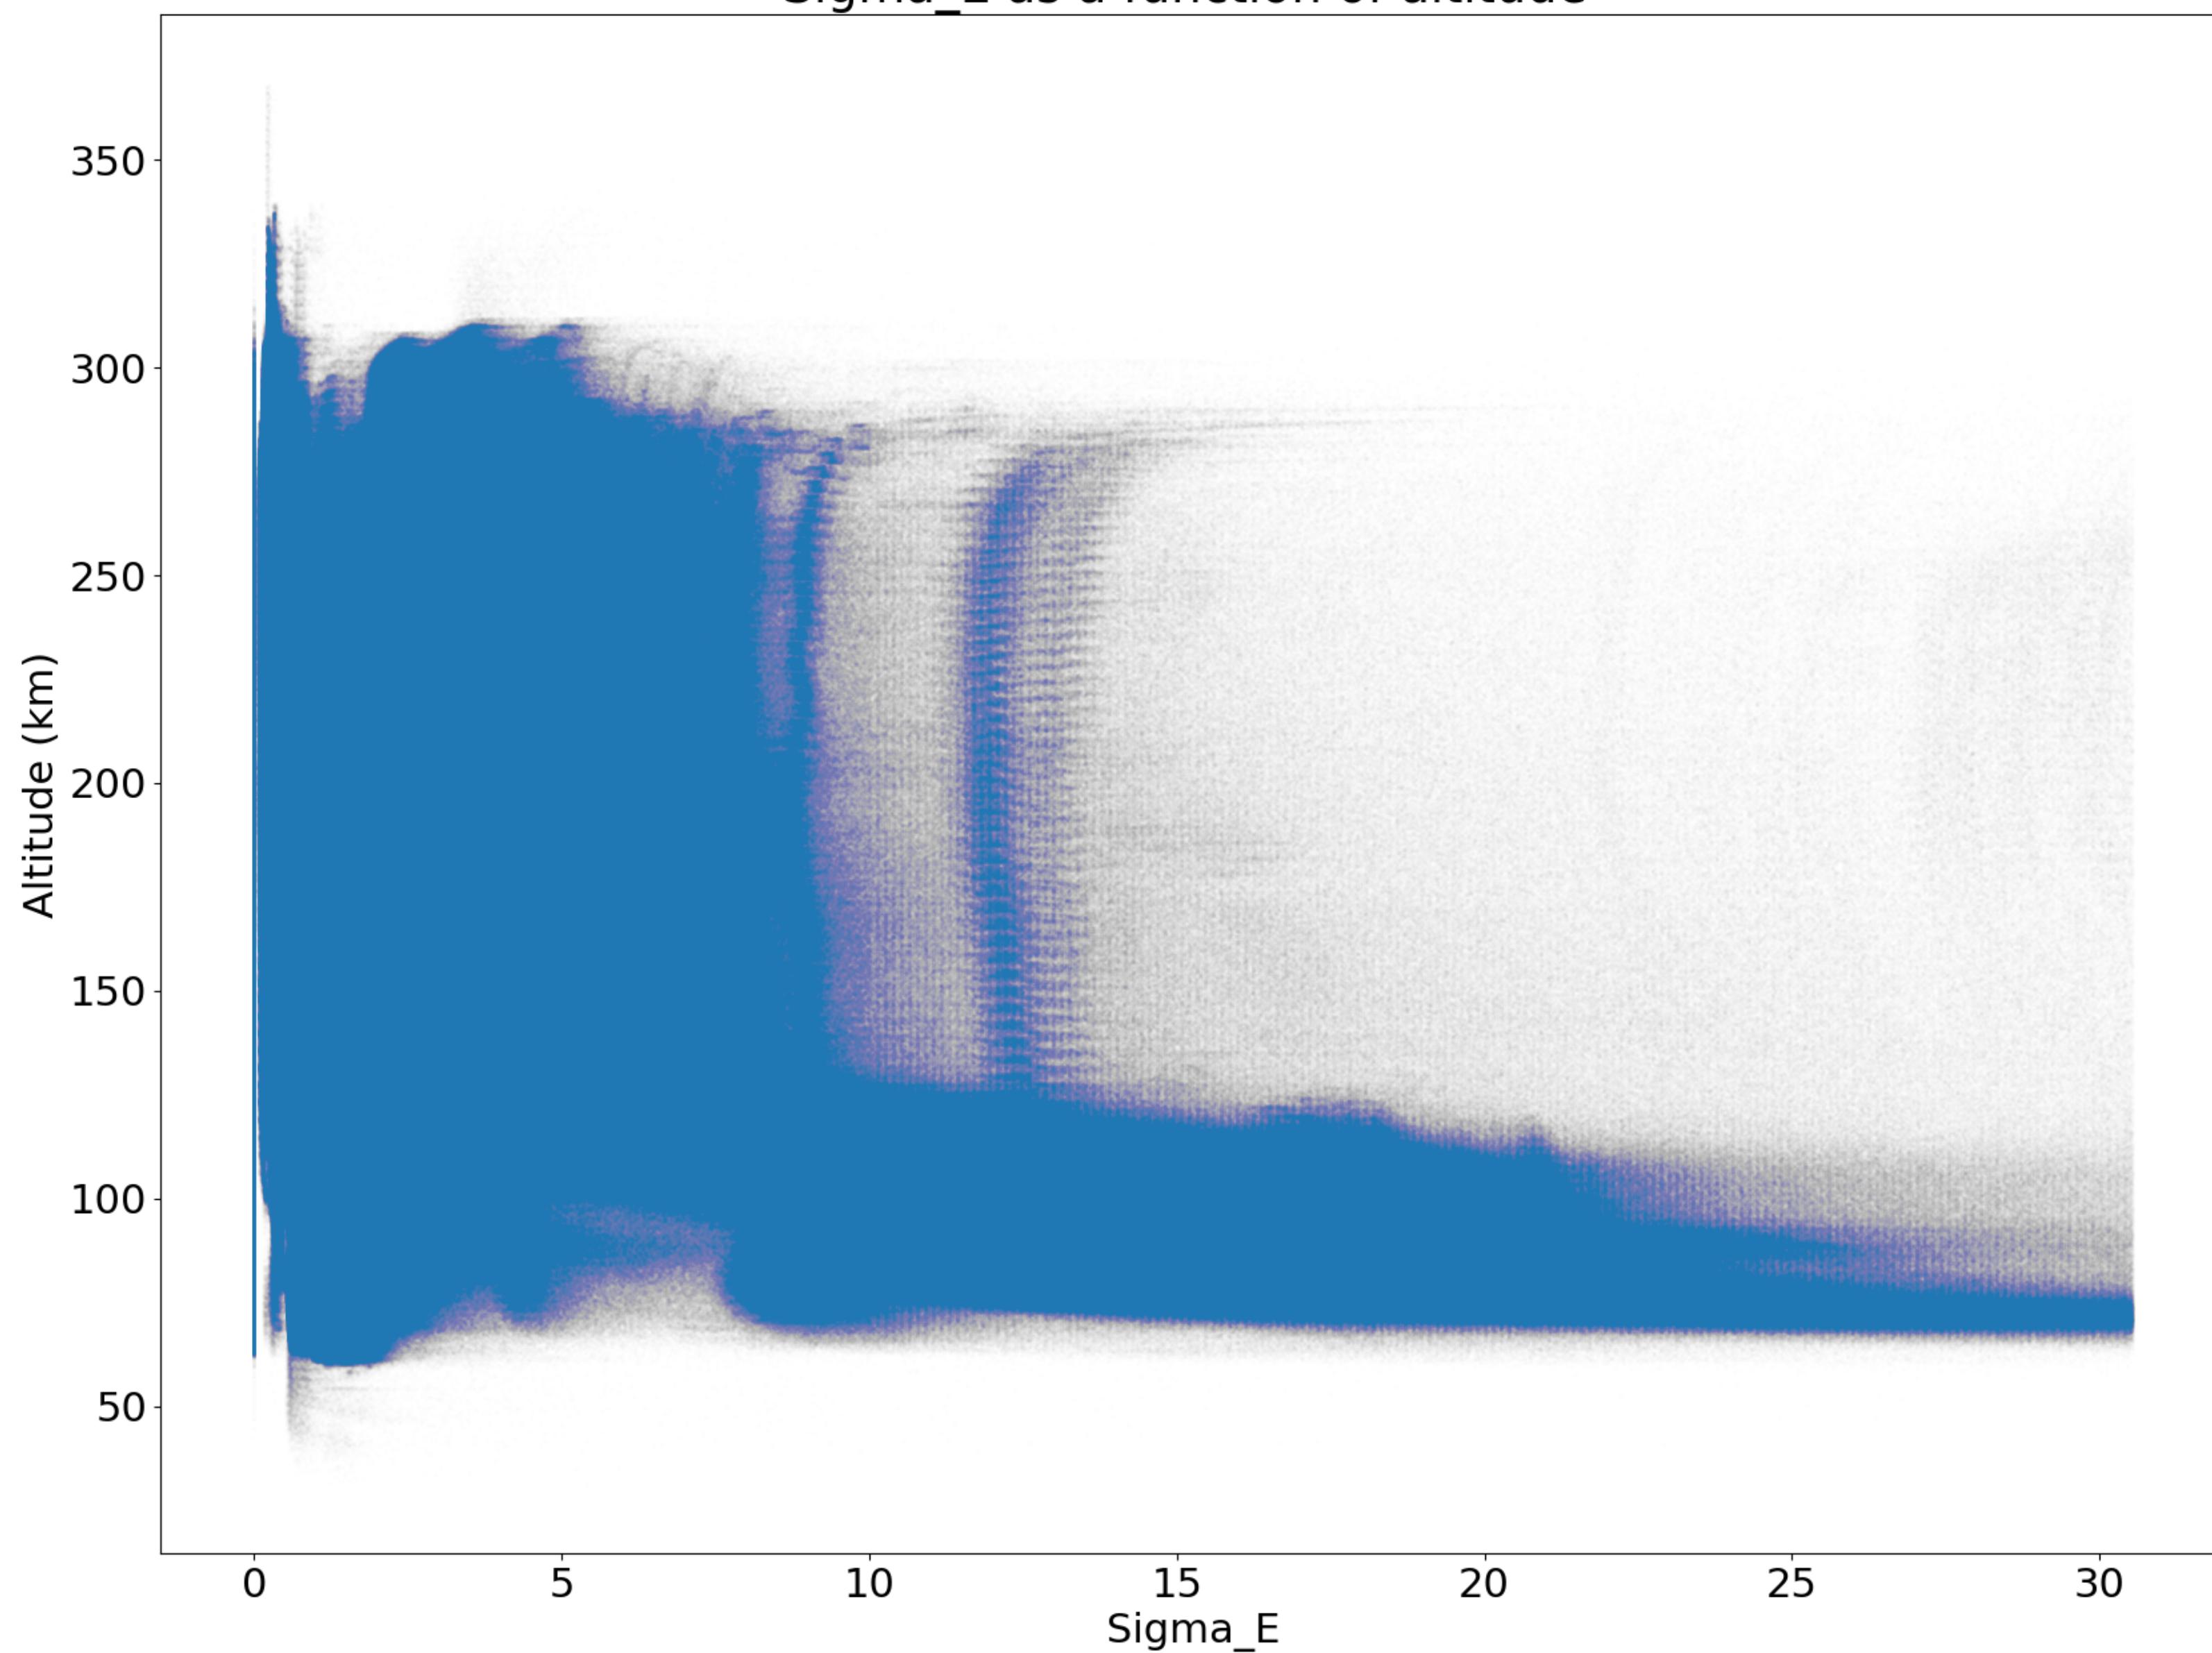

Zonal Wind as a function of altitude

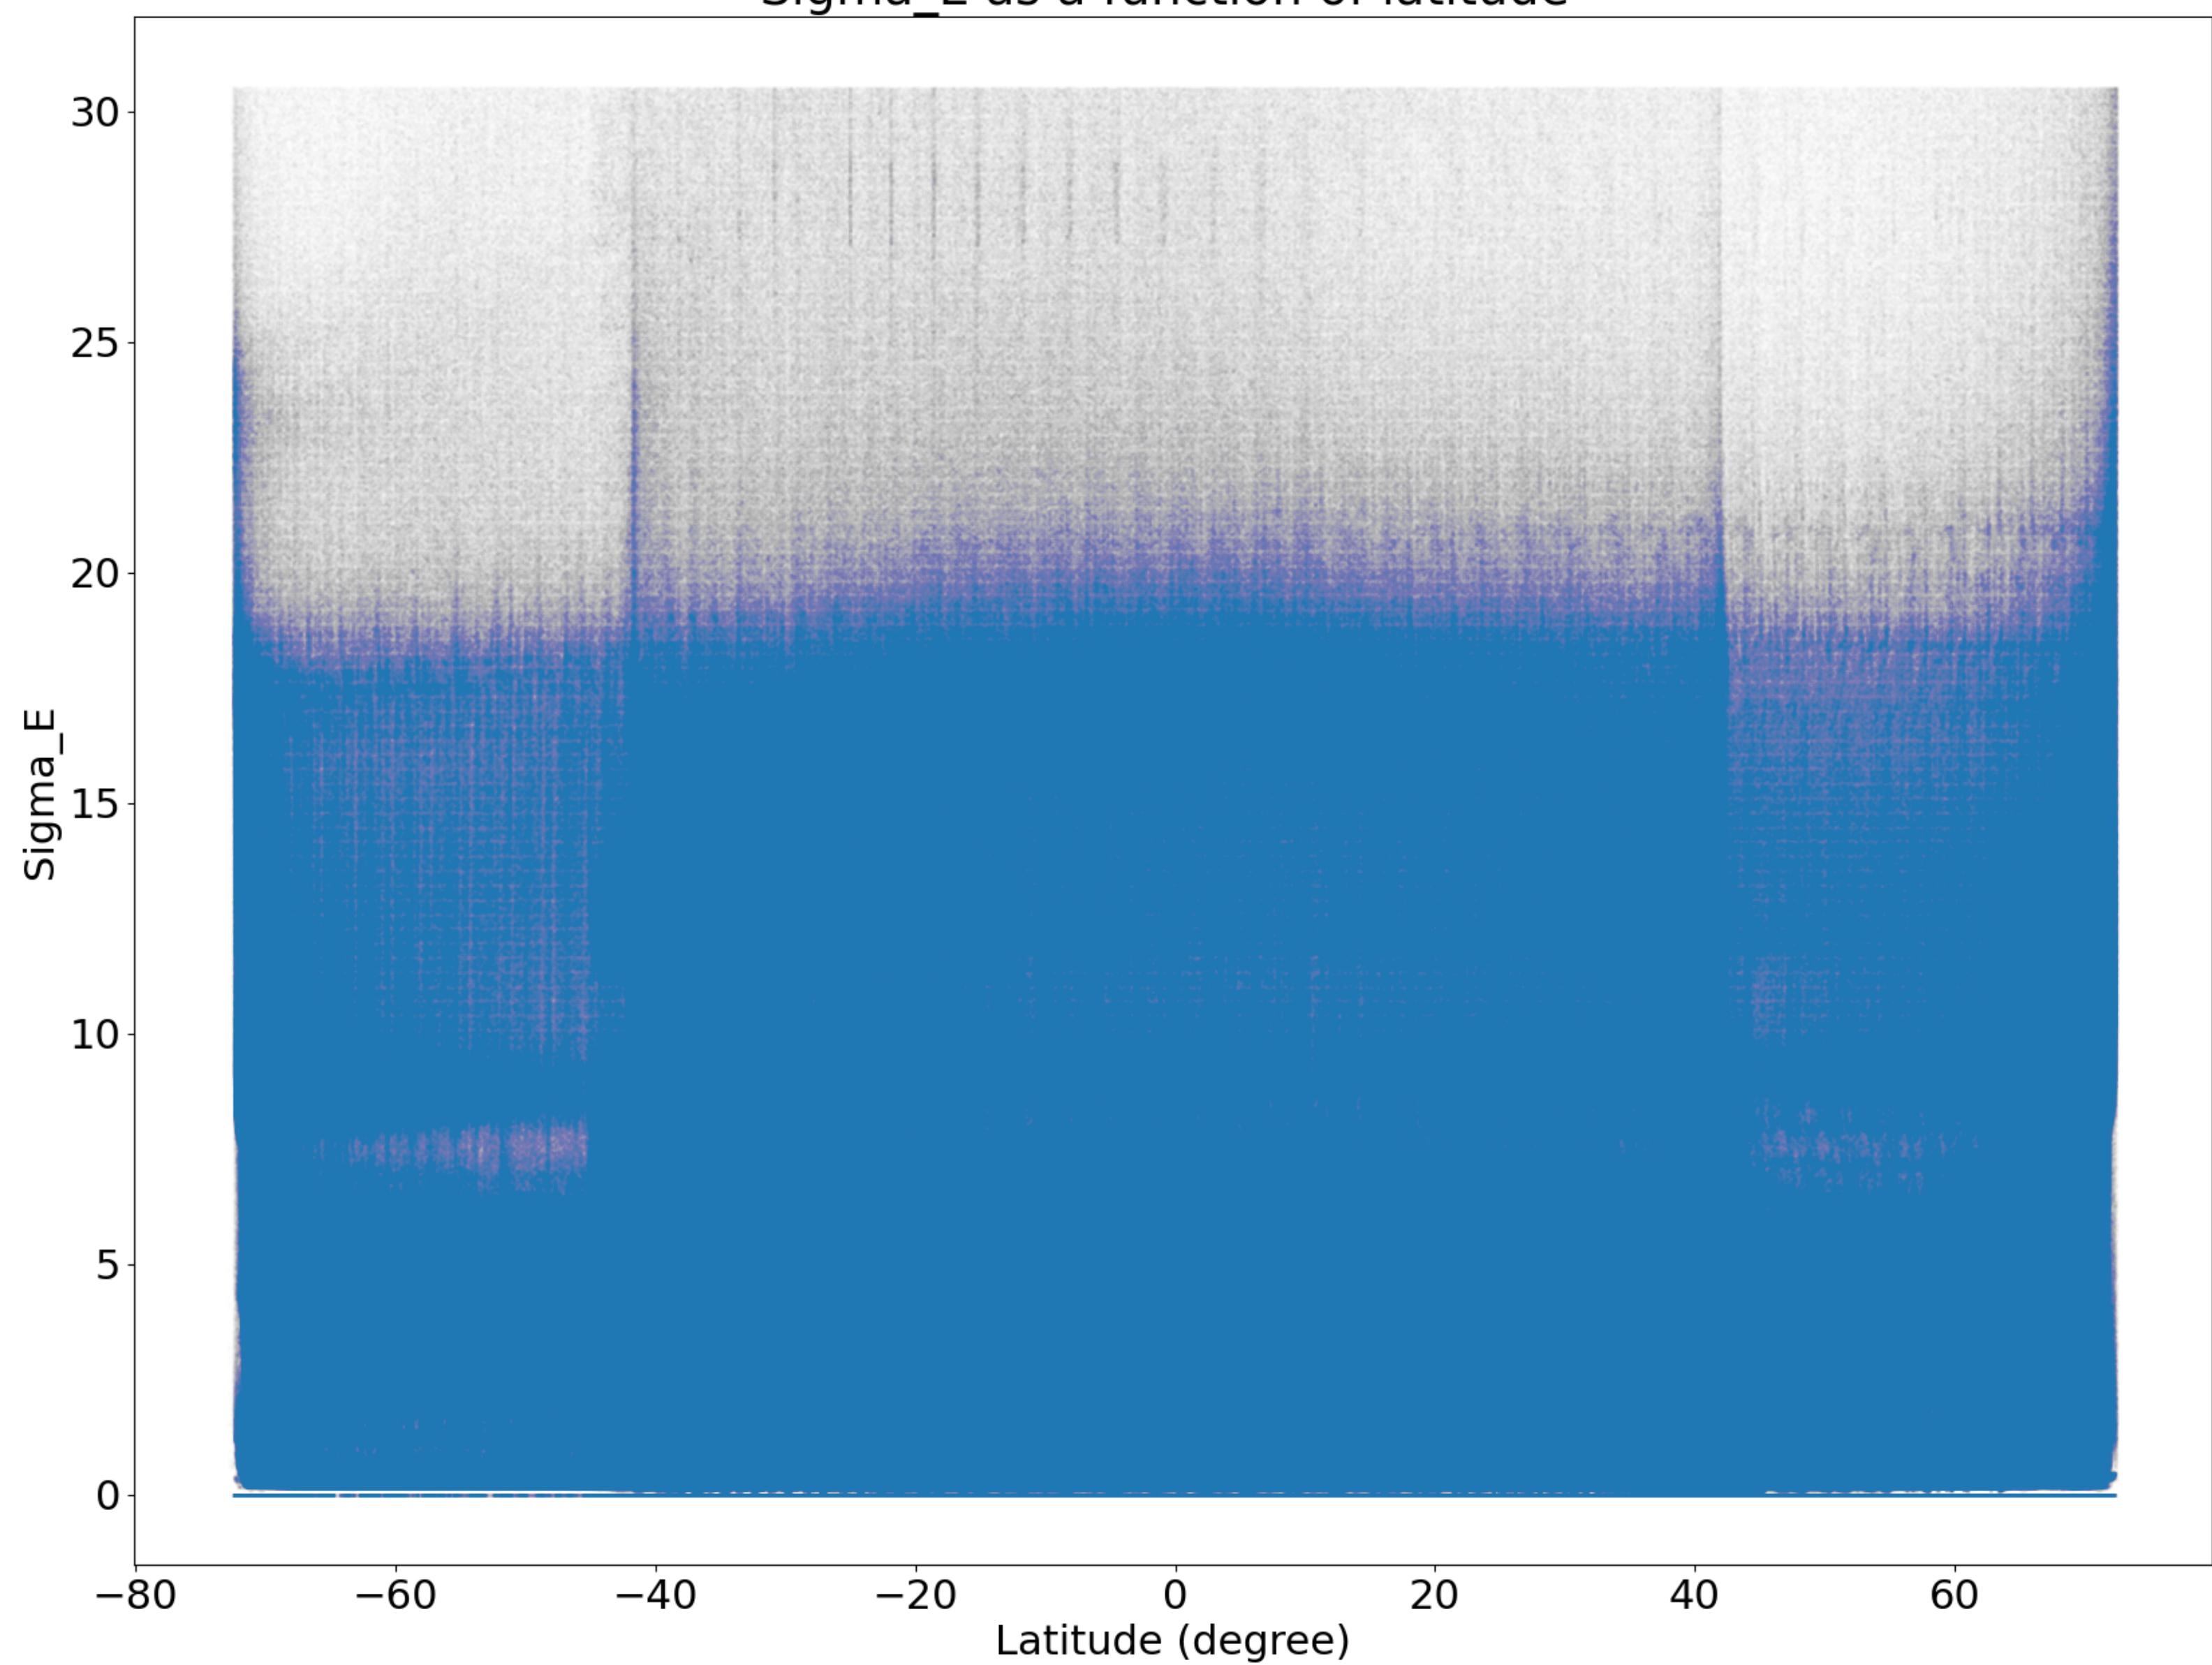

Zonal Wind as a function of sza

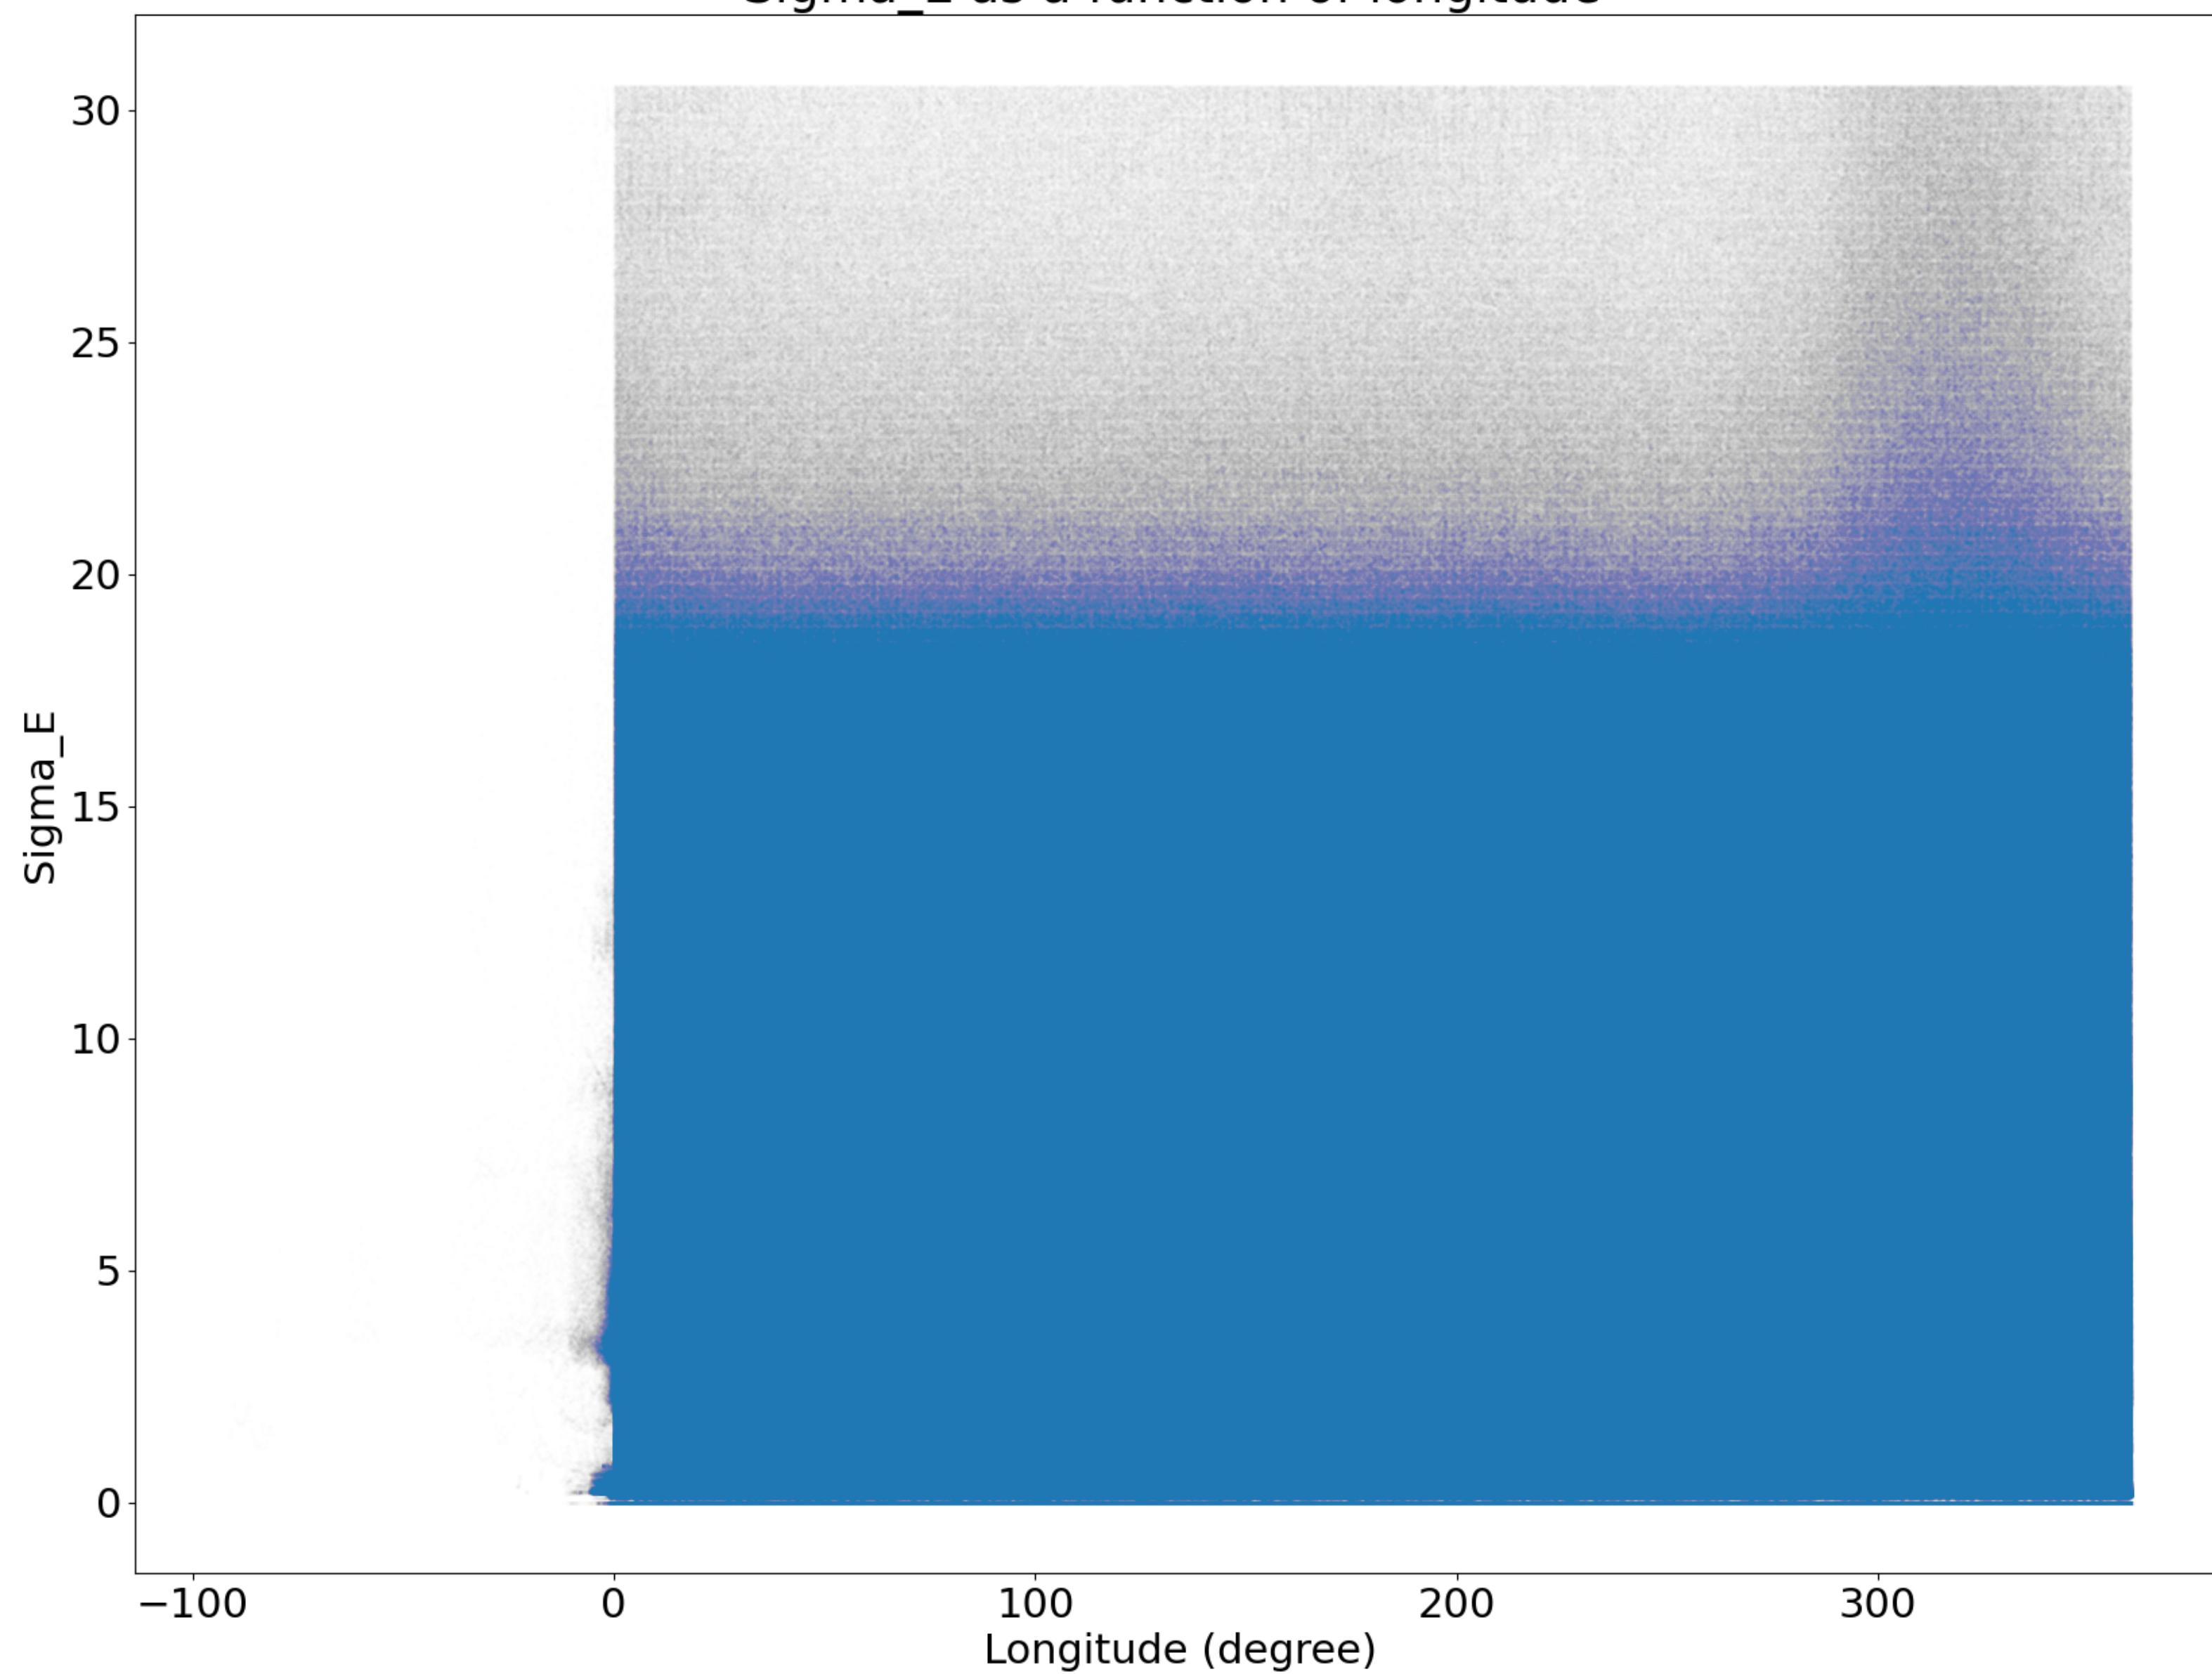

Sigma_E as a function of altitude

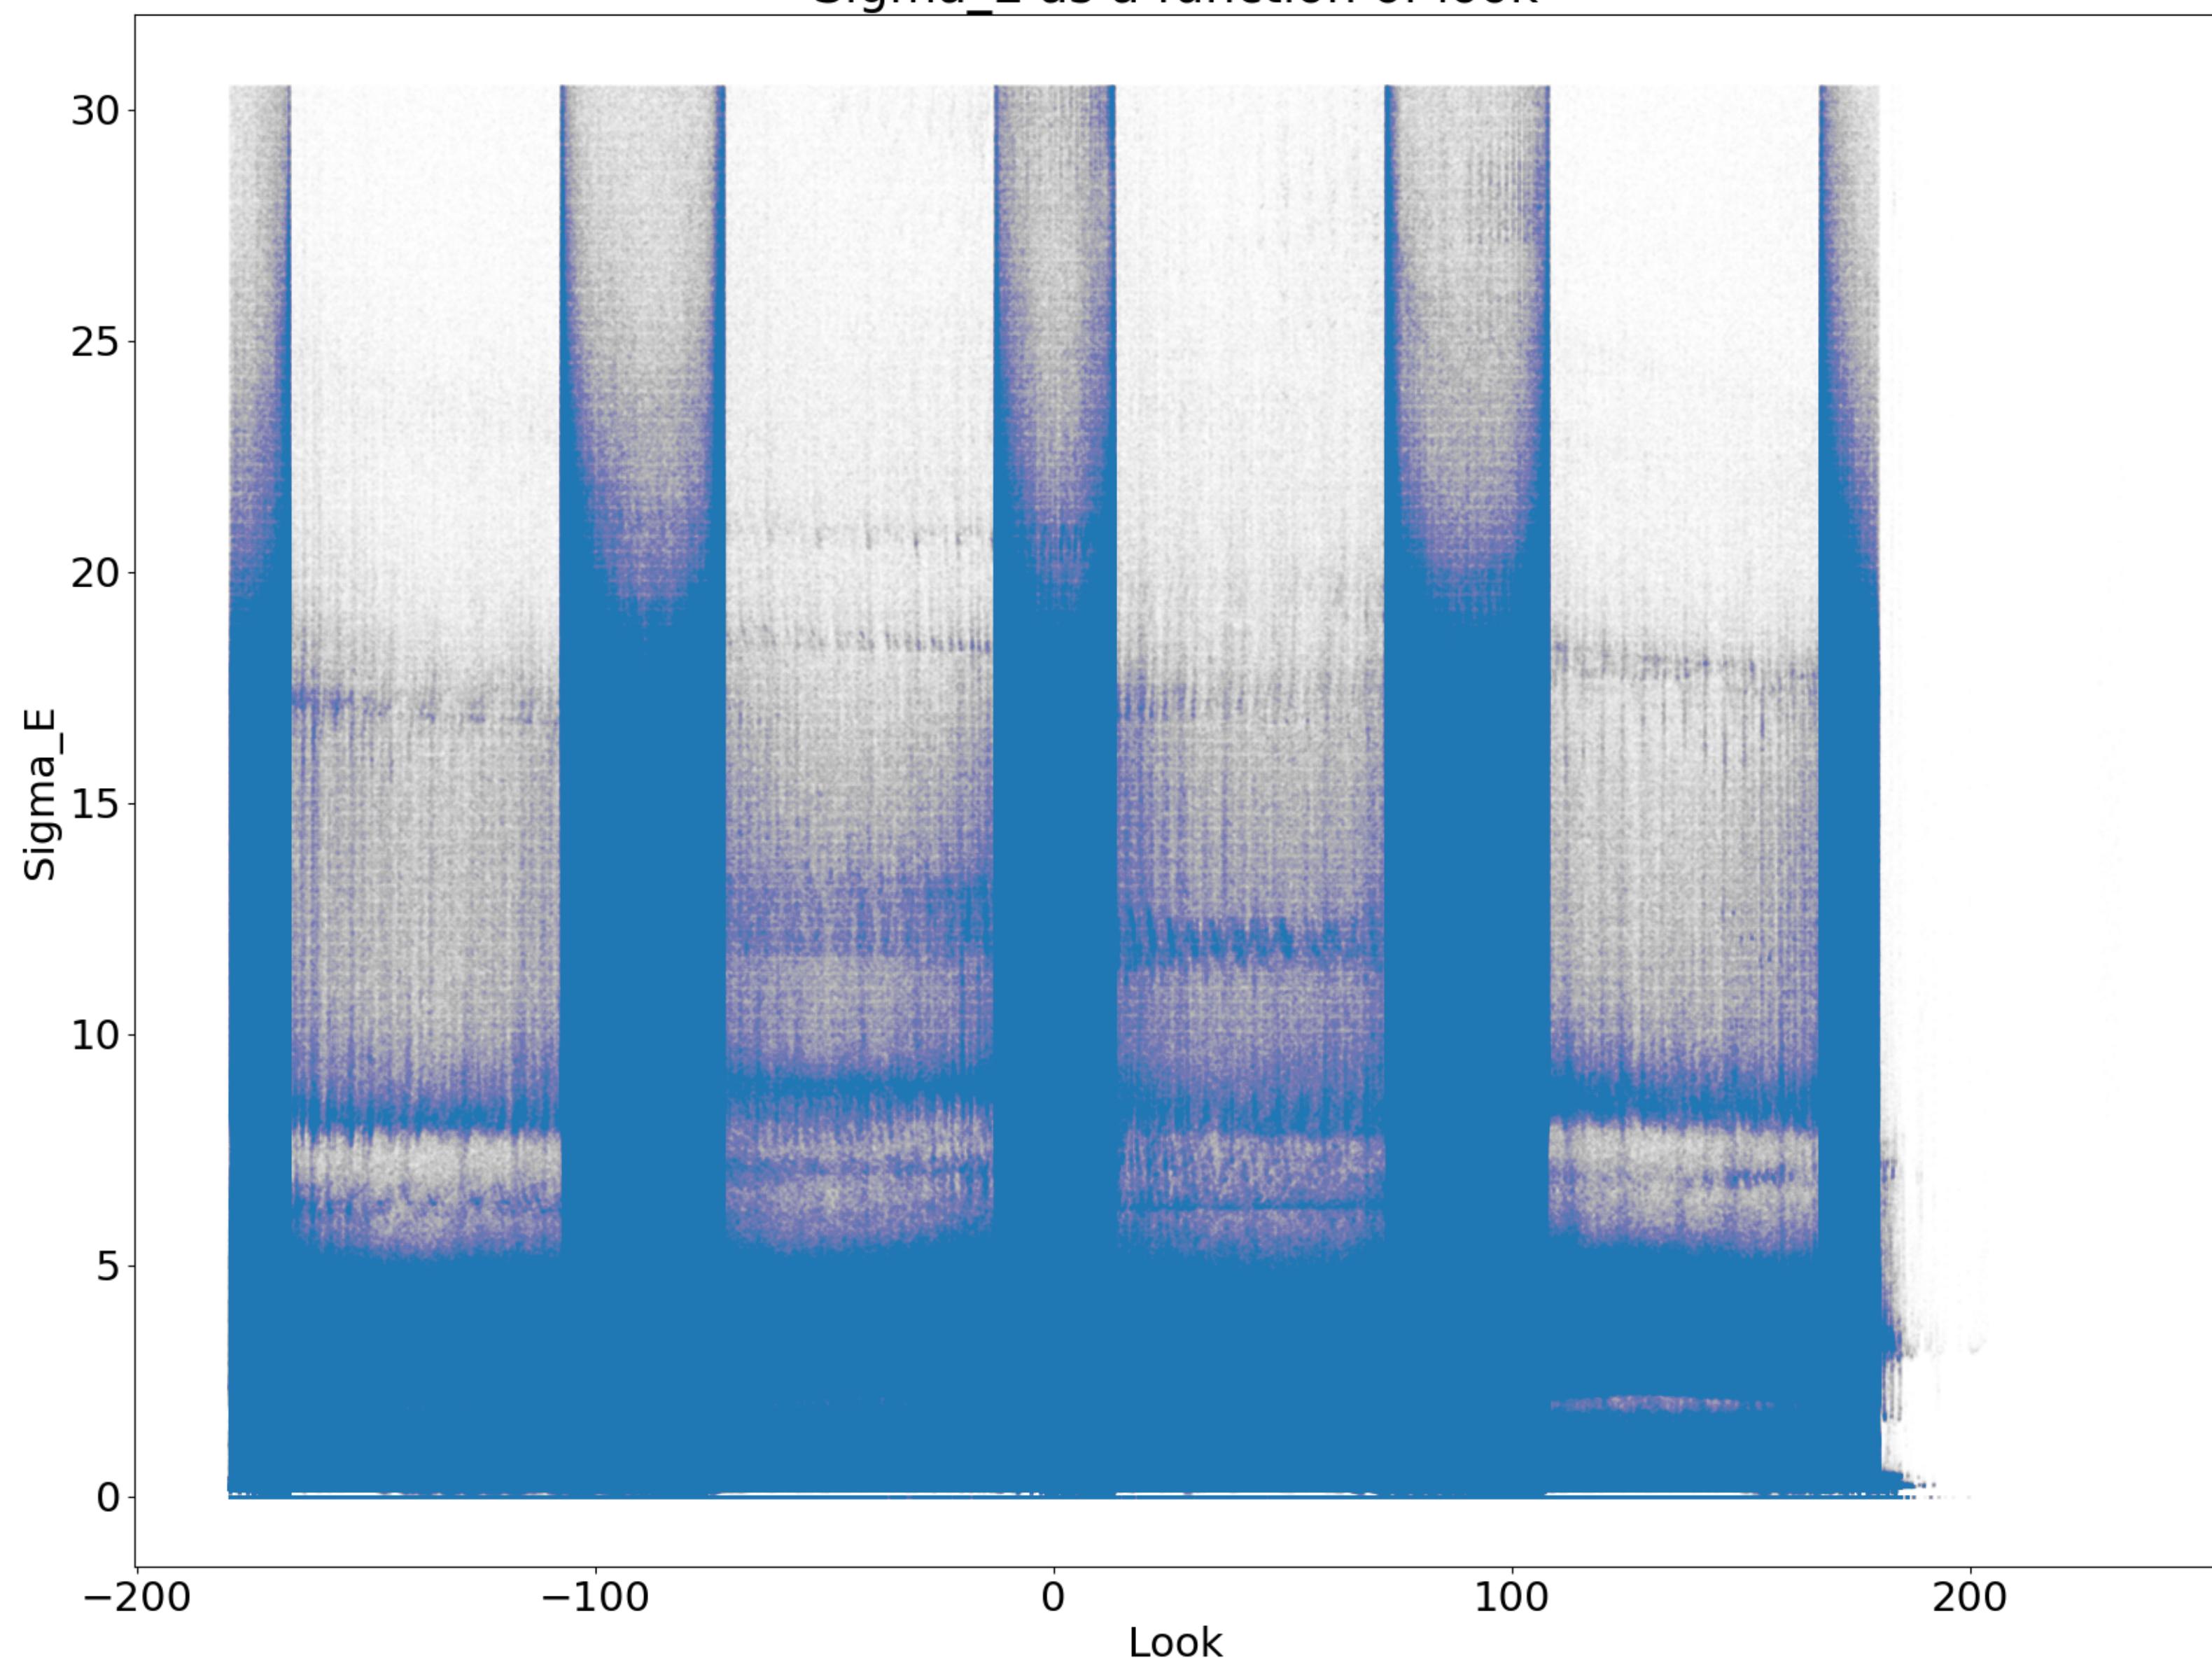

Sigma_E as a function of latitude

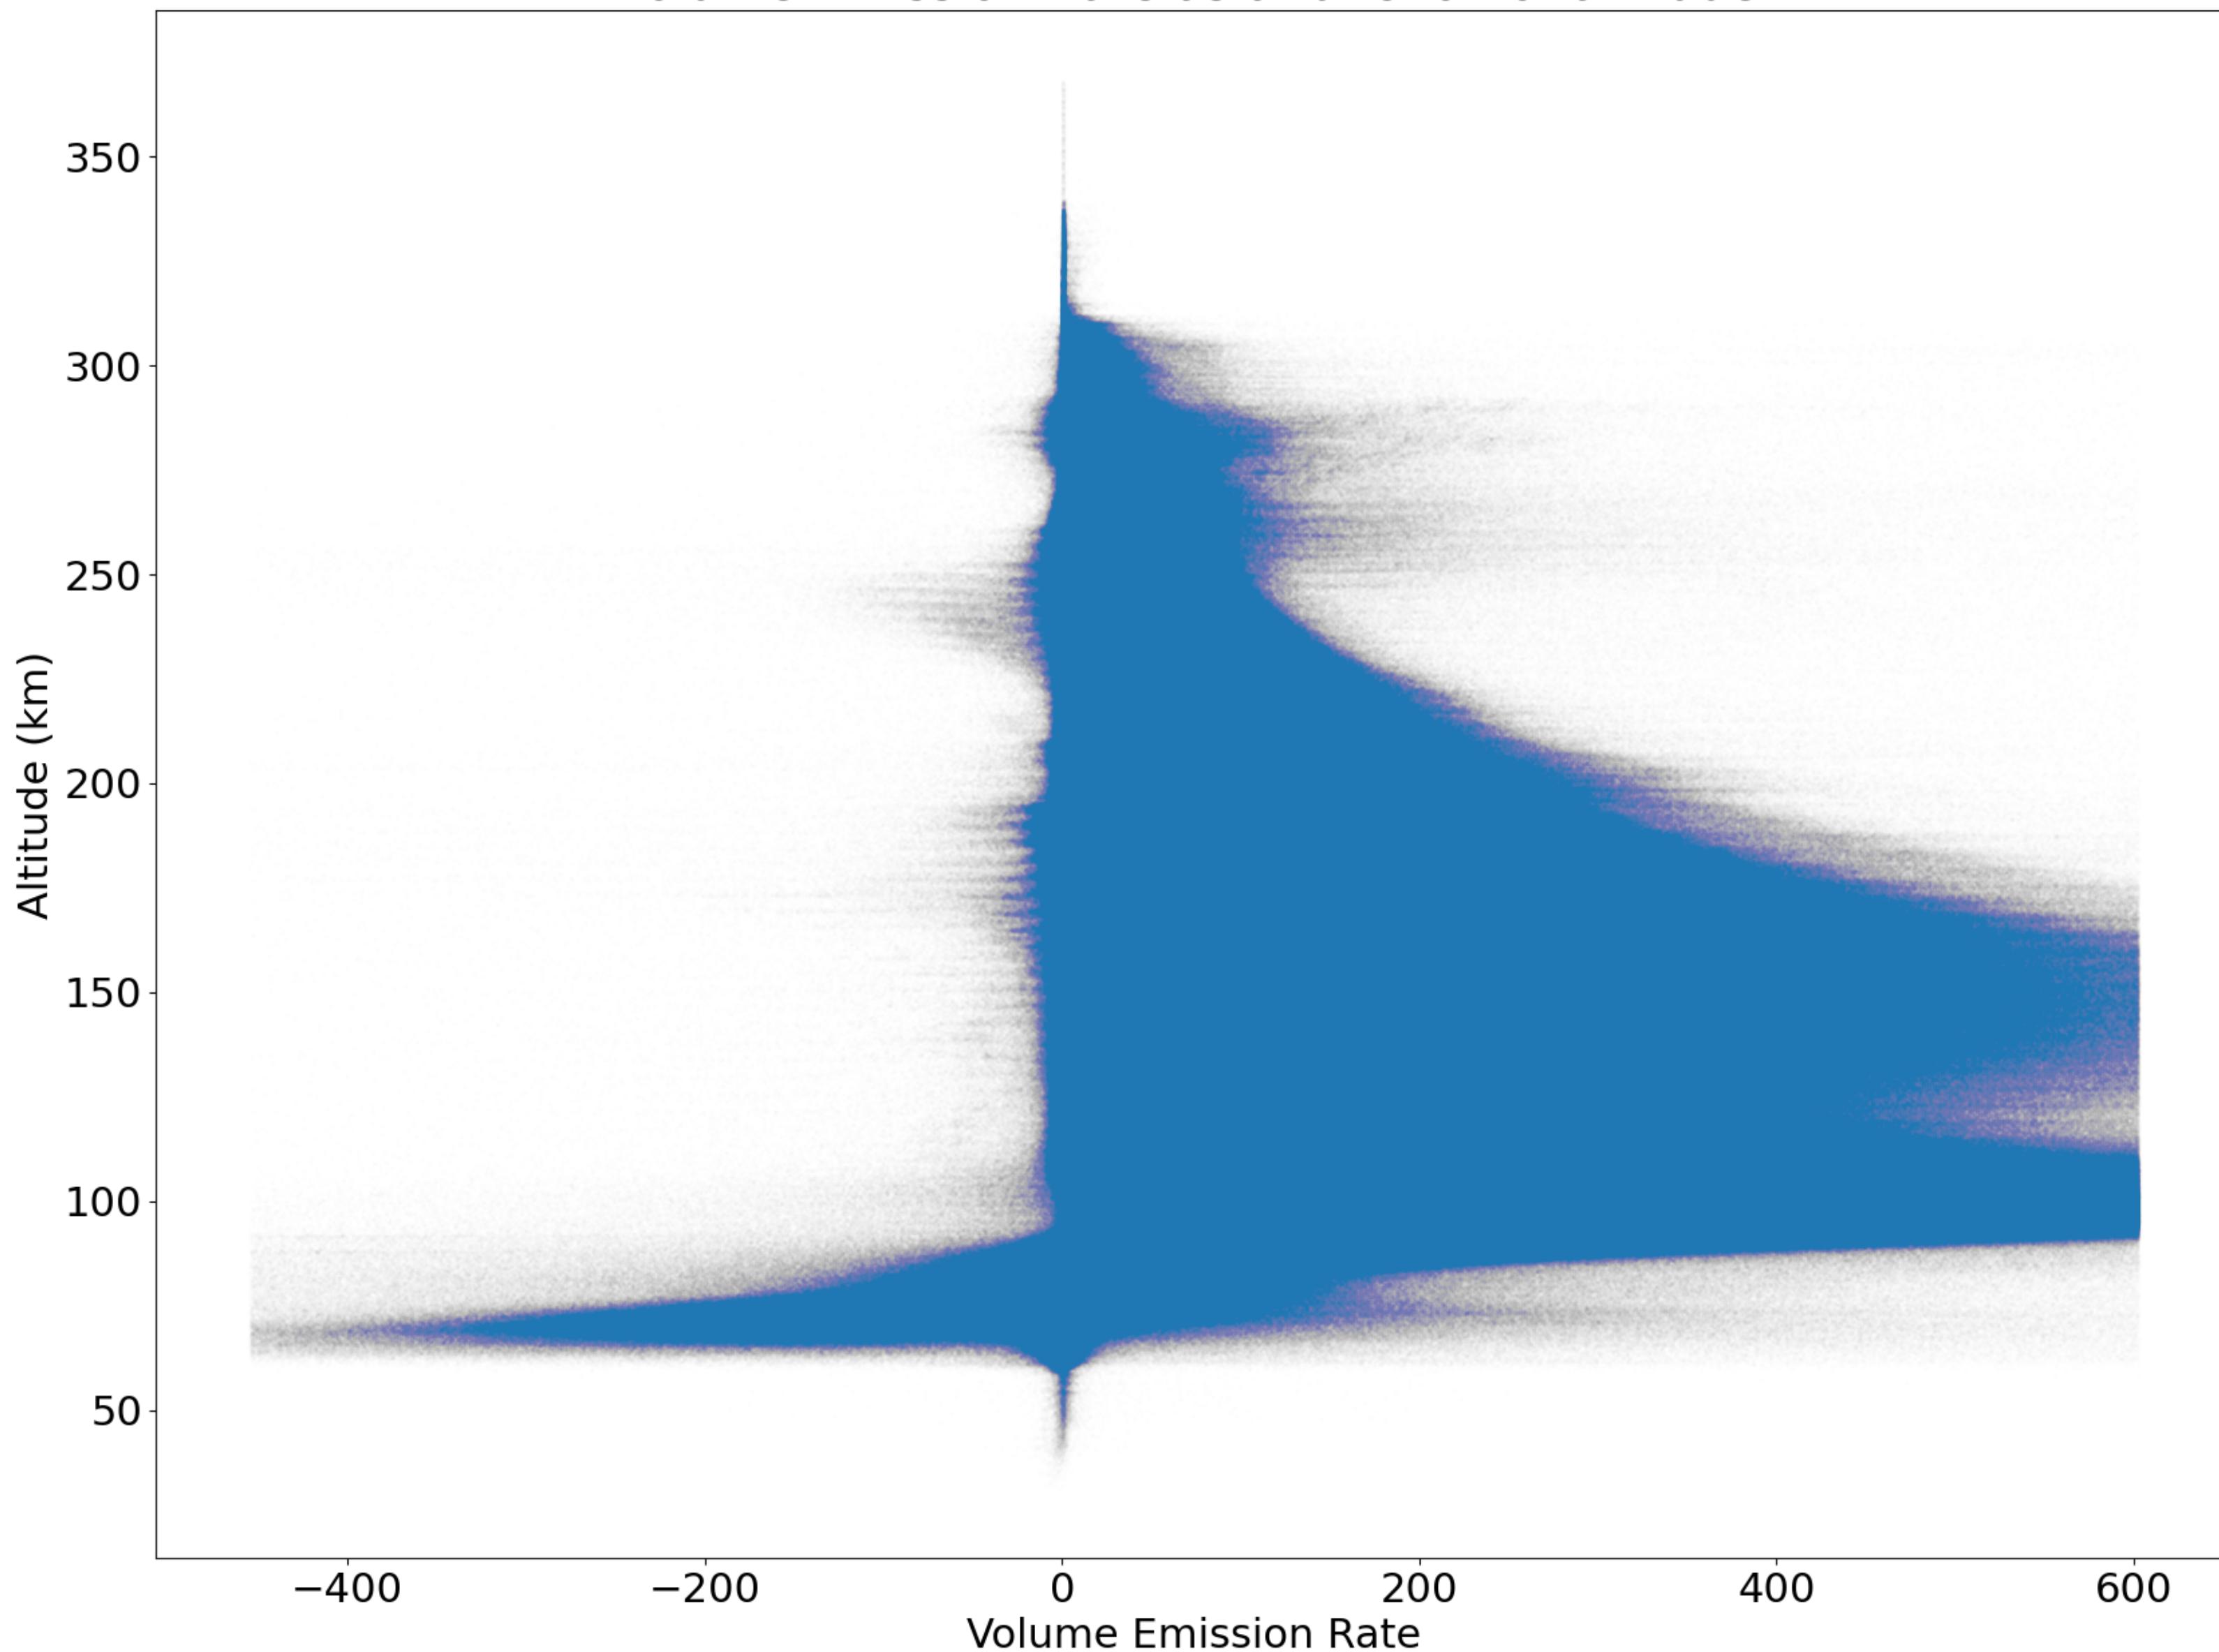

Sigma_E as a function of longitude

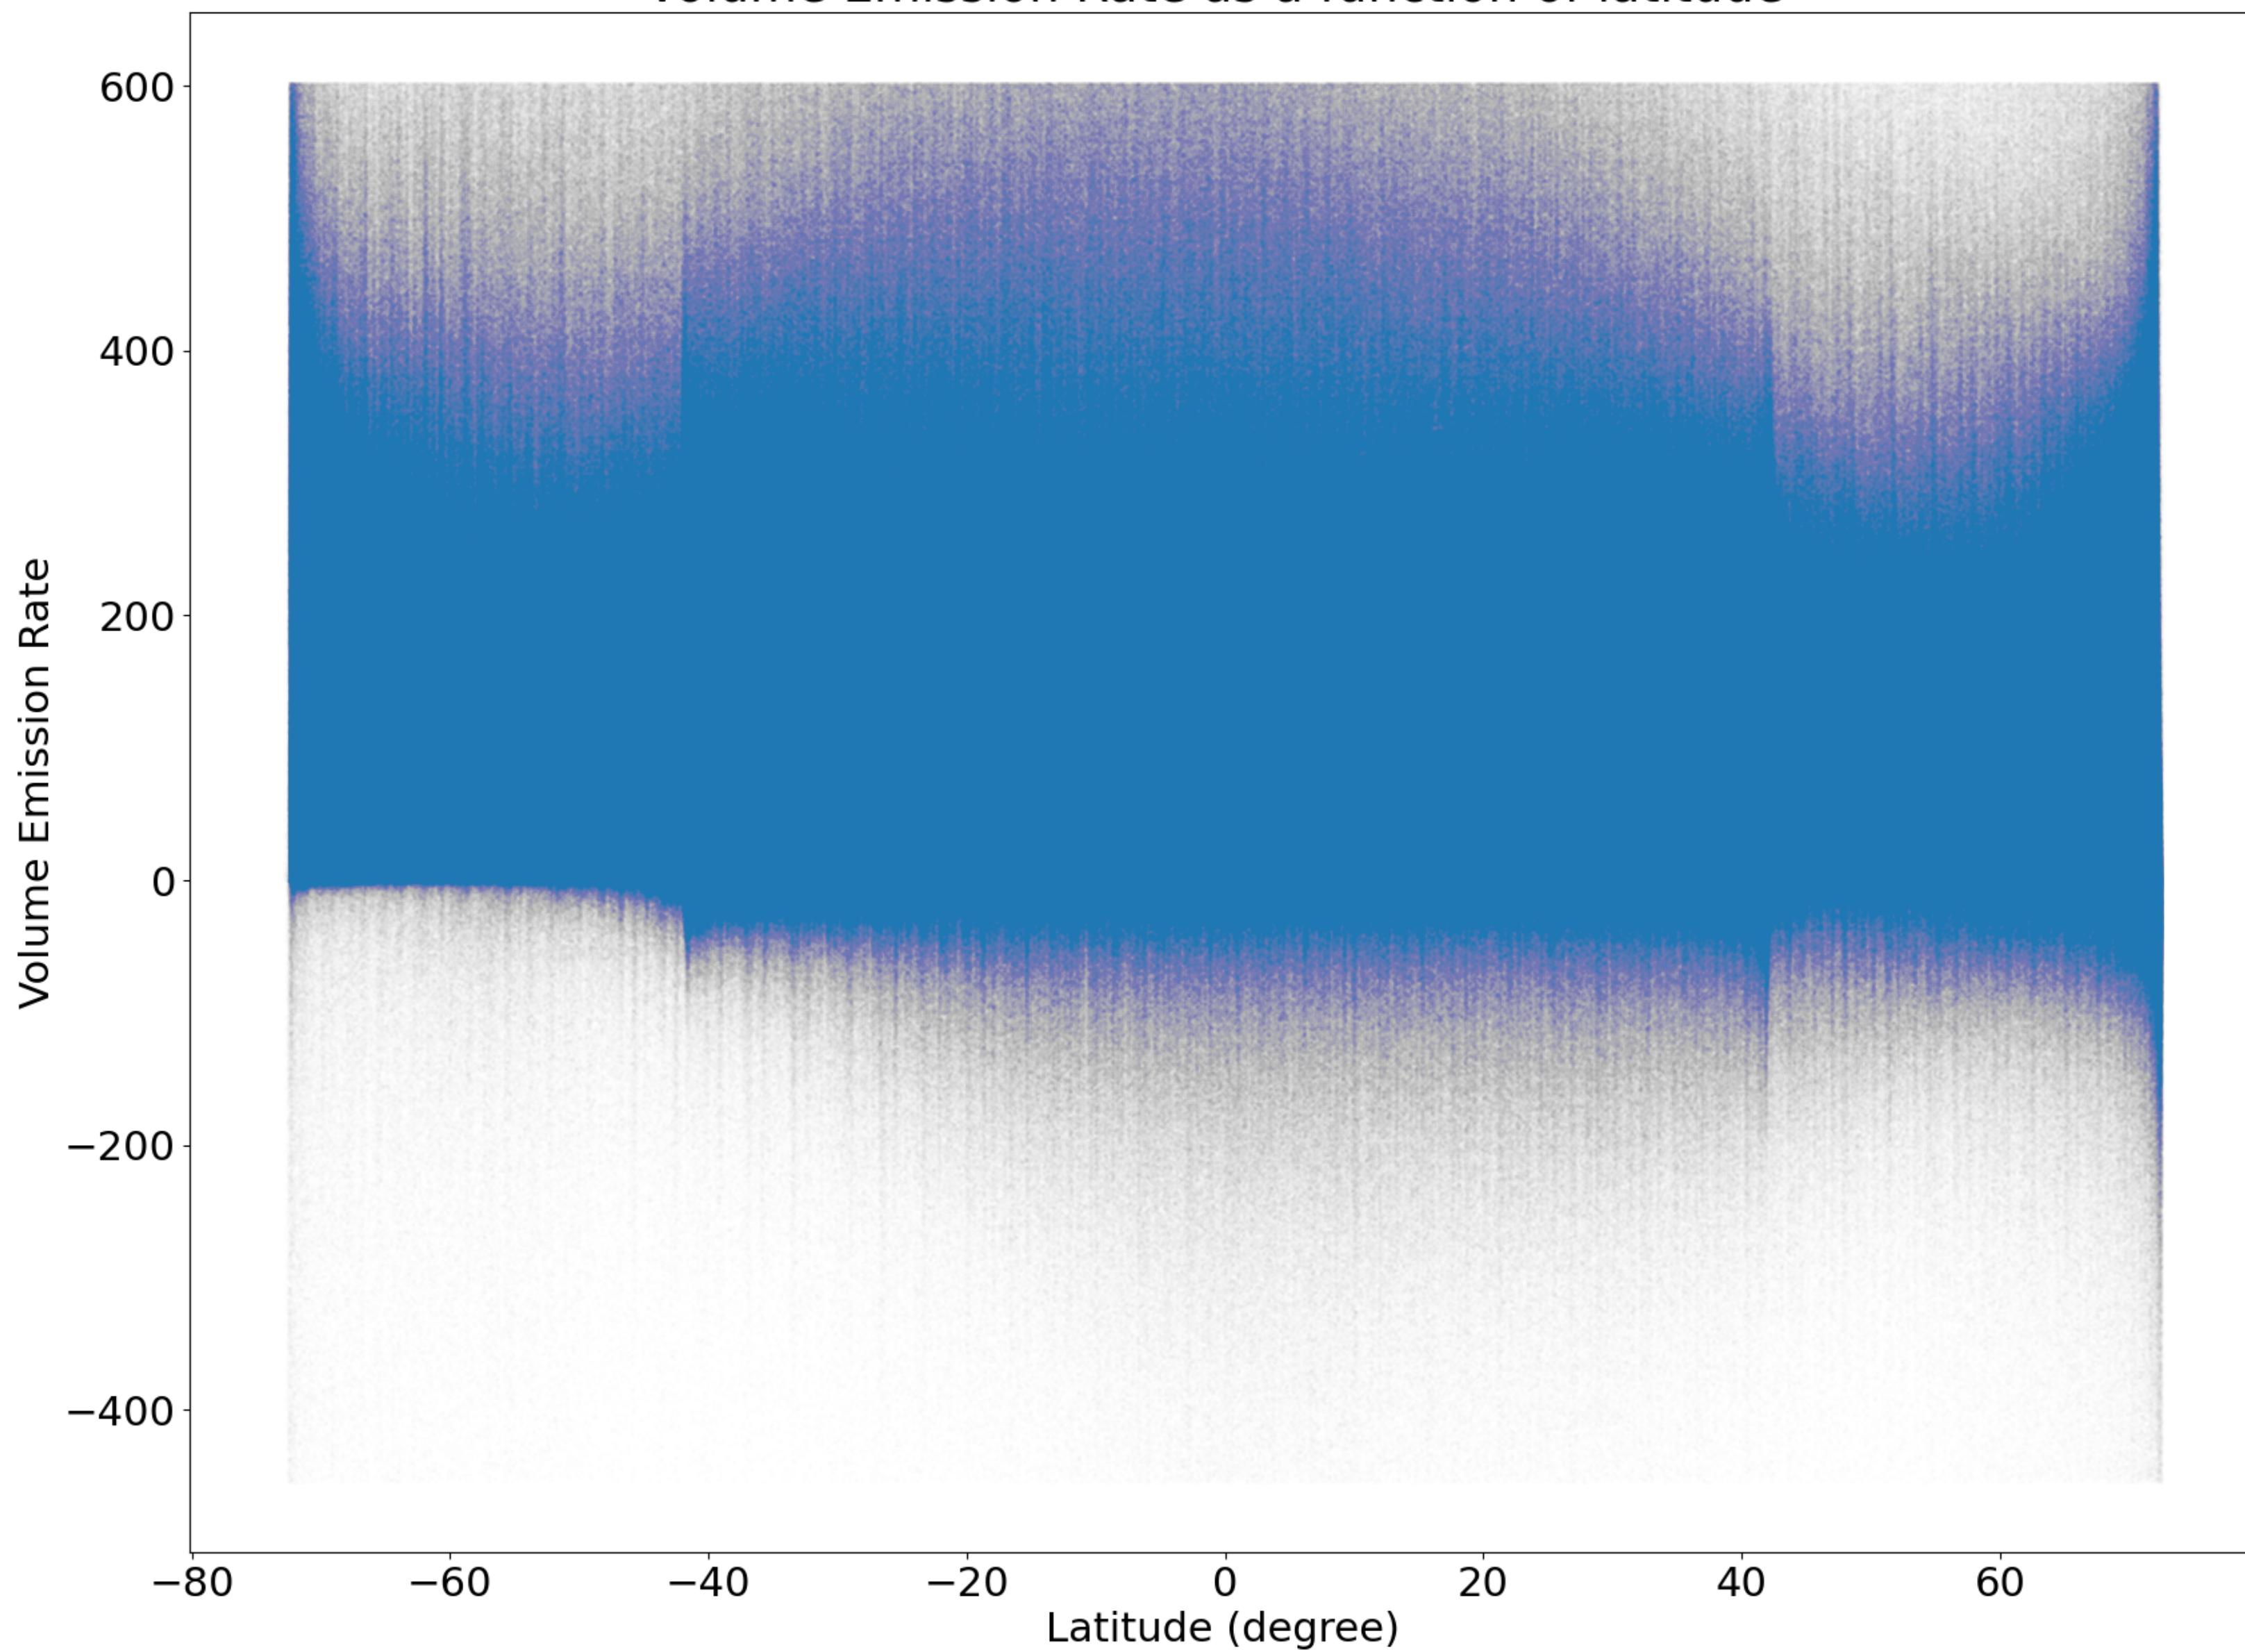

Sigma_E as a function of look

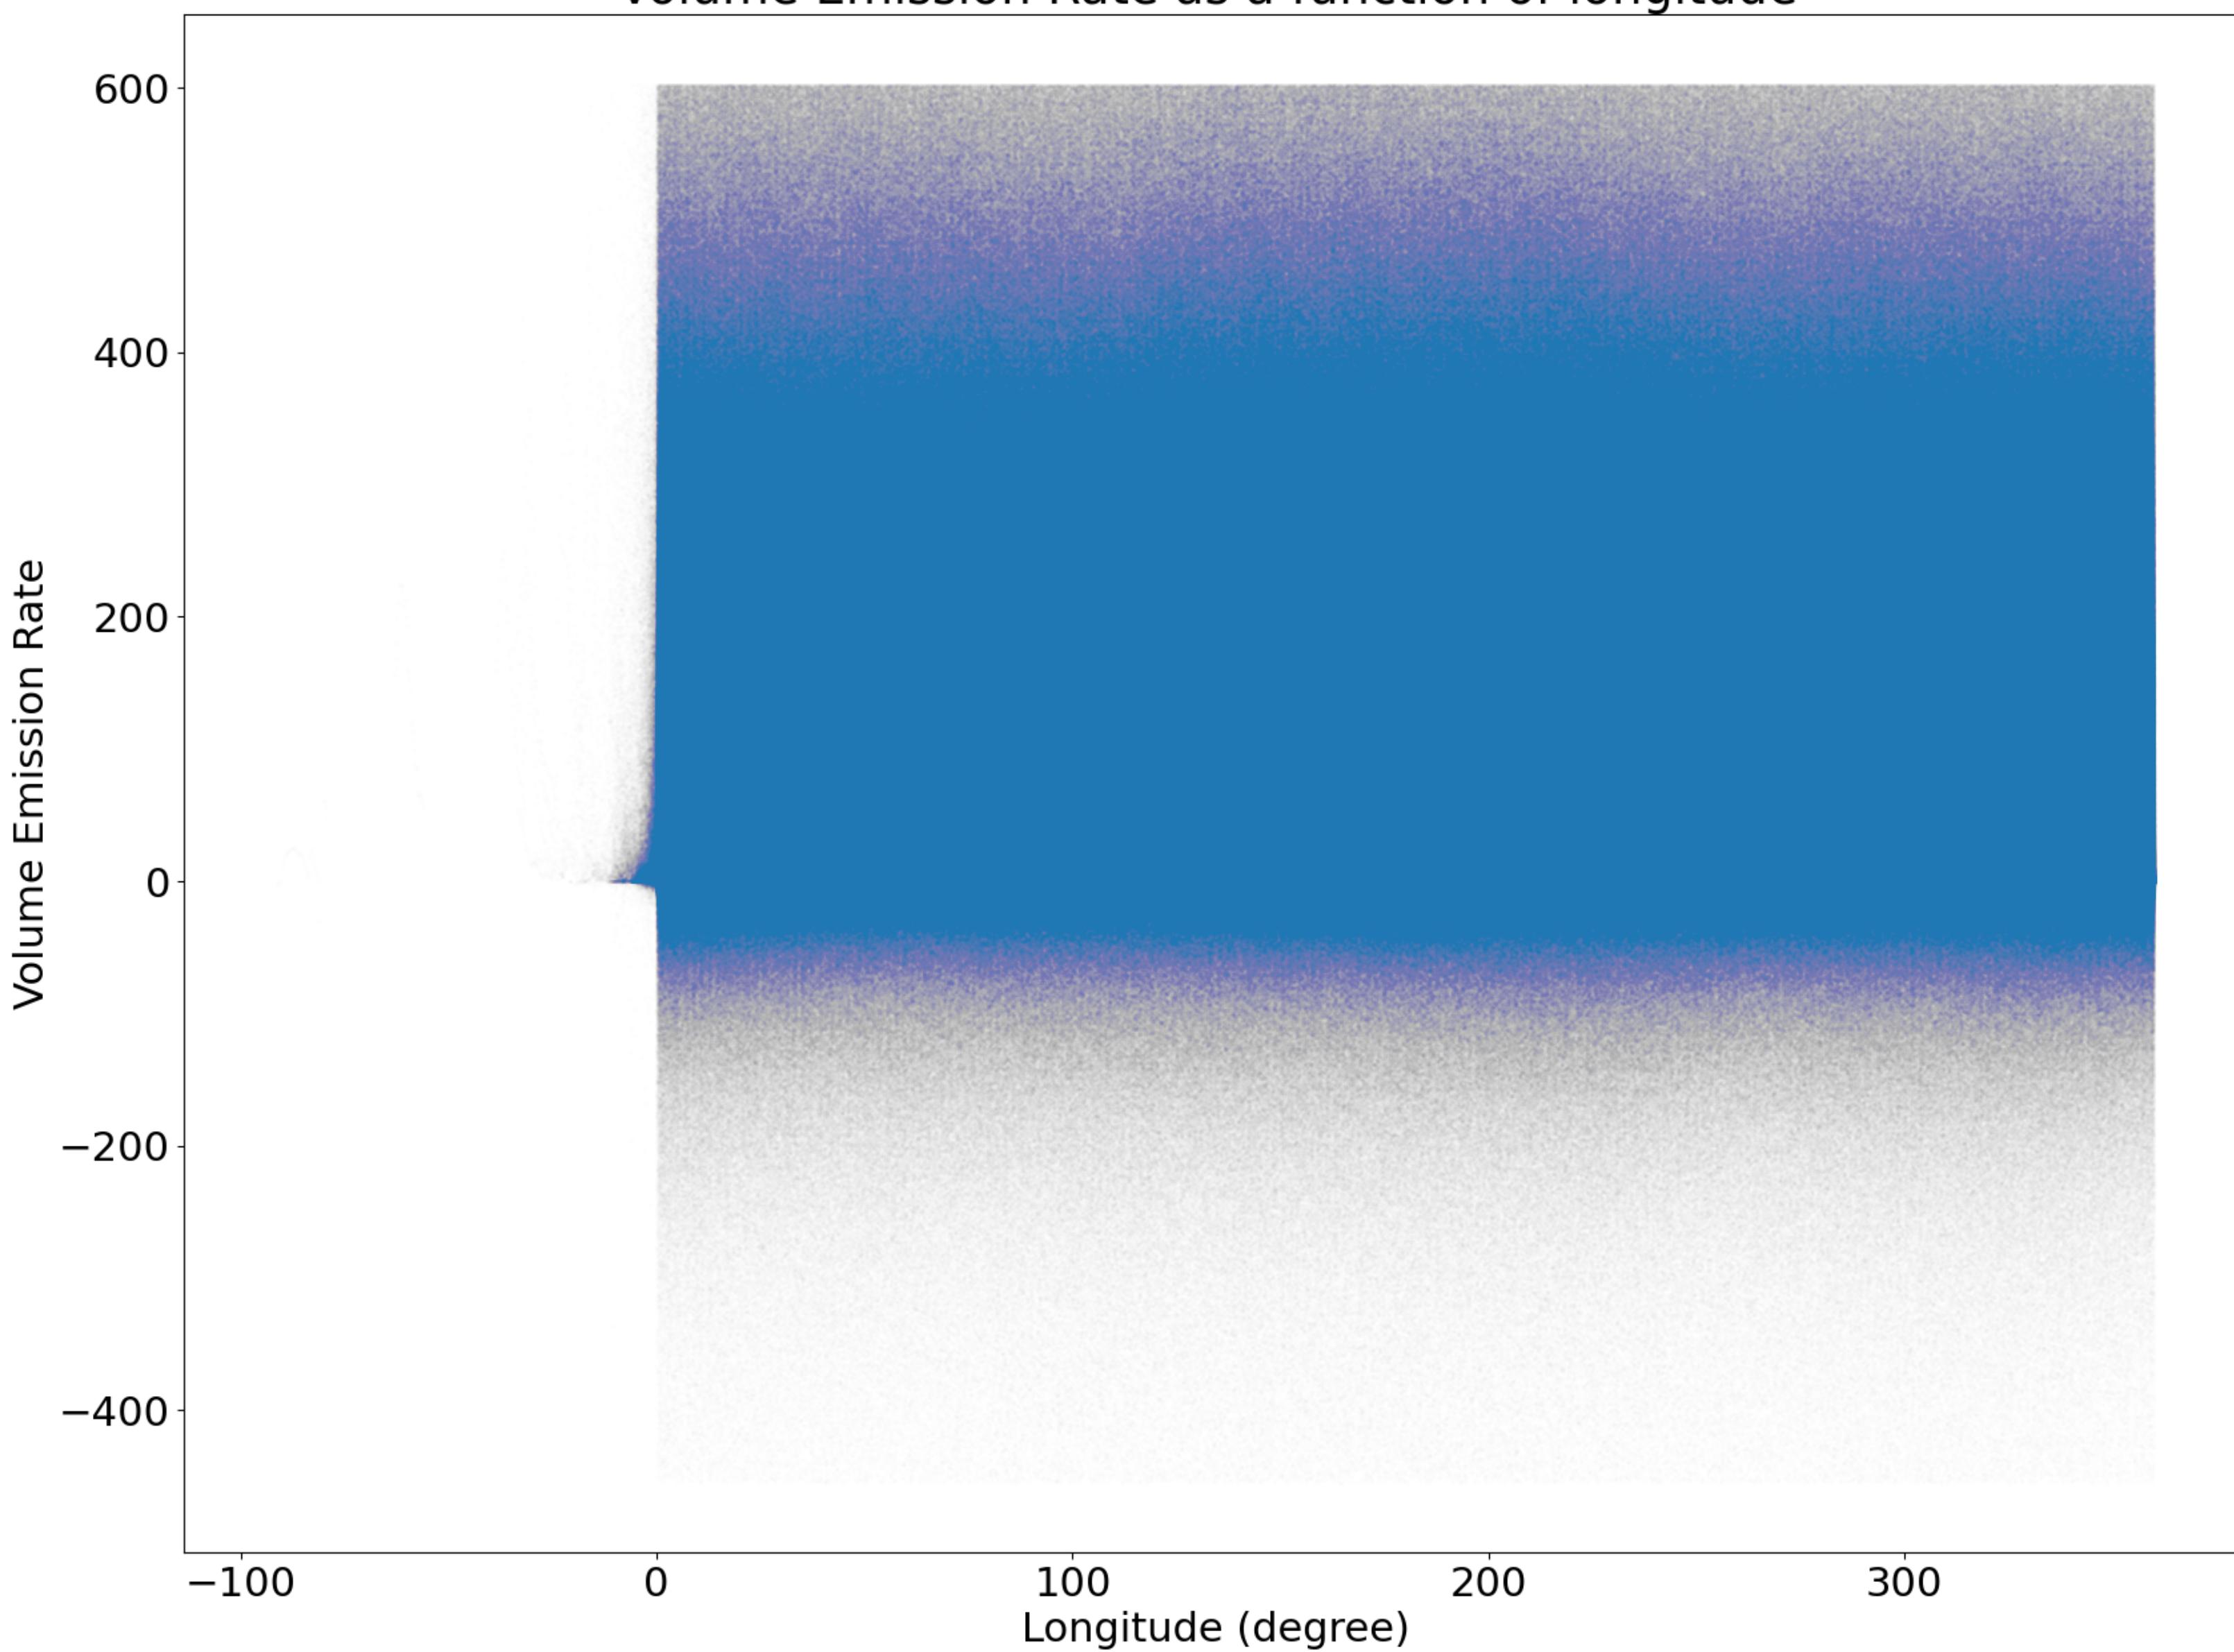

Volume Emission Rate as a function of altitude

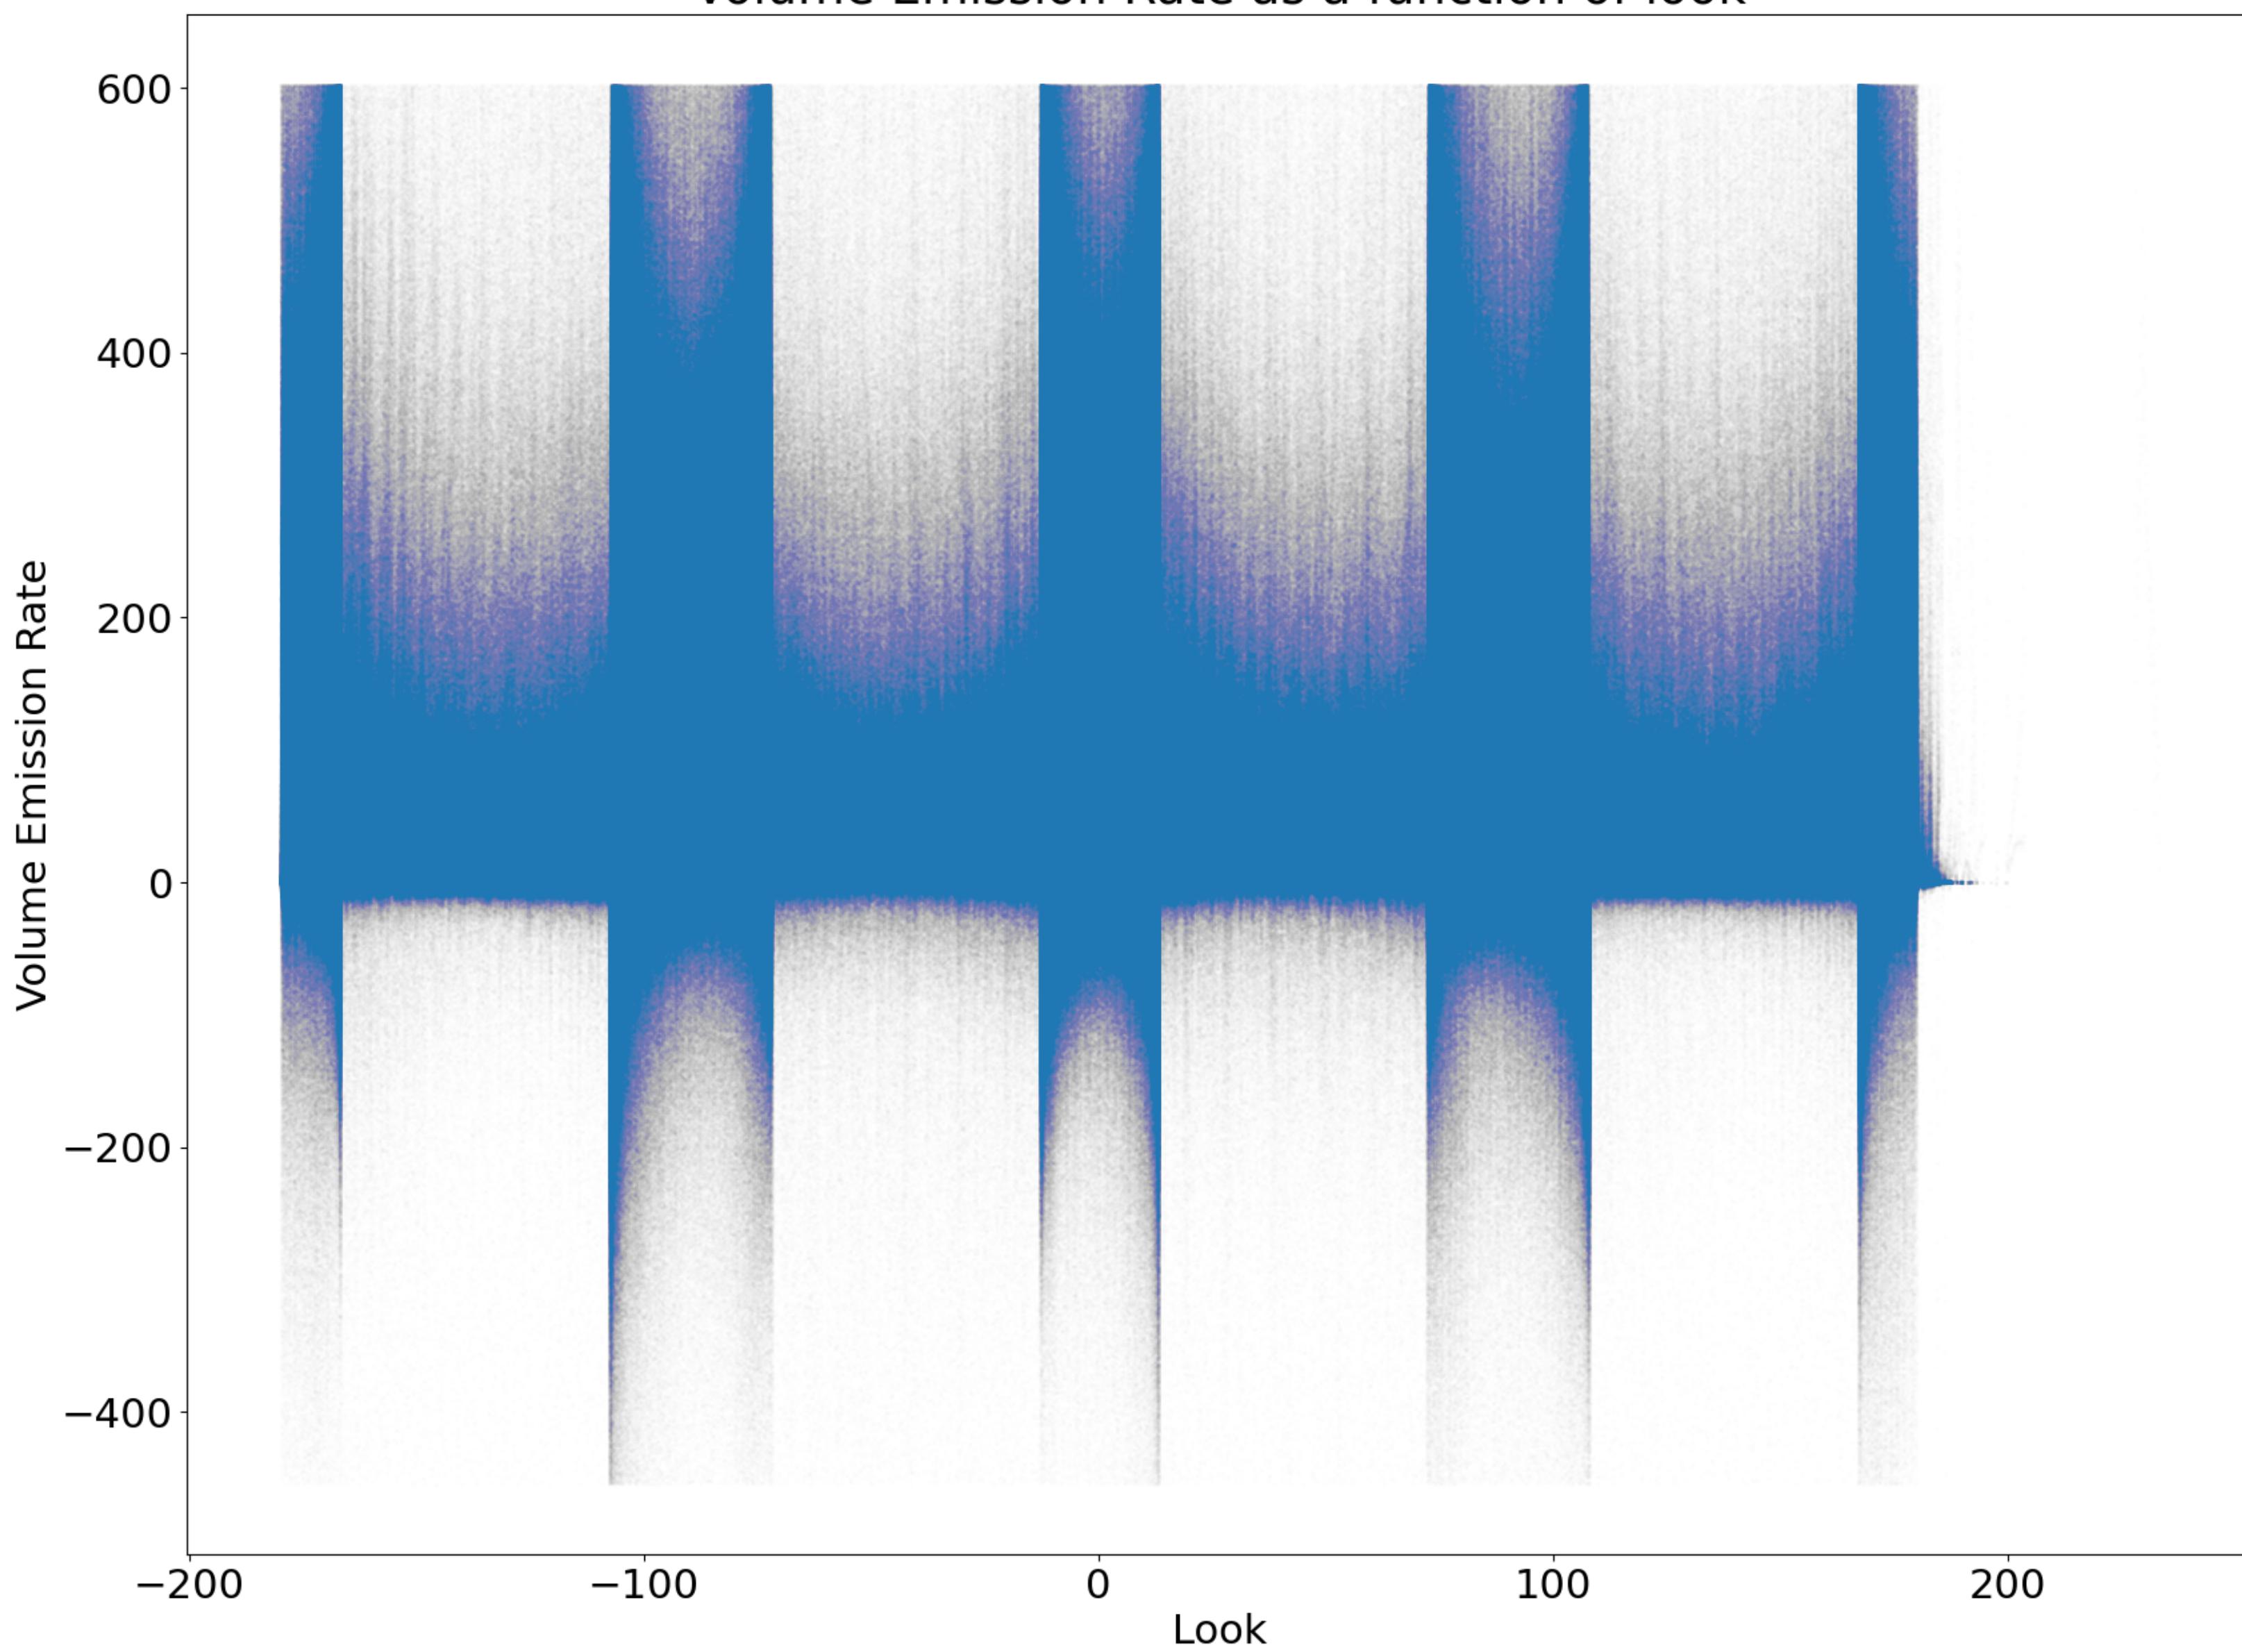

Volume Emission Rate as a function of latitude

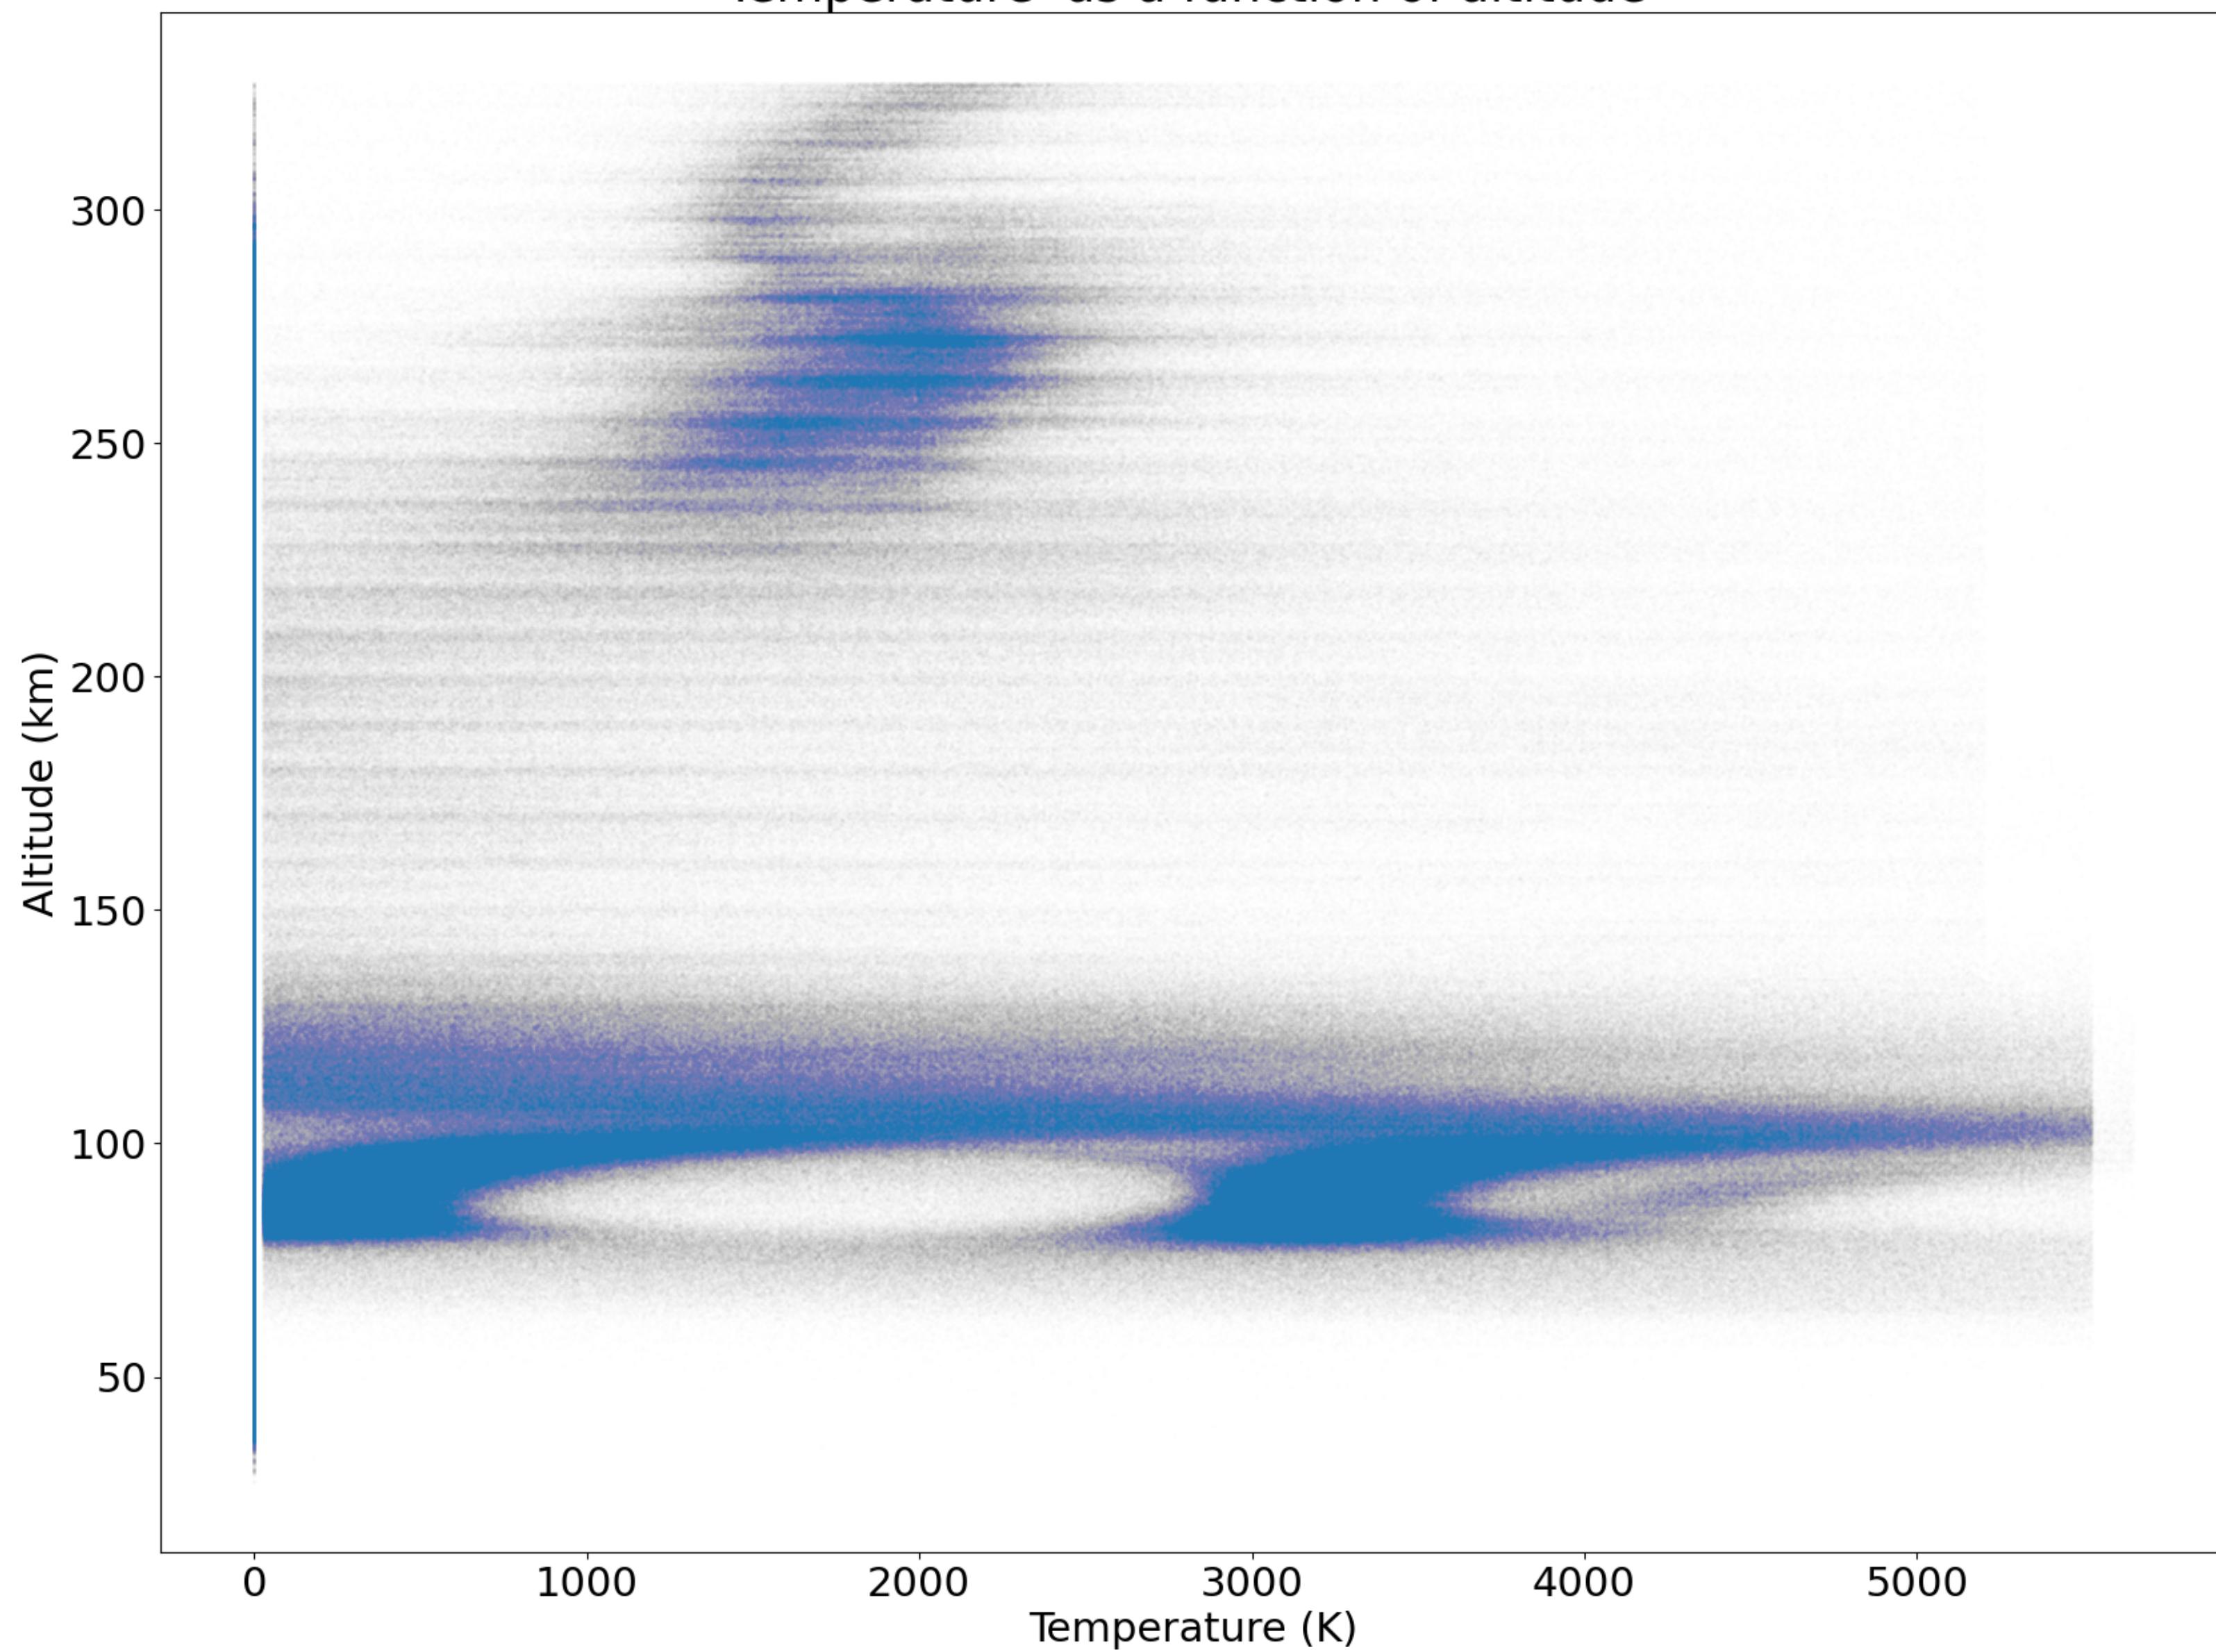

Volume Emission Rate as a function of longitude

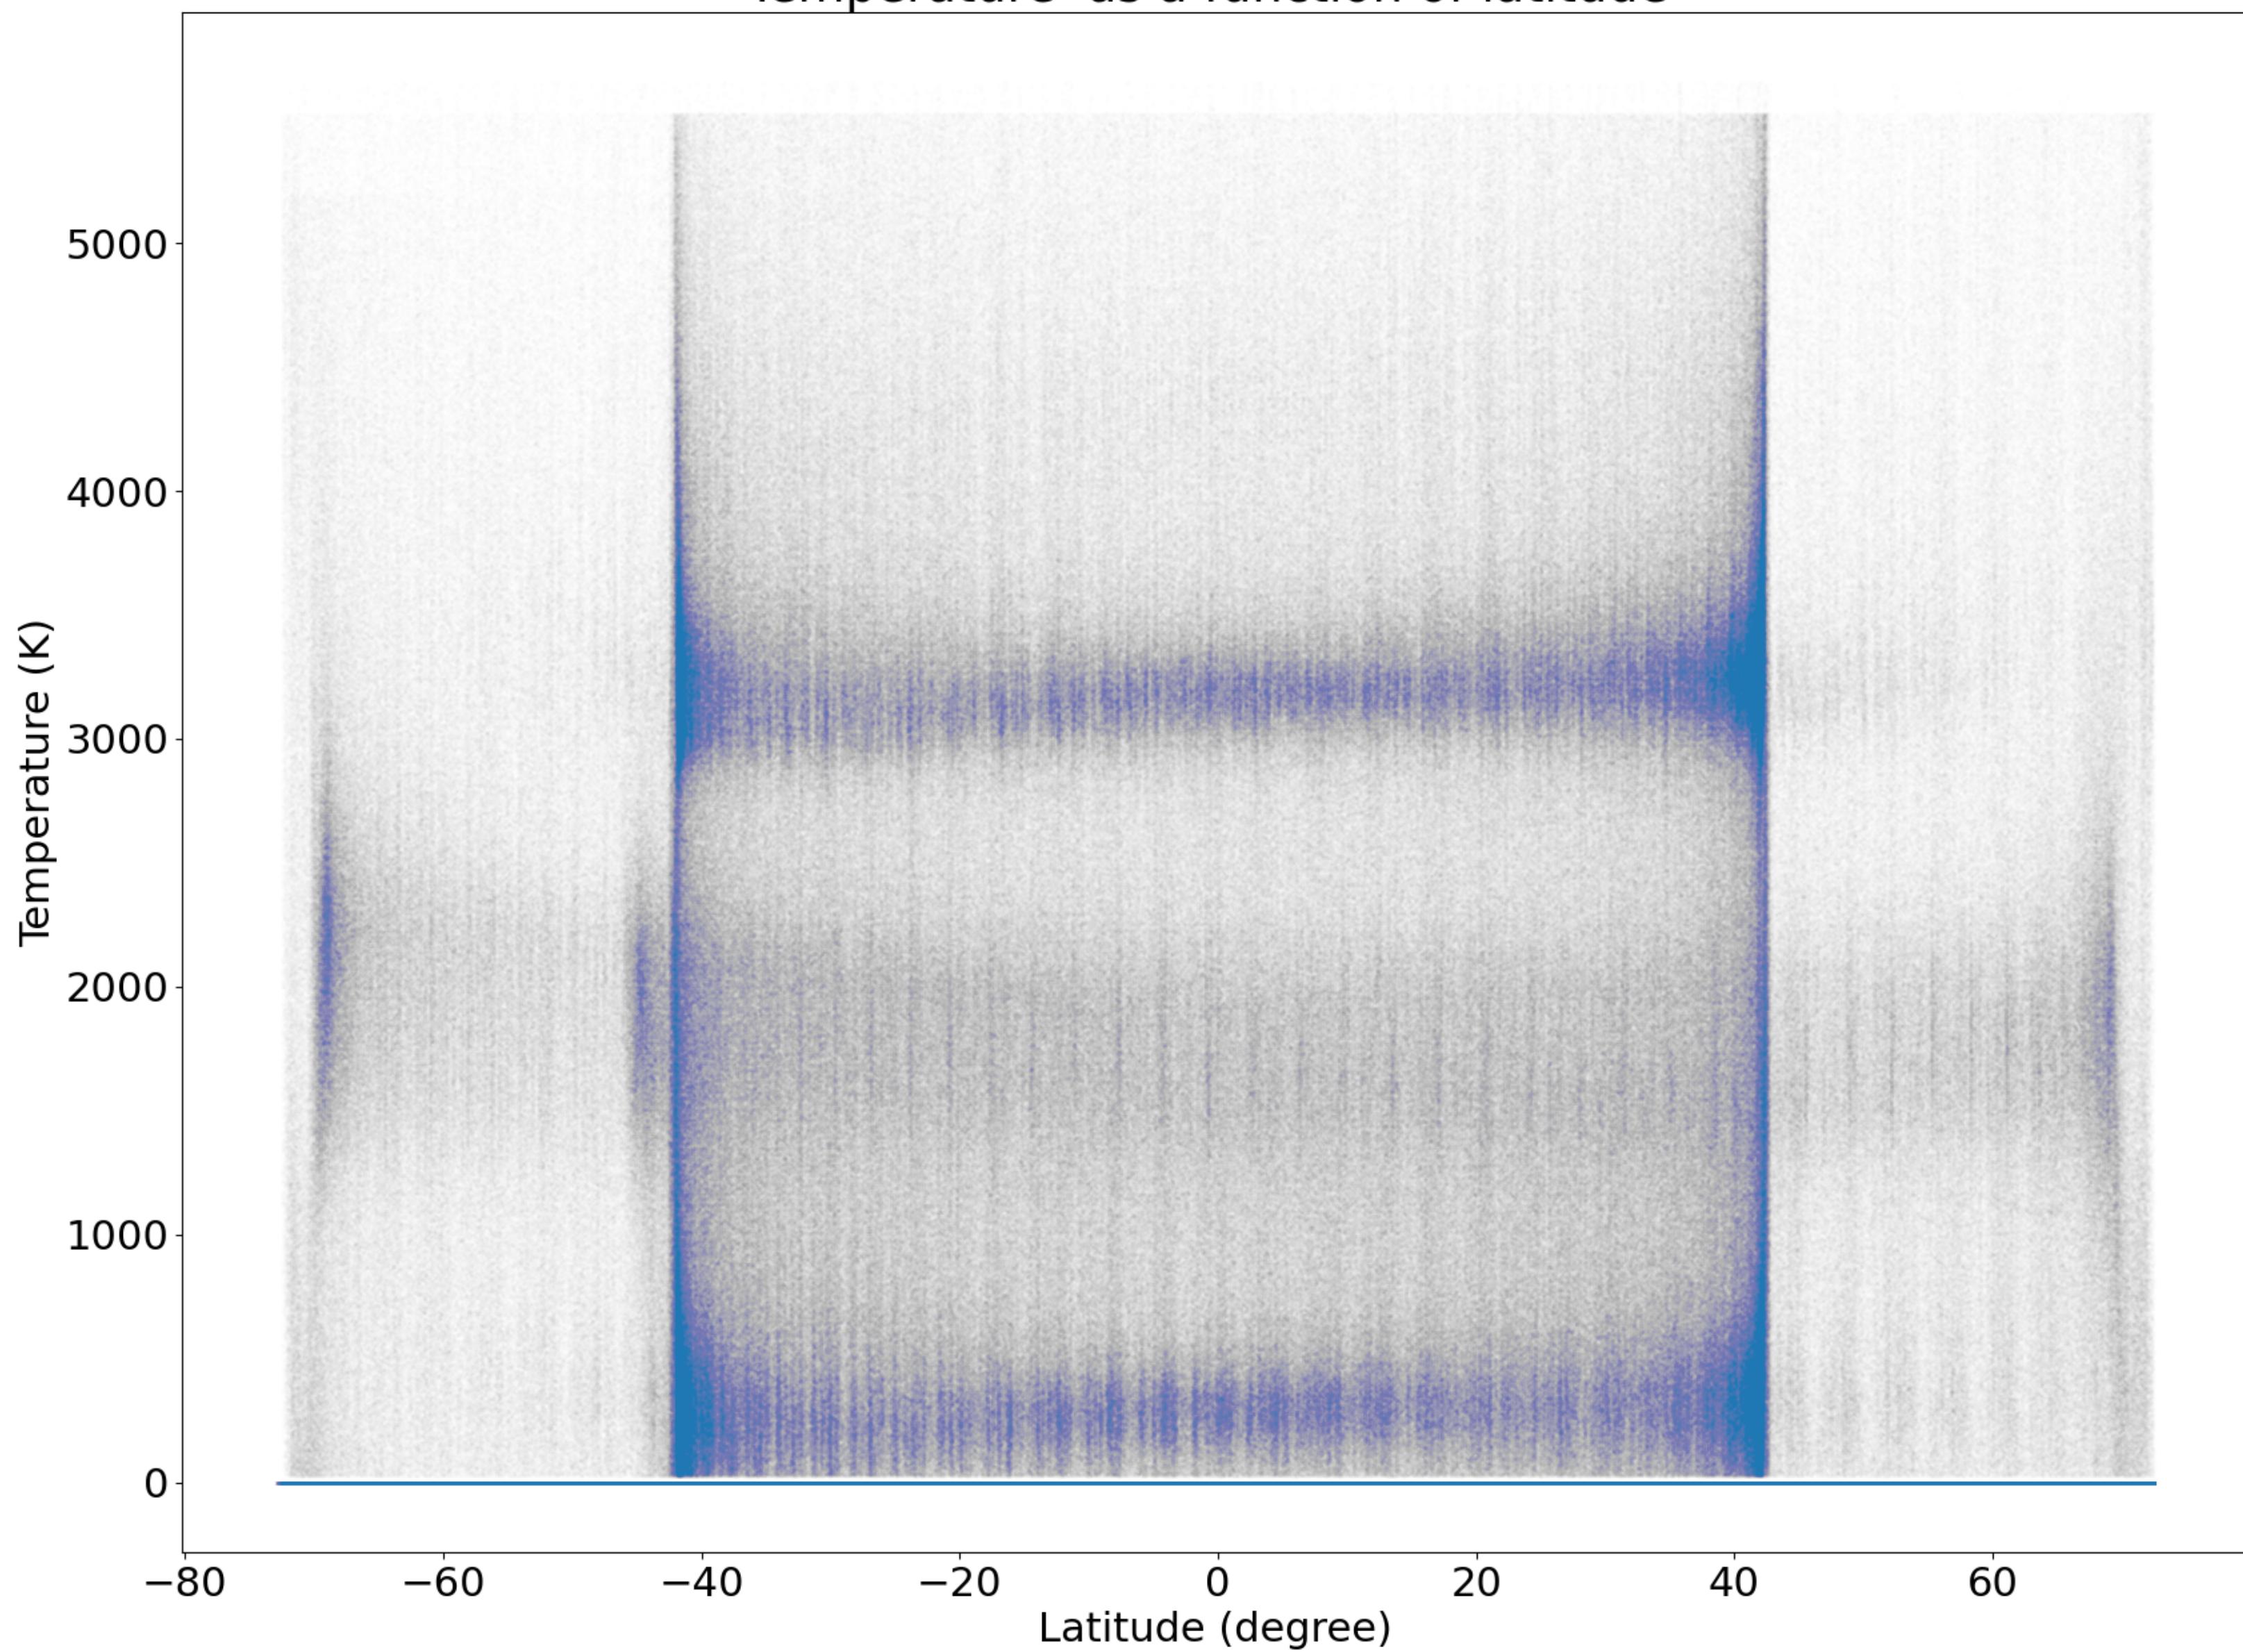

Volume Emission Rate as a function of look

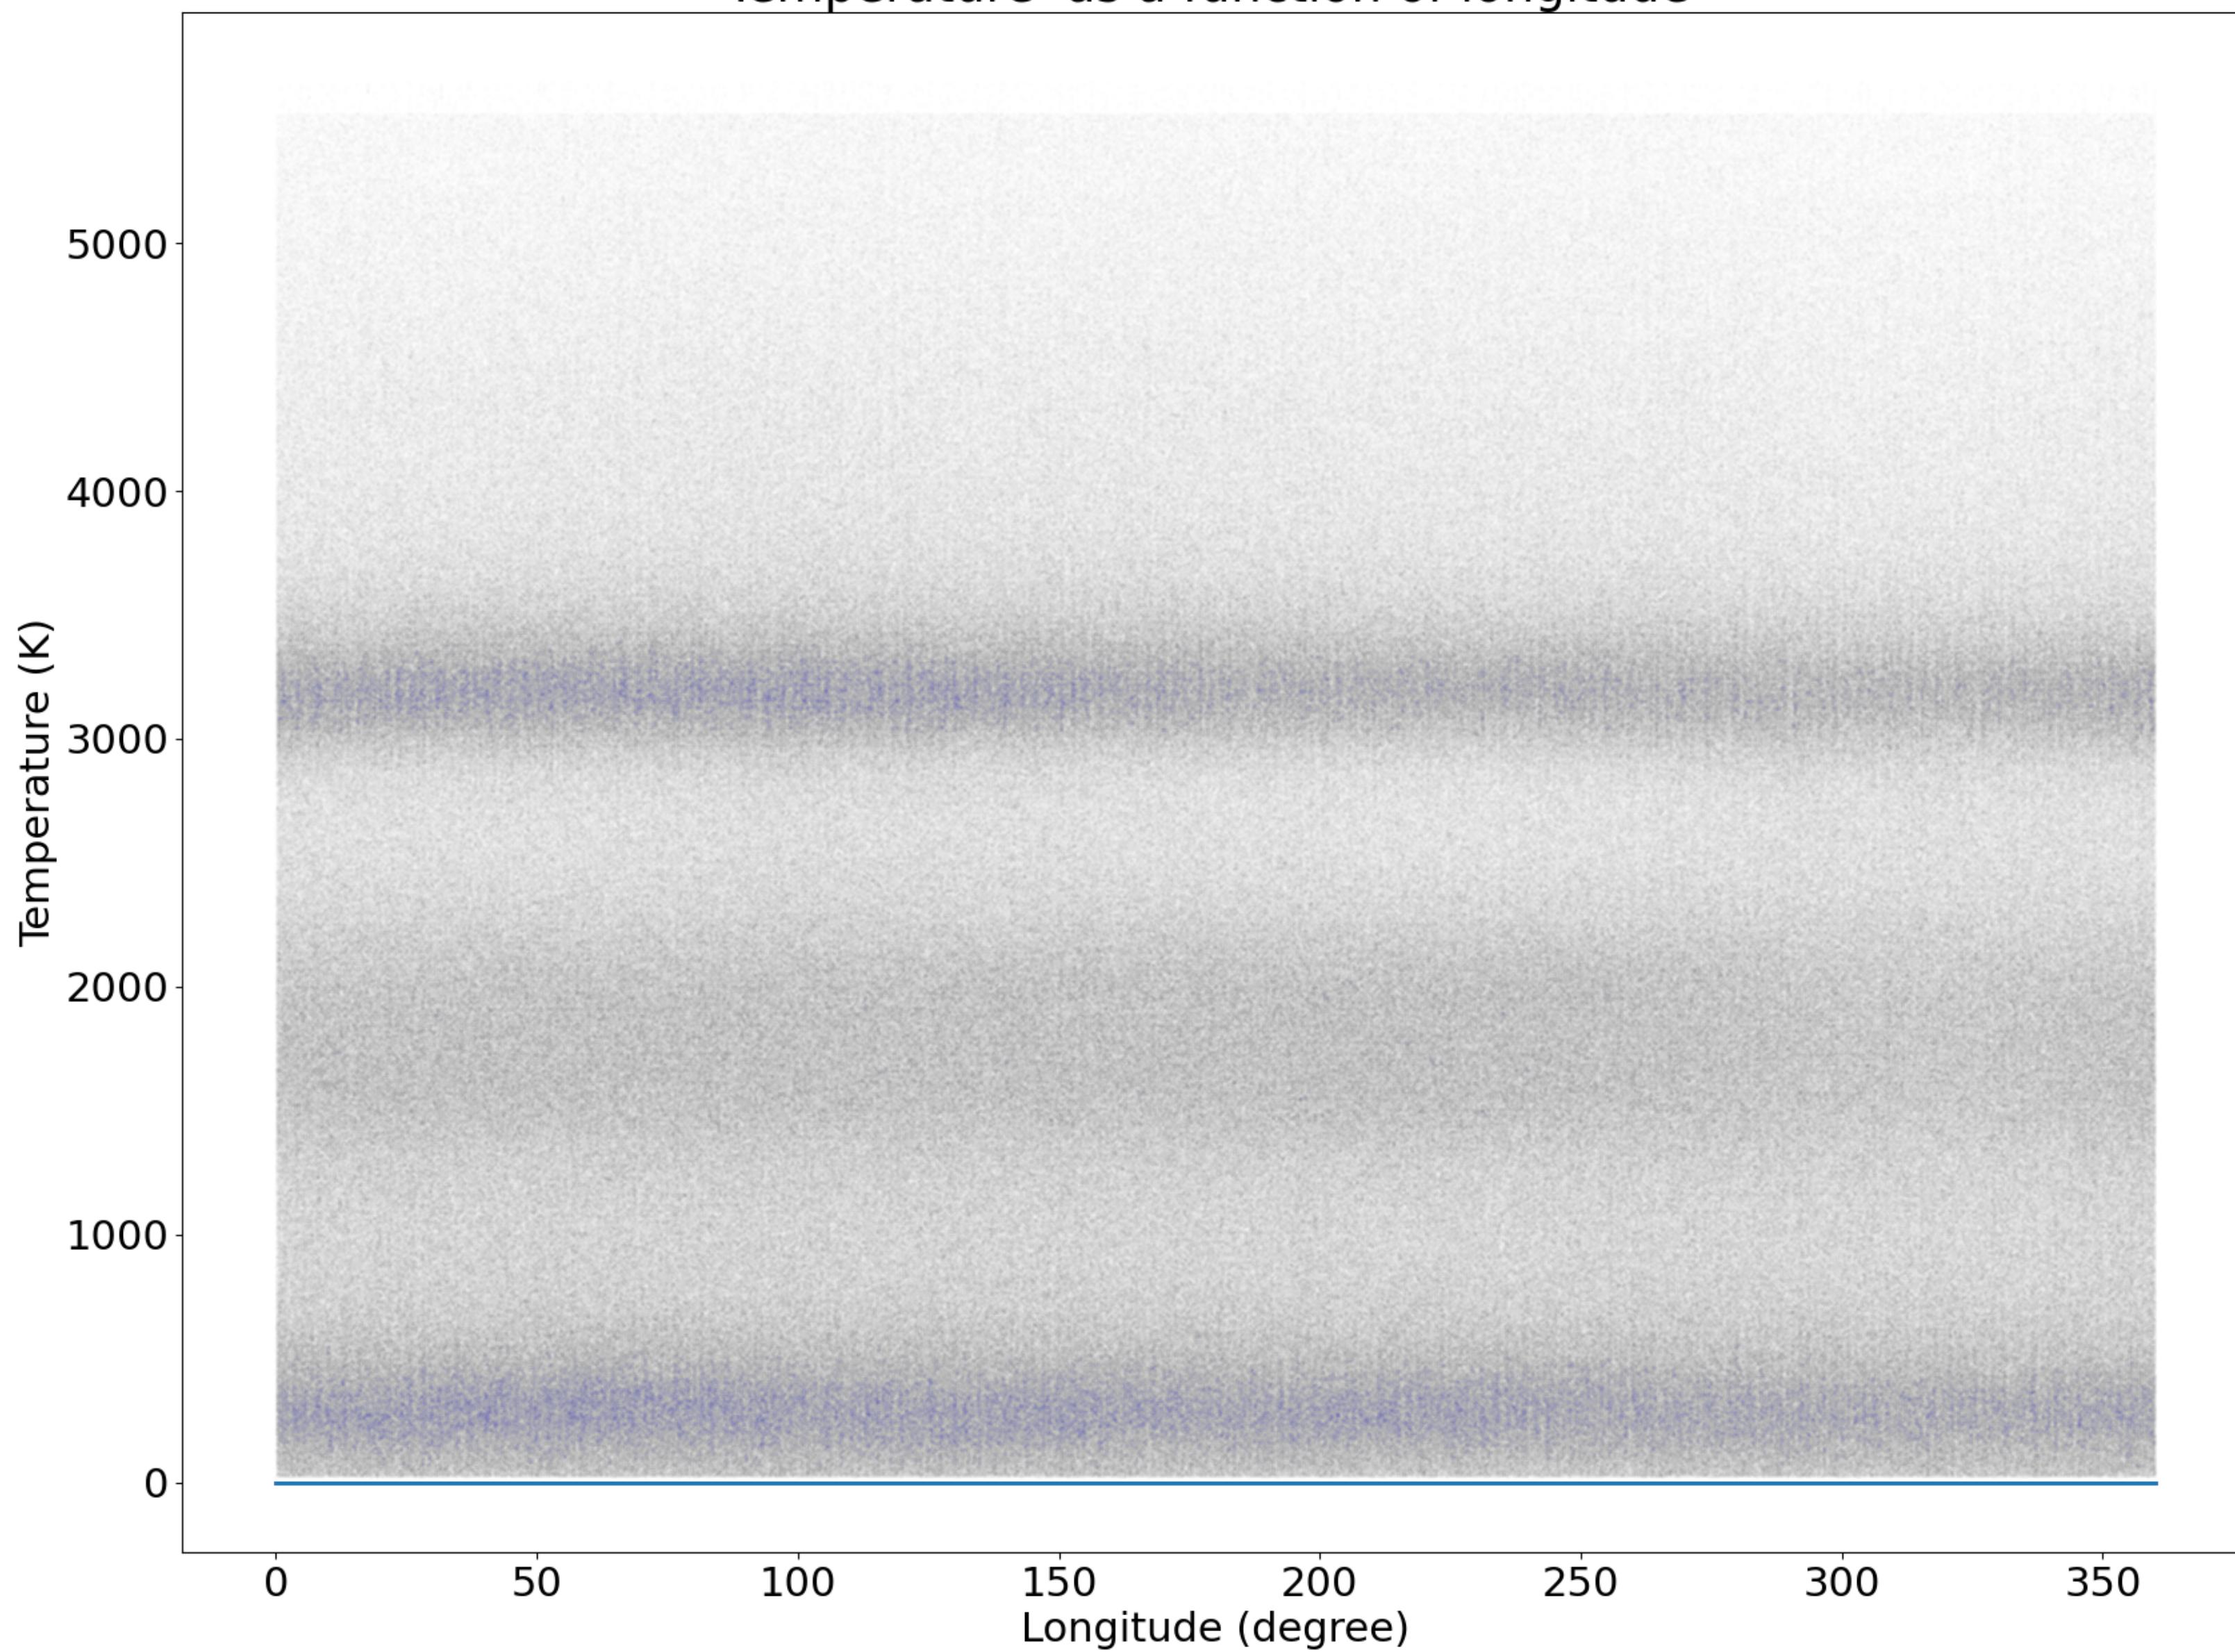

Temperature as a function of altitude

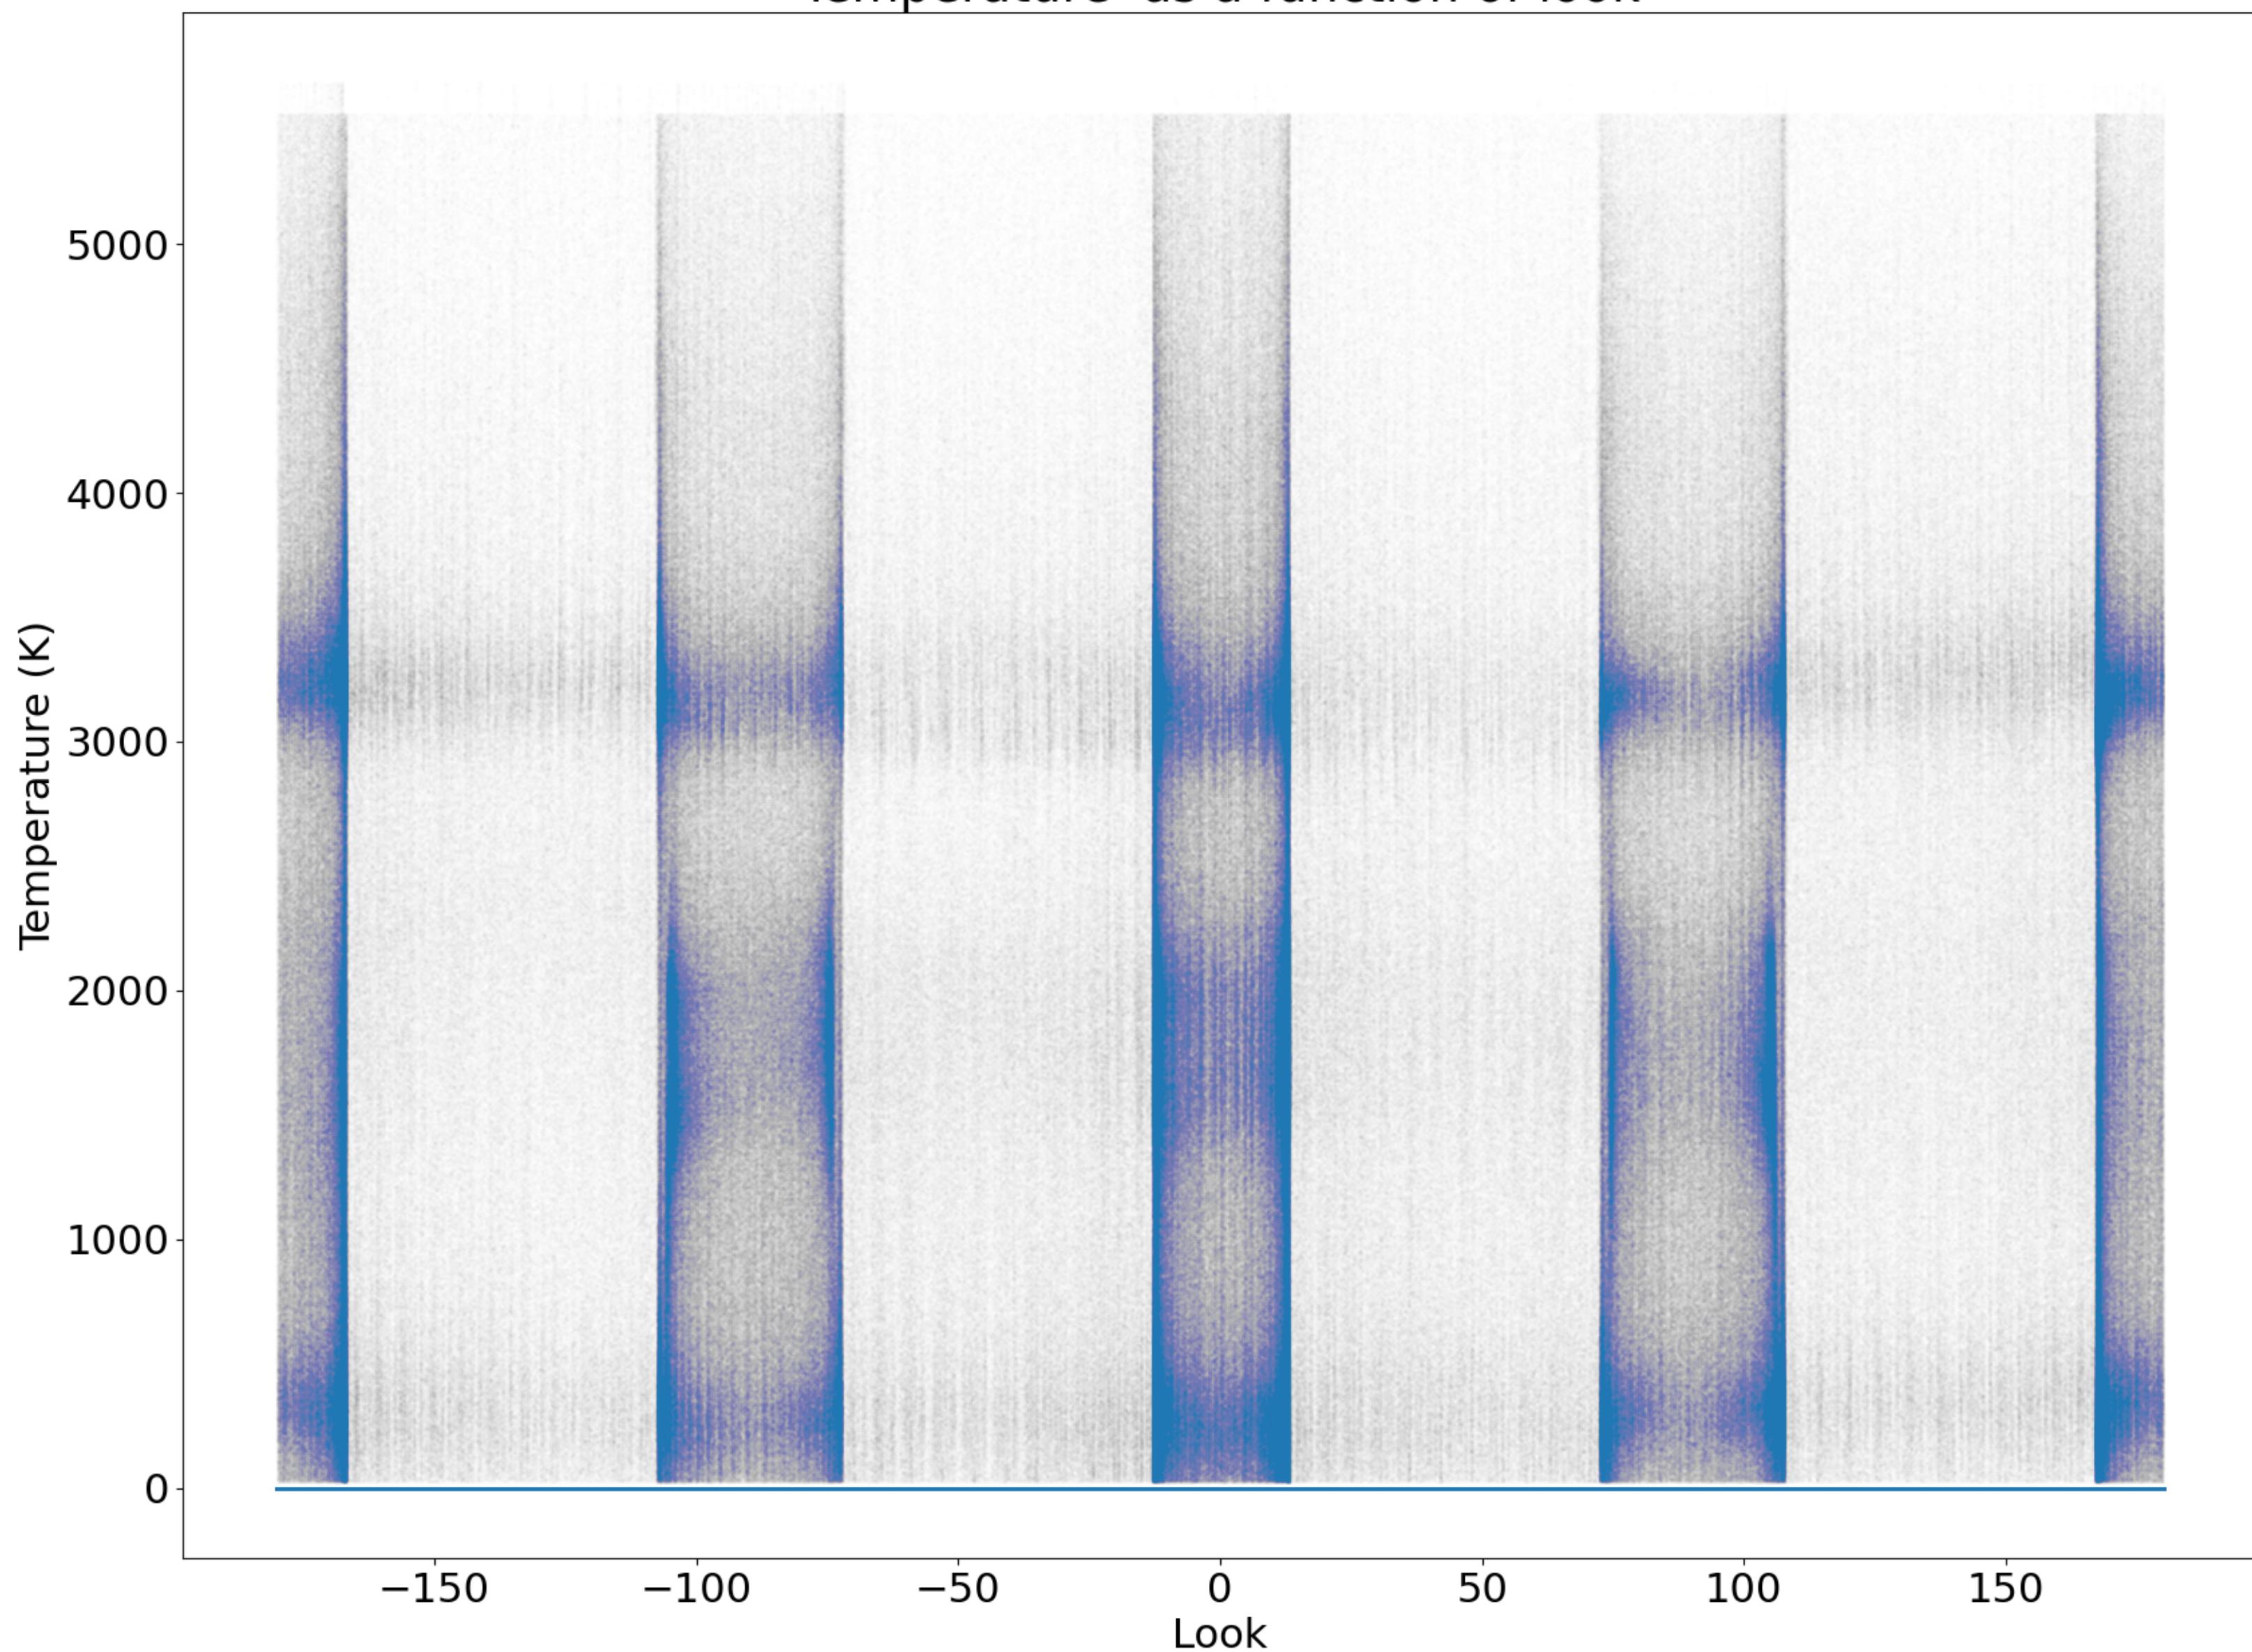

Temperature as a function of latitude

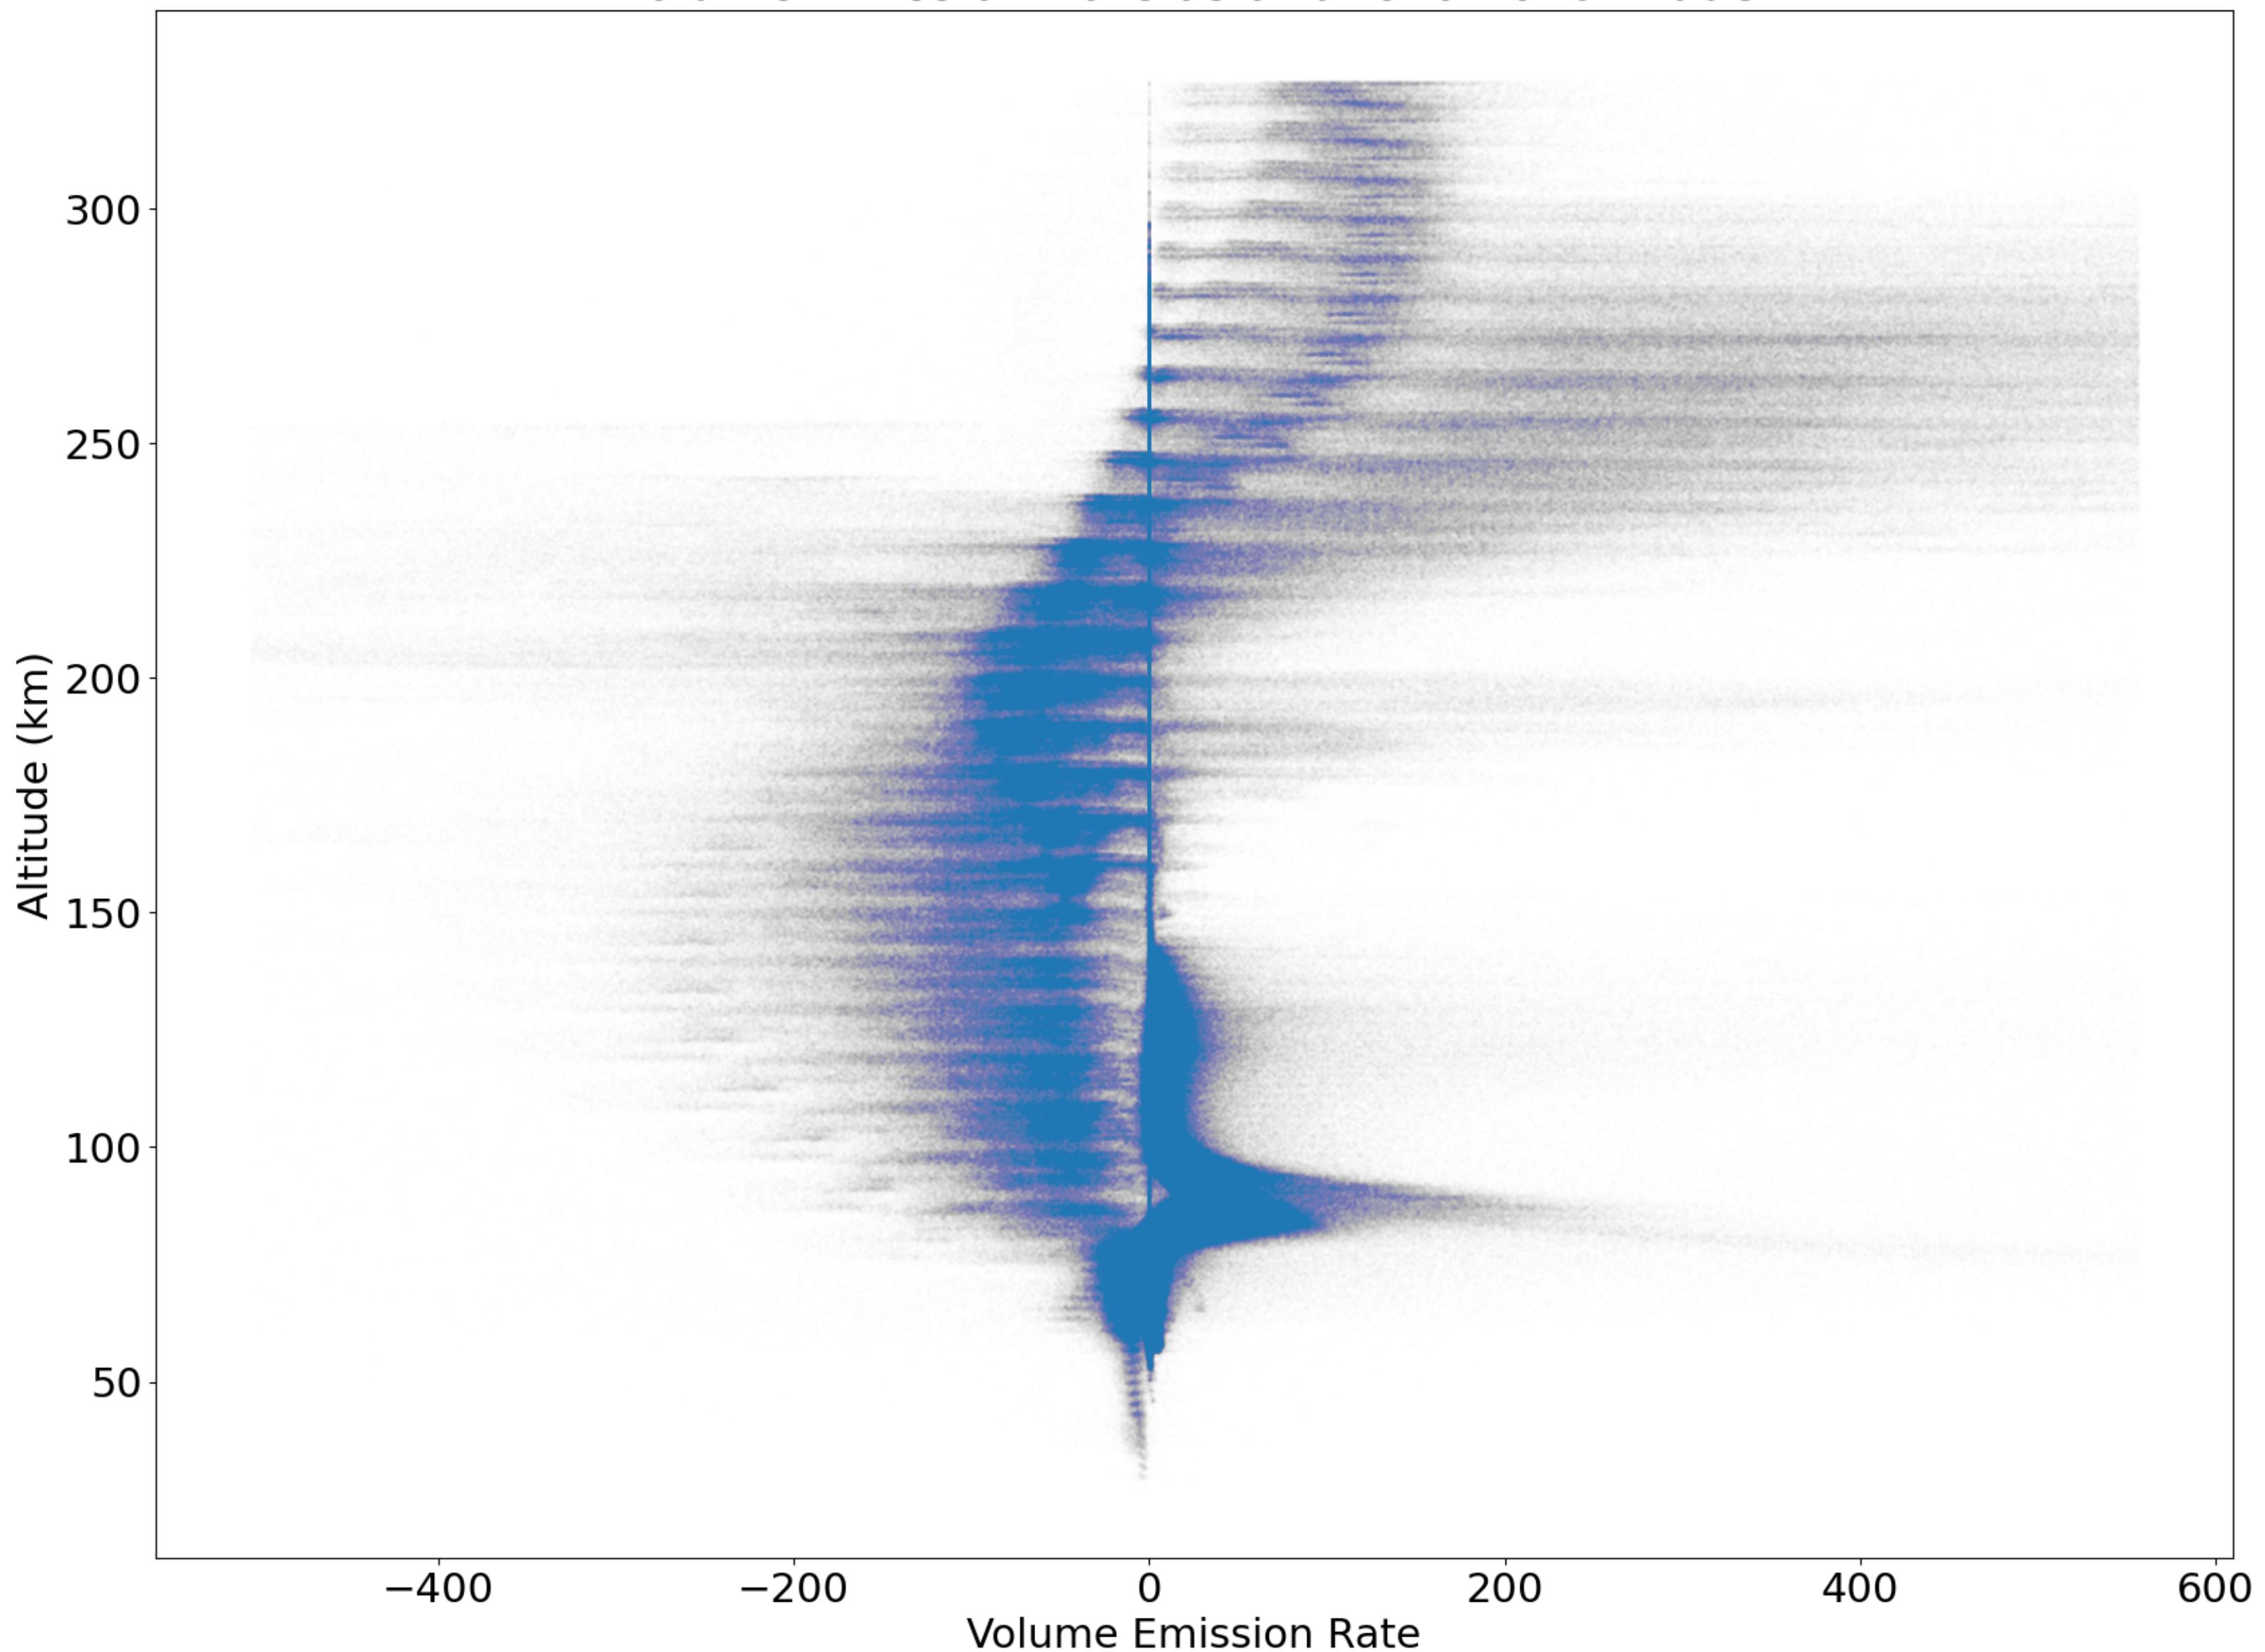

Temperature as a function of longitude

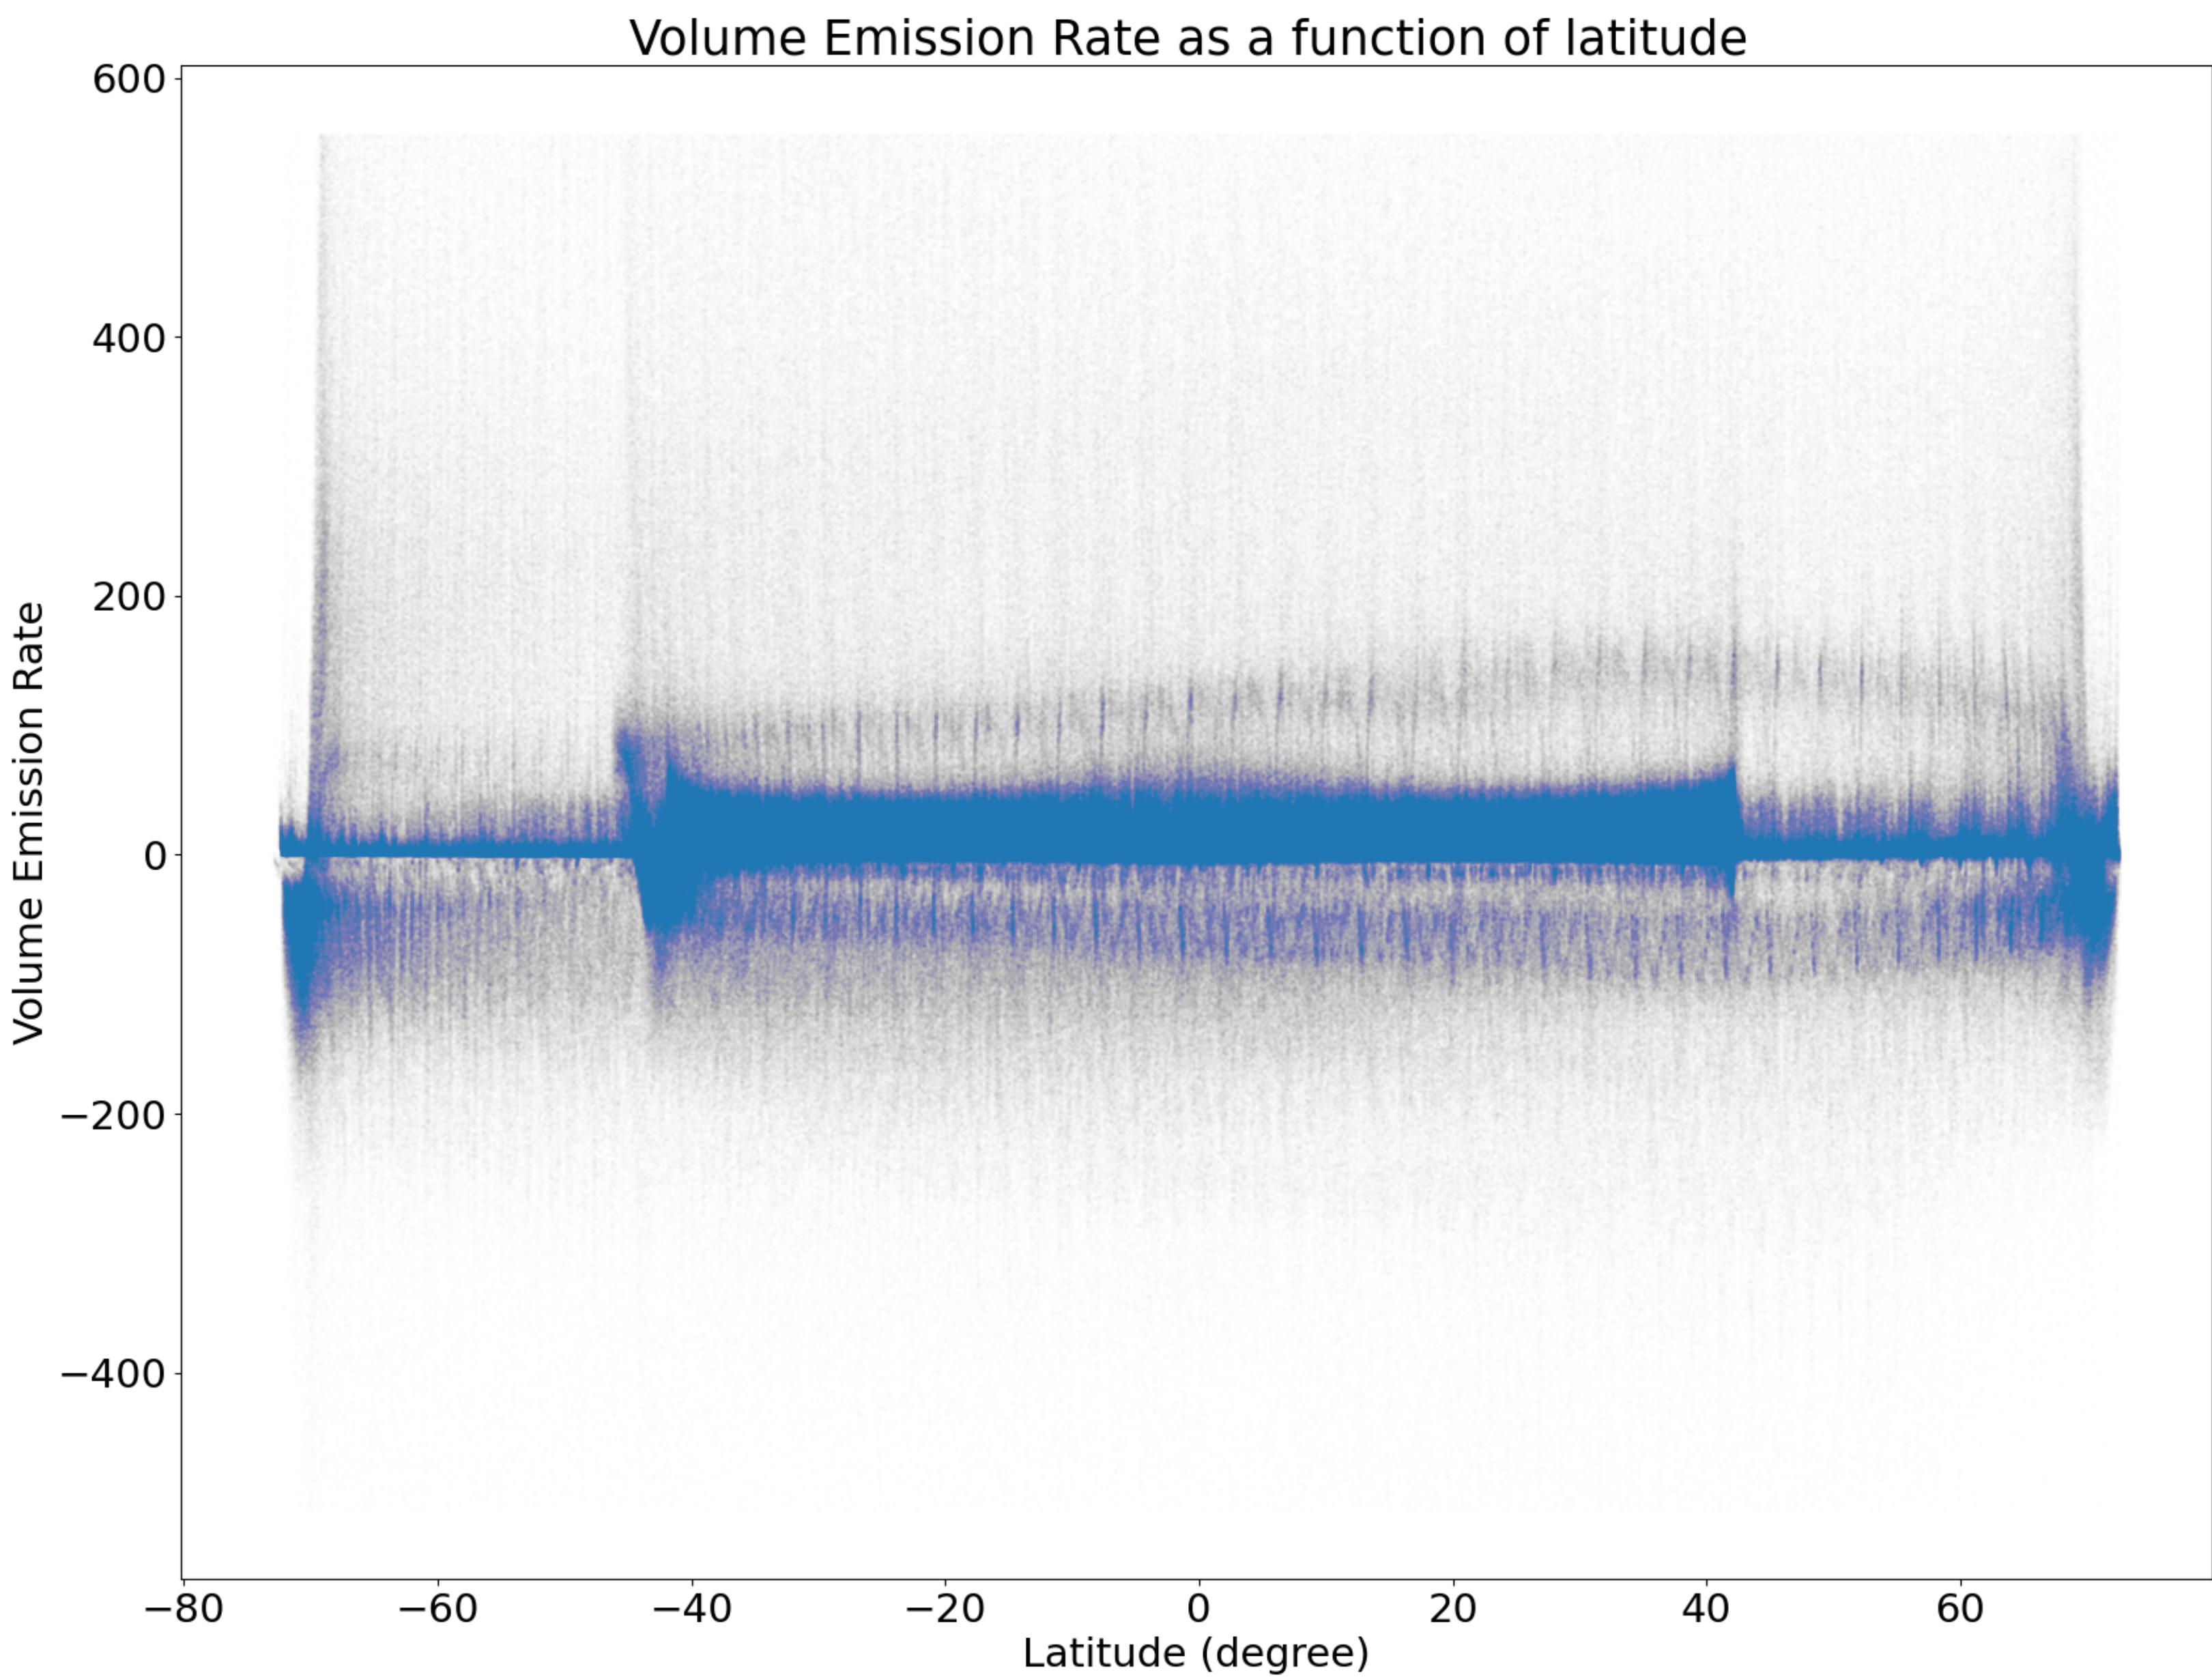

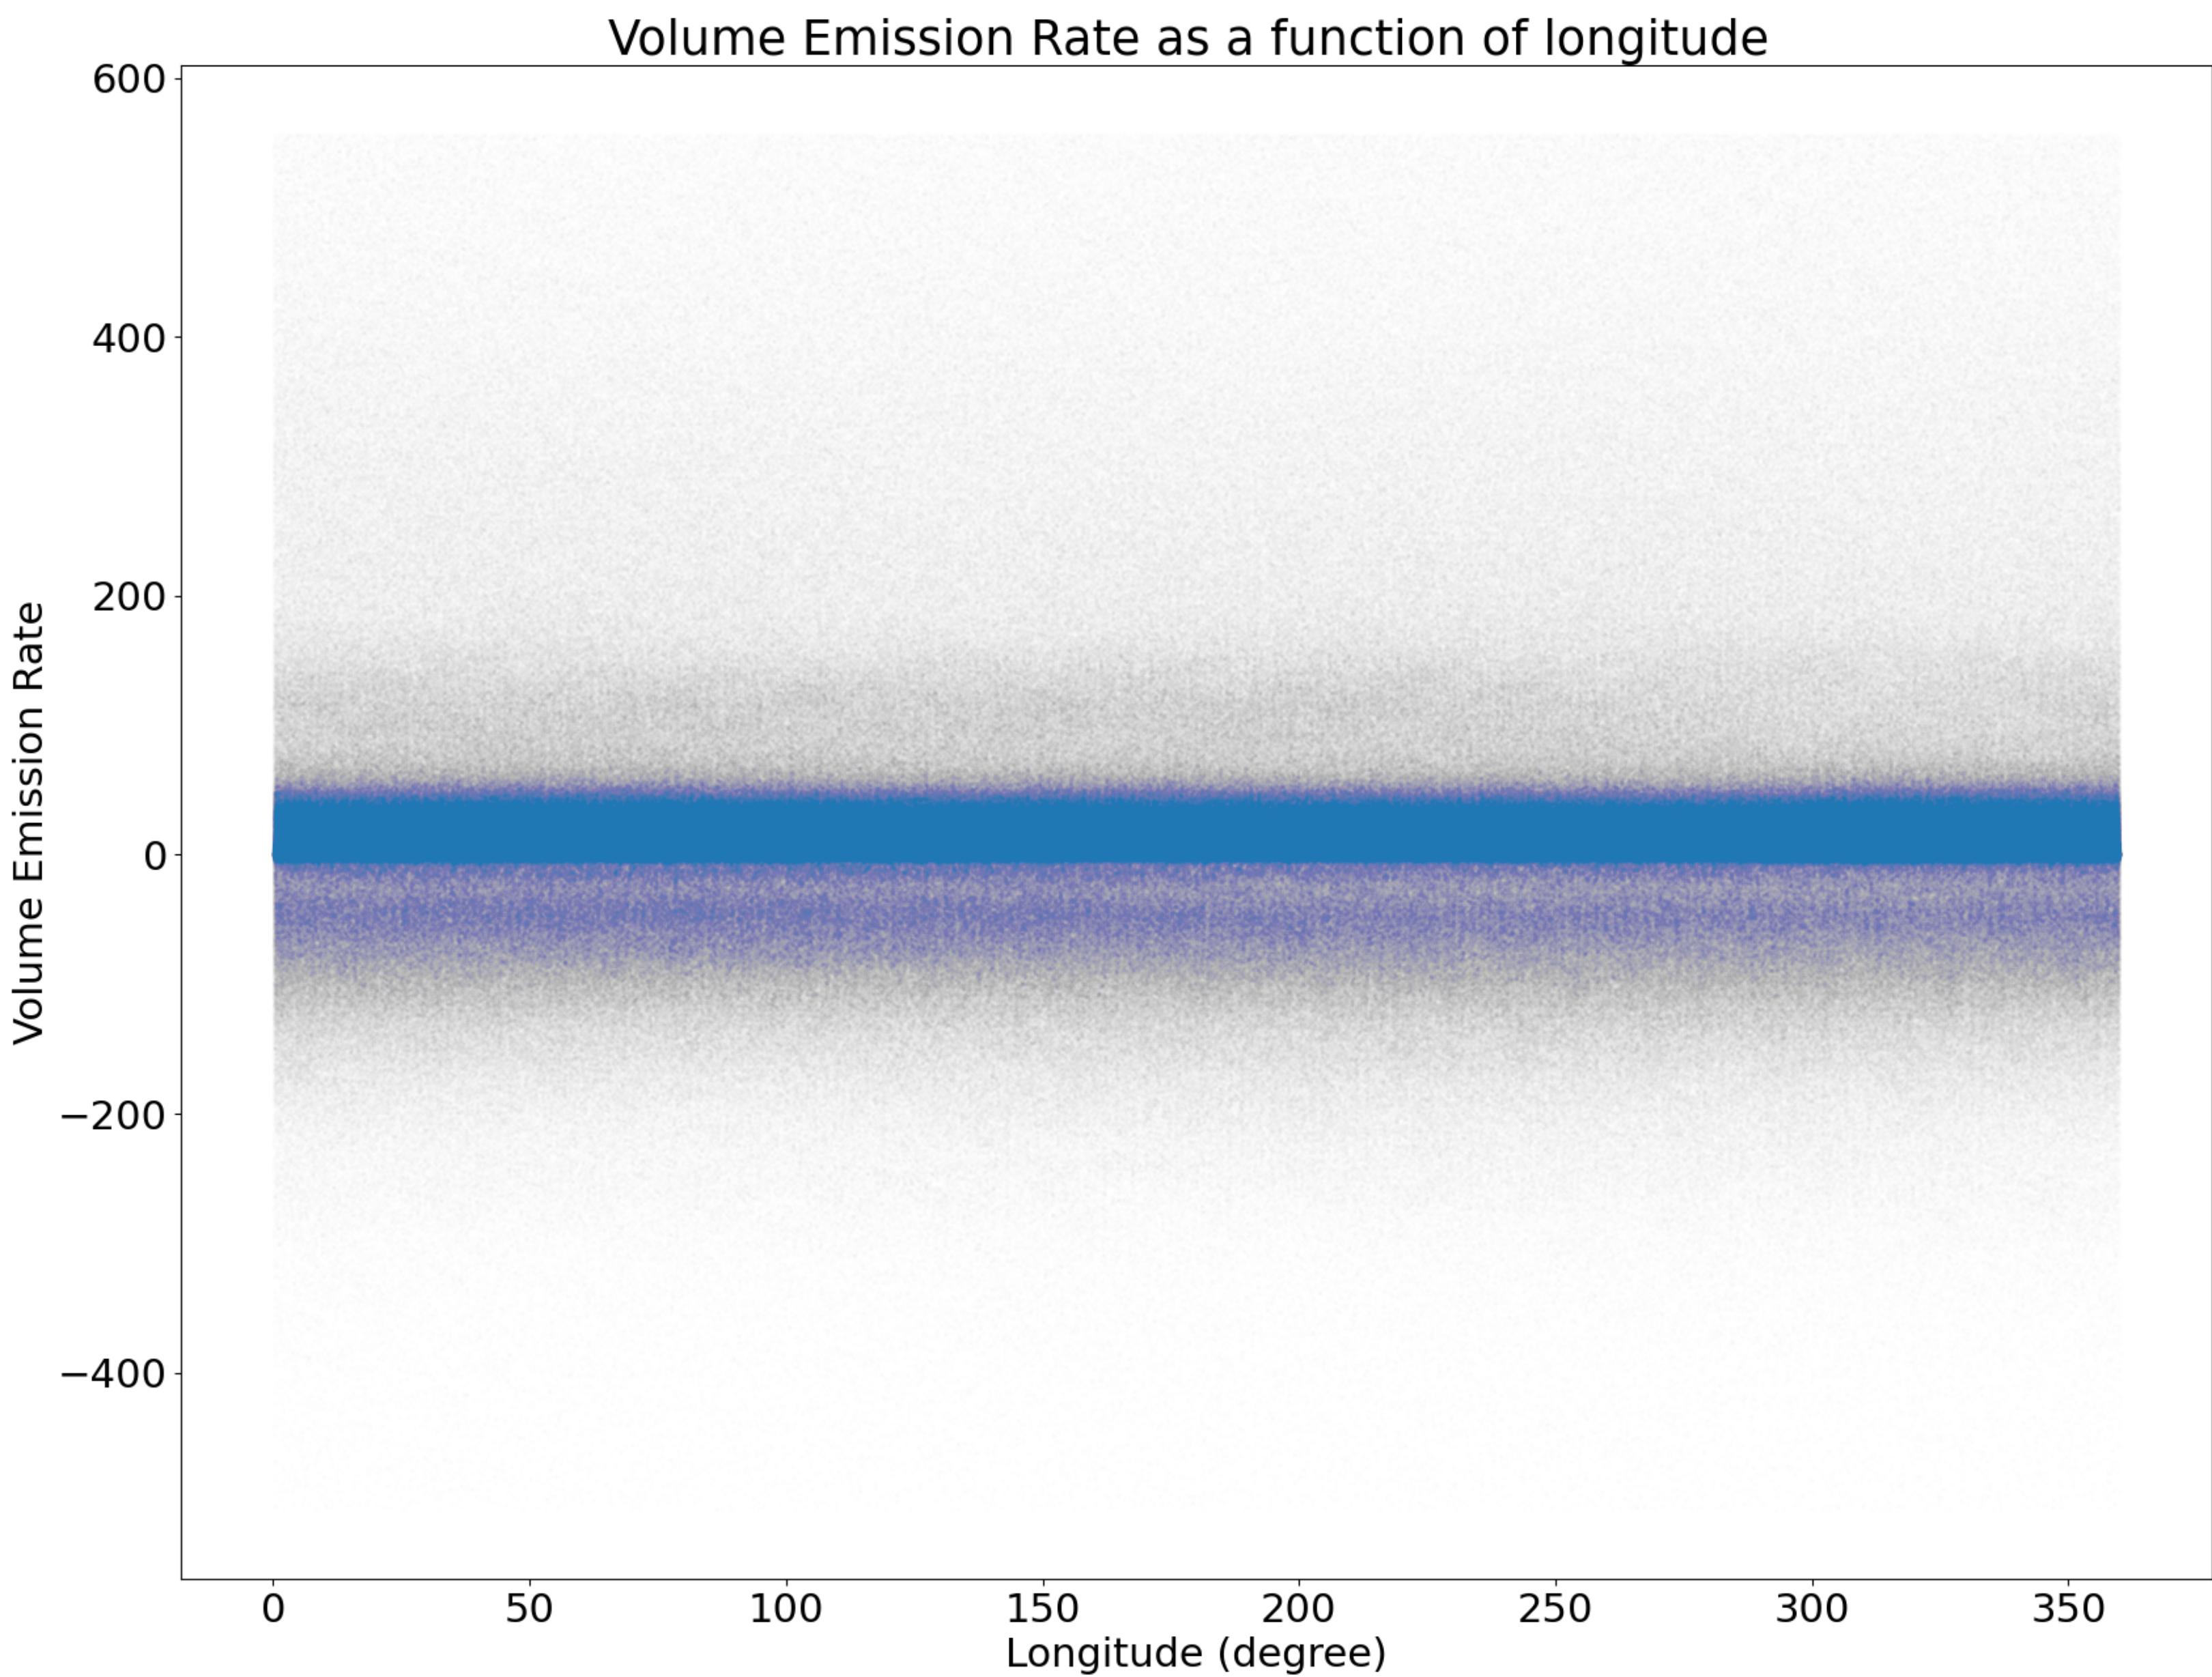

Temperature as a function of look

Volume Emission Rate as a function of altitude

Volume Emission Rate as a function of look
